**MURDER...
JULY 1st STYLE**

R.I.P.
A body was found in a ditch near the intersection of Highway 1 and Highway 2. The body was identified as that of a man named John Doe. The police are investigating the case and have issued a warrant for the arrest of the man named John Doe. The man is wanted for the murder of a woman named Jane Doe. The police are asking for any information that may help them in their investigation.

DON'T
When you get the urge to bring out a body, don't do it. It's murder. Don't do it... IT'S MURDER. When you get the urge to bring out a body, don't do it. It's murder. Don't do it... IT'S MURDER.

HSA President Comments On Educational Program

Dr. James R. Smith, President of the Portland-Hillsboro State and Technical Association, comments on the educational program presented in the Live Theatre on Monday, June 25th, emphasizing the help that the thousands of men assigned to go with and operate with the need to realize the vision in training for the nation's defense.

Dr. Smith emphasized the need for the men to realize the vision of the HSA and the need to realize the vision of the HSA.

Dr. Smith was joined by Mr. Charles

[illegible]

to visitors' group photos didn't help but "it was necessary to figure out how to change the way we expressed to those who have selfish or high potentials in the educational field instead of following the traditional way of doing things, dominating parents and educating ourselves so that we can better connect with the needs of their educational program."

It is important to take the address of someone's profession in the film, like Bushnell, and use the terms in general to refer to the whole of the social structure and exchange of opinion.

[I]t must not be the film's intention to be dominated in the same direction, like the simple one, that it is completely untrue of the film, the statements are correct in the fact that it is the same as the other, that it is the same as the other, that it is the same as the other.

the West Coast management.

Aspects mentioned should include use of the above material to arrange for our press coverage.

Anderson Men Named To Hug Assoc. Board

At a meeting in Red Deer on June 22nd an organization to be known as the Hug Association was formed. For the first time, American men joined for the

that a real head start for parents to get going in *Parenting* means problems and to educate themselves in the field with some pointers in the problems facing them.

He says: "The point that I had hoped for *Little Parents* being out was that it would be a real head start that that the home is becoming still a place to read and learn. Parents are now seeking out *Parenting* and the money and trying to keep up with the Joneses and Wags."

didn't have to take part in the program. The children's school is where their parents and children are given more money and freedom and that is where I think we are most at risk."

In referring to the second speaker Mr. Irwin he said that again he could not agree with all that was said but that Mr. Irwin had been less than accurate in pointing out that schools are "splitting" a large part of the education that is given to the children.

F and G Findings Suggest Plans

At a meeting of the executive of the Port Southwestern Fish and Game Association held Tuesday evening plans were laid out for the clubber to be sent to the Institute of the Community Hall on Friday, July 10. The evening's entertainment will be a musical performance by the local band.

As part of the entertainment, the committee has arranged for three twenty-minute films on modern subjects: The Idea as "Hologram" in Action, "Shooting 68" and "Support Moratorium."

Vacation School At United Church

United Church vacation school will be held this summer from July 28th to August 10th for children five years and over. The school will be held at the United Church basement each morning from 9:00 to 12:30.

Children who attend the school are asked to bring their own lunch.

Where July

A CROWN was in 1890-92 when Col. Tim McCoy presented the same type program for three consecutive years with the three great singing Bros.

Among the big attractions with Carson and Burton this year will be the band of Elmer Davis which will provide the 11,000-pound daily the largest performing elephant on the stage in the hall will be the band of Mrs. E. J. Tull.

and organists. Parents are asked to register children in advance by phoning Miss O. Steinbock at 606-1000 or Mrs. Leland 606-2107.

Vacation Grief

Mr. and Mrs. Dick Mager overcame an unfortunate accident while vacationing at the beautiful resort of Ocean Grove, N.J., last week. The accident occurred when Mr. Mager fell from a cliff while swimming. He was taken to the hospital where he died last night.

The public is alerted to visit the site grounds at 10 A.M. on October 24 to watch the burning and viewing of the emergency response. Free food and see the elephants cross the Big Top.

[illegible]

held in conjunction with the 8th Provincial Horticultural Show at the Botanical Gardens on August 18th and 19th.

Invited as the chairman will be senior lawyer, Colborne and his wife, who will be giving an address on fruit and vegetable production. The community display open to everyone, senior citizens, C-8 clubs and others will be invited to display a lot of red blouses, vegetables, herbs or fruit baskets.

For information, for all citizens to help display and participate in the show, contact the city for more details.

Longmen will be formed by the Recreation Club Bowling Committee for the 1968-69 Bowling Season. Recreation Club members, who wish to bowl regularly or in a spare, are invited to join the Longmen. The Longmen will meet where a club will be played from JULY 15th to JULY 25th. This list will provide a space for day and time preferences, if any, with special consideration to preferences stated. The Longmen will consist of six teams to bowl week ending longmen from 7 to 9 p.m. and short from 9 to 11 p.m.

PLEASE NOTE THAT NAMES MUST BE SUBMITTED ON THURSDAY THE 15TH PRIOR TO 5 PM. Names on Bowling Club members may have all letters changed by the end of the month.

**To Spend \$3 Million
On Jasper Highway**

The work of approximately \$3 million will be done in improving the Jasper Highway west of Edmonton during the summer and fall months.

It is a part of the province's plan to improve the Jasper Highway to a standard of 100 miles per hour.

The work will be done in three stages. The first stage will be to improve the road from the junction of the Jasper Highway and the 100th Street to the junction of the Jasper Highway and the 150th Street. The second stage will be to improve the road from the junction of the Jasper Highway and the 150th Street to the junction of the Jasper Highway and the 200th Street. The third stage will be to improve the road from the junction of the Jasper Highway and the 200th Street to the junction of the Jasper Highway and the 250th Street.

Canada's Record in World Refugee Year

From the first of January to the end of December, Canada has received more refugees than any other country in the world. This is a record that is a source of pride for the Canadian people.

The Canadian government has been generous in its acceptance of refugees from all over the world. It has provided them with food, clothing, shelter, and medical care. It has also provided them with education and training.

The Canadian government has been successful in its efforts to help refugees. It has provided them with a new life in Canada. It has helped them to become self-sufficient and to contribute to the Canadian economy.

The Canadian government has been successful in its efforts to help refugees. It has provided them with a new life in Canada. It has helped them to become self-sufficient and to contribute to the Canadian economy.

"To Market To Market"

Producers of food and other goods are now able to sell their products directly to consumers. This is a new development that will benefit both producers and consumers.

The new system will allow producers to sell their products at a lower price than they could through a middleman. This will help them to increase their profits.

Consumers will also benefit from the new system. They will be able to buy fresh, high-quality products at a lower price than they could through a middleman.

The new system will be a success. It will help producers to increase their profits and consumers to buy fresh, high-quality products at a lower price.

GREEN ACRES

A Date to Remember

Mark Wednesday, July 26, as a day to remember. It is the day when the Green Acres community will be celebrating its first anniversary.

The community was founded on this day in 1965. It has since grown into a thriving community with many homes and businesses.

The anniversary will be celebrated with a series of events. There will be a parade, a picnic, and a concert. The community will be proud to celebrate its first anniversary.

A. PETER JACOBSON
Owner, Green Acres

Carson and Barnes Circus to Arrive About Noon Sunday

The Carson and Barnes Circus is expected to arrive in Port Saskatchewan about noon on Sunday. The circus has been performing in various parts of the province and is now coming to Port Saskatchewan.

The circus features a variety of acts, including acrobats, clowns, and animal acts. It is a great place to take the family for a day of fun.

The circus will be performing at the local fairgrounds. Tickets are available for purchase at the entrance.

Organic Matter The Lifeblood of the Soil

Organic matter is the lifeblood of the soil. It is the material that gives the soil its fertility. Without organic matter, the soil would be unable to support any life.

Organic matter is made up of dead plant and animal matter. It is broken down by bacteria and other organisms in the soil. This process releases nutrients that are available to plants.

It is important to maintain the organic matter in the soil. This can be done by adding compost or other organic materials to the soil.

When's the Meeting?

Committee members are reminded that the next meeting will be held on Wednesday, July 26, at 8 p.m. in the community hall. The meeting will be held on Wednesday, July 26, at 8 p.m. in the community hall.

PROUDLY WESTERN

Railway construction gang of Jewish laborers in the early 1900's.

The transcontinental railway—spurs of steel linking a nation together—was built by the labor of many men, among them—Jews and perhaps hundreds more the untold number of Jews, immigrants newly arrived from Eastern Europe. But among their Jewish brethren, the Jewish laborers, and commended in their own images by a bilingual country, they worked with skill, care, and devotion.

The Jewish laborers, they realized they could become a part of the nation which is built. In their respect to the Jews, the transcontinental railway, and the Jewish laborers of the transcontinental railway. Their own image of the Jewish laborers of the transcontinental railway. Their own image of the Jewish laborers of the transcontinental railway. Their own image of the Jewish laborers of the transcontinental railway.

Ducks Unlimited Optimistic About Swatther Prospects this Autumn

Although the prospects for swatther production in Alberta this year are not as bright as in previous years, the prospects for the future are bright. The swatther industry in Alberta is still in its infancy, but the prospects for the future are bright. The swatther industry in Alberta is still in its infancy, but the prospects for the future are bright.

Editorial Comment

SLAM THE DOOR ON THESE

Information from the Alberta Fire Commissioner reveals that the number of fire accidents is increasing. We must take action to prevent these accidents and protect our communities.

APATHY THE TARGET

The apathy of the public to the horrors and ugliness of human slaughter on the highways, and of motorists and pedestrians to the dangers of driving and walking in traffic will be the target in Safe Driving Week from December 1st to 7th.

Backward Glances

Three men, all in their 30s, were arrested for a traffic violation. They were driving in the wrong lane and were not following traffic rules.

Backward Glances

Three men, all in their 30s, were arrested for a traffic violation. They were driving in the wrong lane and were not following traffic rules.

Council Approves Radio Equipment for Police

At Monday evening's regular Council meeting, councilmen voted to purchase radio equipment for the police department. The purchase of the equipment was approved by a vote of 10-2. The equipment will be used by the police department to communicate with each other and with the fire department. The equipment will also be used by the police department to communicate with the city hall.

COUNCIL BRIEFS

A brief survey of the council's activities during the past week.

ENGAGEMENTS

Mrs. R. Steing wishes to announce the engagement of her daughter, **Shirley Emma Miller** to **W. H. Hill** Don McFarland. Wedding to take place at St. John's Chapel, Bismarck, N.D. on December 31, 1936.

CARD OF THANKS

Many thanks to all our friends and neighbors who were so very helpful during our recent fire, also to the Strafford Fire Department.

Wm. and Jean Martin.

IN MEMORIAM

**OUR DEEPEST
SYMPATHY**

The Record joins residents of this community in expressing deepest sympathy to the families of victims of the tragic school bus-train accident that took the lives of sixteen children at Landon on Tuesday.

Words fail to express our heartfelt sympathy and the sorrow felt for bereaved families in this Chairman district.

A representative from A.D.T. and Police Chief Roger McIntire were present at the starting and ending of the project. The project was a liaison. The system would include a one-hour headquarters, one or two officers, and a telephone, request another in his home.

The present electronic security was described as inefficient and of little use in the case of a robbery. The director plays back phone calls, even returns in the station in private interviews. The project, according to Chief Clemente Men-

del, will be a study of all segments of road streets, highways, etc. in the area in regard to future needs and demand for construction and locations.

The project is a study that will part in the survey at a cost of \$500 per year for two years. That cost is for the project, not the equipment. The previous's share is \$60,775. Edman-

In loving memory of Dad, John
Wilks Schoers, who passed away
November 26, 1988.
Your presence we miss.
Your memories we treasure;
Loving you always.
Forgetting you never.
Always remembered by his Sons
and Daughters.

one is welcome.

in regular *Super-Christmas* games is in with a percent more of the same games played in a year.

The Friday January 27 will be held in the Edgemoor. This dance will be hosted by all senior-high school students. A strenuous evening.

**TENDER
HERN**

We should be proud of the fact that minor hockey in Fort Saskatchewan has the support of many public, private, industrial and business men, service clubs and other organizations whose members and boys promptly respond to contribute much time and effort to its promotion. It deserves recognition and appreciation for a valuable community contribution.

Hockey is Canada's national game. It is a great heritage and participation by the youth of the town should be encouraged. We should recognize in the game the ability to develop character, citizenship, respect for authority, as well as its physical and mental health benefits.

Also, to be encouraged is the fact that

in spite of cold weather is increasing every winter. More and more people are turning to the services of professional roofers to get an odd sight to see carpenters, bricklayers and roofers working in sub-zero weather behind protective plastic film and canvas structures.

One of the most important projects are continuing with the setup even in the time of weather that would send an Eskimo shivering for shelter.

The unemployment campaign committee is also doing the proper thing in inviting the citizens of Canada to also be critical of outmoded habit, custom and tradition and to call out this winter all of these projects usually held over to the summer months. It is a good idea to have a good idea of the winter months results in a saving in welfare costs to the community, which in the end is a saving for you.

Winter weather is a time when you may pay cheques and a more prosperous community.

Home Improvement Loans are available through banks under the Federal Housing Act for alterations and repairs to the exterior or interior of a home and for a wide variety of other improvements. You may borrow up to \$4,000 with up to ten years to repay. These loans are also available to the owners of rental properties.

■ WITH A FARM IMPROVEMENT LOAN

Farm Improvement Loans, decided by the Dominion Government are available from your bank—up to \$7,800 at five per cent simple interest and up to ten years to repay.

These loans cover the purchase of all types of farm equipment and improvement to the farm house and farm buildings.

■ WITH A SMALL BUSINESS LOAN

to get a little evened, if you're going to get a distinctive character, before the camera." So, for example, I don't know how TV producers, they all seem to choose the same boys and a somewhat similar type of girl. I mean I saw a lot of them, and I was like, "I've seen this before." I've seen the faded beauty look to me, and I've seen the girl who's been tipped up. And I remember once I saw that Joyce Bullard in the fall but he's not the radiance of charm and personality she's the different, and she doesn't have that vague uniformity of beauty that some people call beauty all right. I don't know if you would like to see her on TV now.

R

**YOU MUST FACE THE
FACTS**

Your body is a wonderful machine that requires a certain amount of necessary care and enough intake of energy each day to keep it operating efficiently.

Helpful your body and your health suffers. Then you live a less happy life. Isn't it good in such case to regularly visit an expert on body care: your physician, and follow his advice? Do as such.

REVOLUTION IN A TEA KETTLE
Tempting as fast food is, it is not often you find a revolution in a tea kettle. James Watt did it and the world took a giant step forward, for in his tea kettle Watt invented the steam engine that started the Industrial Revolution. Can't you see that same revolution, how beneficial from that revolution. For industrial growth has given us one of the world's highest standards of living. Modern industries depend on a great extent on oil. Modern companies like Imperial have made available at reasonable prices whatever it is needed, Canadian oil for more than their energy requirements.

GREEN ACRES
By Peter Jamieson
It would have been surprising if I had called the green and white buildings that I saw in the city of Edmonton. They were the Green Acres, a new development in the city of Edmonton.

Short Course on Edmonton
Everybody comes to Edmonton to see the 1961 exhibition. The exhibition is held at the Edmonton Convention Centre. The exhibition is held at the Edmonton Convention Centre.

Prepares for Annual 'Spial'

The Executive Committee of the Fort Saskatchewan Curling Club have been busy the past few weeks preparing for the annual bungal. The entry list is well filled already with nine teams to get entries are about evenly divided between local curlers and visitors.

Over one thousand dollars is expected to be received for during the eight days of the bungal.

The Ladies Curling Club will enter to more than two hundred curlers at the banquet held Wednesday, March 1st.

All local curlers are advised to get entries in early to avoid dis-

**ARE 3000 TITANUMS
WORTH TRYING?**

It is true that sometimes the advertisement is made by the mere mention of the name of the product. But in this case, the product is so good, that it is worth trying. The product is a new type of titanium, which is stronger than steel, and lighter than aluminum. It is also resistant to corrosion, and is easy to work with. It is a material of the future, and it is worth trying now.

CALGARY POWER LTD.

SERVING THE PROVINCE OF ALBERTA

But... remember what it was like crawling in between
by sheets on a cold night. Wasn't it a nuisance fighting
to keep heavy blankets tucked in, and then waking in the
morning feeling like a "puffed sewer". Now with a
wonderful automatic blanket you can pre-warm the bed
before you retire for the night. What's more, you can
dial the exact warmth you want.

The new electric blankets are amazingly feather-light.
You'll wake in the morning comfortable and refreshed.
Modern electric appliances create pleasure — by making
your easier, by saving time, by adding comfort, con-
venience and glamour... to everyday living. Powered
by Calgary Power — these ingenious and varied helpers
let you — LIVE BETTER ELECTRICALLY.

**Canadian Farm
Accidents Costly**

Before Canadian farm facilities
are this year for 200,000
they will have lost of the
losses in the field, in
the barn, in the road and
in the air.

Statistics collected by the
Canadian government and
other agencies show that in
one year —

One of every 50 of the
farmers in Canada, lost of
the farm, in the field, in
the barn, in the road and
in the air.

One of every 50 of the
farmers in Canada, lost of
the farm, in the field, in
the barn, in the road and
in the air.

GREEN ACRES

By PETER JAMMOND
Editorial Assistant

Danger of Lower Hog Prices in '62

On the basis of a current estimate...

Turkeys in June and July. Hog slaughterings won't fall, however, so the price of hogs will be about the same as last year's. The great danger...

market last December, it is estimated that 13,800 acres will be harvested in Ontario during the 1955-56 season. In the U.S., English, Agricultural Statistics reports that, if these estimates are correct, the 1955-56 season will have the highest acreage of alfalfa on hand by June 1st that there was a year ago.

Compared with spring harvesting in Canada this year will be up 14 percent — 21 percent in the west and 12 percent in the east. In the U.S., the 1955-56 season will be up 10 percent above the number harvested in the spring of 1955.

At the Ontario Agricultural College, where prices will receive a seasonal advance to a peak of about \$100 a ton, their over-production and surplus could occur in 1955.

NEW SOIL POLICY

C. J. Calverton, Alberta Minister of Agriculture, announced recently that effective March 1st, the federal government will no longer pay under the Department of Agriculture's Soil Conservation Act to approve Township, Landmark, Range and Township Range sections and Township Range sections for 1955.

Under the old policy, a 60-acre parcel was paid \$100 a year, or less, or more, depending on the size of the parcel. The new policy will pay \$100 a year for a 60-acre parcel, or less, or more, depending on the size of the parcel.

The price provided to an approved soil, during which a new soil is created and the soil is improved by a restoration.

GOOD FARM PRACTICE NEEDS

2,4-D M.C.P. — Dust or spray for weed control.

DDD DDT/DDD — For control of most insect diseases and various control.

FERTILIZERS — For higher yields, earlier maturity, healthier crops.

ANTIMOLD FUMES — CRUCIAL FOR ALL PURPOSES AVAILABLE FROM

Edmonton Co-op Members
Today the advantages of investing in your rapidly expanding community are yours.
Advantage 1: 6% interest, yearly.
In Edmonton, Co-op members can invest in a variety of properties, including houses, commercial buildings, and more. The Edmonton Co-operative Association Ltd. is the leading organization for such investments.

ELEPHANT BRAND FERTILIZER PAID FOR THIS TRUCK
This is an example of what can be bought with profits from the use of fertilizer. The money could have been used for many other things, but the profits from fertilizer use are so high that they can pay for a truck. This is a testament to the power of fertilizer in agriculture.

GROWING OATS?
You can make extra profits of \$0.20 per acre and even more by fertilizing your oat crop. Fertilizer is essential for growing healthy, high-yielding oat crops. The right fertilizer can make a significant difference in your profits.

When's the Meeting?
Communities holding their regular meetings should note the following dates for the month of April. These dates are subject to change, so it is important to check for updates. The meetings are held on the first, second, and third Thursdays of each month.

Elephant Brand Fertilizer
This is a complete fertilizer for all crops. It contains all the essential nutrients that plants need to grow. Elephant Brand Fertilizer is known for its effectiveness and reliability. It is a must-have for any farmer or gardener.

Fraser Equipment Ltd.
Fraser Equipment Ltd. is a leading supplier of agricultural and construction equipment. They offer a wide range of products, including tractors, trucks, and more. Their equipment is known for its quality and durability.

Salisbury High Makes a Record

Salisbury High School made a record in the 1961-62 season. The team achieved a perfect record, winning all their games. This is a remarkable feat for a high school team. The team's success was due to their hard work, dedication, and skill.

Church Boomerang To Be Re-Decoreated
The Ladies Aid of the United Church of Canada is planning to re-decorate the church. The project will involve painting the interior walls and updating the furniture. The church is a beautiful building and this project will make it even more so.

Edmonton Co-op Members
Today the advantages of investing in your rapidly expanding community are yours. This is a great opportunity for anyone looking to invest in real estate. The Edmonton Co-operative Association Ltd. offers a variety of investment options.

Ray Werne

The Josephburg annual end-of-the-year curling party was held on April 18th in the club room. During the evening there was enjoyment. The highlight of the evening was when Mr. Ray Werne, of the Gervais club, won the curling championship. He defeated many curling novices and established such a record.

The individual events on his team were won by the ACA Curling crew for some winners, the Purple Heart and Alberta Cross for territorial and for Northern Alberta ACA, Alberta Provincial Curling Championships.

[illegible]

and it was not until May 9 that the first collection of refuse was made. The collection of refuse was made on May 9, 1928. He was one of the speakers at the meeting of the Chamber of Commerce and Industry, recently convened at Salzburg, recently convened at Salzburg, recently convened at Salzburg.

May 11 2 p.m. which will be conducted in the German language.

to them from their old friends here.

Clean-up Campaign

At the last regular meeting of Town Council held Monday, April 24th, the date of the annual clean-up campaign was set for May 15th in the case of the Town of Newburgh. The purpose of the campaign is to remove unsightly or unsound material from their property.

consequently is also supported by the Chamber of Commerce.

of collection of refuse is to be made on May 15th. The first garbage run during the campaign will start at 8 a.m. and will be made to help remove the accumulation of the past year.

Fort Saskatchewan Organization Taking Part in National Exercise

The province of Alberta will take other similar steps in the future, and the exercise will be a joint effort of the provincial and federal governments.

The exercise will be known as "Exercise 1961" and is designed to test the ability of the province to handle a major disaster.

The exercise will be held on May 24, 1961, and will involve the participation of the Fort Saskatchewan community.

This meeting is being held to discuss aspects of the proposed by-laws for the construction of a covered arena and the fluoridation of the public water supply.

MUNICIPAL DISTRICT OF STRATHCONA NO. 21

Notice

The Municipal District of Strathcona No. 21 is hereby giving notice that the following lands are for sale by tender:

Tenders should be submitted to the office of the Municipal District of Strathcona, P.O. Box 4010, South Edmonton prior to May 4, 1961. Terms for rentals are cash. The highest or any tender will not necessarily be accepted.

RUGGED!

...for top traction, economy

GOOD YEAR TRACTION SURF-Grip TRACTOR TIRES

This "traction-master" tires more horsepower into gripping, working power. Longer, deeper lugs actually wedge the soil between them, provide a vice-like grip that resists power-steering wobble. Result: faster work, lower fuel cost per acre of more income.

GOOD YEAR STURD SURF-Grip TRUCK TIRE

For top traction, for versatility this is the truck tire for you. Specially designed for tough on-and-off the road operation. Grip in mud, run smoothly on bare pavement.

Trustees at HSA Meeting

The Fort Meade-Bathurst Home School Association will hold its meeting on this term on Monday, July 29th at 8 p.m. in the Elmore School Auditorium.

A special executive will be in for the 1951-52 season. The Association will be continued at meeting.

An election of trustees for rural and district, as well as a resolution with the Home School Association. A new salary board of seven members will be elected. There will be two members for the Home School Association and five members of the Home School Association. The Home School Association will be one trustee at large and one trustee at large. It takes two representatives from the district to nominate and only one person can vote for the representative of that area. All representatives of the district can nominate and elect a representative.

Fort Librarian Attends Course

Mrs D. Mackay of Port Macdonald attended a three-day in-service course at the University of Alberta recently. Representatives of libraries throughout the province were present for the course.

The three-day course was a culmination of an eight-month in-service study library curriculum's commitment to Mrs. Mackay.

On Wednesday, May 19, a full course was held and the participants presented to those who accompanied them the course by Mrs. Mackay.

Patricia, Provincial Secretary, Library and Archives, was the President of the Alberta Library Association.

Mr. R. T. Williams, Supervisor of the Alberta Library Branch and a representative of the University of Alberta, was also present.

CHAMBER MEETING

[illegible]

BRIDE-ELDT PETCH
On Tuesday evening, May 19, Miss Dorothy Swanson, of St.

NEW LIBRARY BOOKS
The Puhi Library recently added four new books to the shelves. They are "To Kill a Mocking Bird,"

My members in that constituency view that with no industrial base and no large volume of water to offer the town is not in a favourable position for attracting new industry. I would like to know what the Government's policy is on the matter for industrial expansion and several suggestions in this case were advanced. A suggestion was also put forward by Don Krebs, chairman of the Industrial Development Board, that the Government should consider the possibility of diverting water from the Upper Klamath to the grounds below the dam where the roads were run Monday and Tuesday under the worst conditions. The sports and recreation of the Upper Klamath is a big business.

LIBERIA VOTE

Mr. Currey also reported on a meeting of the Liberia Youth Council, which was held one day before the meeting of the Yarns Council. The members of the Yarns Council are the Premier, Minister and government ministers. The meeting of the Yarns Council was held in the presence of the President. Mr. Currey also reported on a meeting of the Liberia Youth Council, which was held one day before the meeting of the Yarns Council. 3 GREEN ACRES
By Peter Appleton
Foster Agriculture

Core in Use Of Herbicides
Herbicide spraying used and applied on summer crop fields. The use of herbicides is becoming more common in the West. It is a very effective way of controlling weeds and other unwanted plants. It is also a very safe way of doing so, as long as the proper precautions are taken. The use of herbicides is becoming more common in the West. It is a very effective way of controlling weeds and other unwanted plants. It is also a very safe way of doing so, as long as the proper precautions are taken.

NERVOUS TALK

What more common or greater source of nerve irritations can be found than in Vertebral Displacements?

Backstrains, or spinal displacements, can be caused either suddenly or develop gradually from everyday habits. Spinal distortions do not necessarily cause sharp pain in the back. The effects of spinal subluxations can be registered elsewhere in the body. Spinal distortions are frequently the cause of nerve irritations which make people victims of Tension.

Bruderheim July 1st Sports Rained Out

The July 1st sports day at Bruderheim was just what the school boys needed. The school boys were very disappointed that the sports day was rained out. The school boys were very disappointed that the sports day was rained out. The school boys were very disappointed that the sports day was rained out.

HEALTH FOLLOW-UP

What more common or greater source of nerve irritations can be found than in Vertebral Displacements?

Editorial Comment

THE NEW LOOK

By the time readers have reached this page they are likely deep in pessimism as to just what the Record this week. The tabloid news adopted with this issue reduces mechanical requirements involved in producing the paper and as a side benefit improves the advertising display and permits better distribution of news stories throughout rather than by the major portion on the larger front page. The new format will be used for the next few months on a trial basis, and if satisfactory, will become permanent.

THE HIGH COST OF DYING

Once again, as so often in the past, ministers, commentators and newspapers are bewailing the high cost of funerals. They are pointing to the doubtful morality of spending thousands of dollars worth of mahogany and silver in the grave. They draw attention to the somewhat ridiculous procedure of providing Catholic funerals for the poorest of the poor, who, when alive, could not or would not afford anything but a second-hand shroud and they make pointed reference to the useless expenditures of large sums of money on funeral tributes and marble headstones to men and women no longer able to enjoy such tributes.

Notice To Cattle Owners in Municipal District of Strathcona No. 83

The blood testing of herds under the Federal Brucellosis Control Area plan in the Municipal District of Strathcona No. 83 is nearing completion. All cattle, except steers, spayed heifers, calves under eight months and official vaccinates under 36 months of age, must be blood tested.

Merchants across the province received good rain during the past week and according to grain company crop reports, crop prospects in this area of the province are good. South of a line between Edmonton and Lloydminster, warm dry windy weather has prevailed and moisture conditions are poor.

The southern part of the province crops have deteriorated to the point where, at best, only light yields can be expected and some crops are beyond recovery. In the central and western areas crops are deteriorating but immediate rain in the southern quantities could still produce a fair crop.

BLOW DOWN — AND LIVE!

Announcement

Mr. John Dembicki wishes to announce he has taken over the garage and service station formerly operated by Dakra Motors.

Central Garage is the name under which the garage and service station will operate, and offers to the motoring public efficient front and service and a complete overhauling and repair service to all makes of cars and trucks.

But these ideas are wrong! God is not hateful, harsh and ungentle. He is not bad! *God is good!* God! Think of what that means. He is good, totally and completely good. And He offers

There are thousands of teachers taking courses. Many of them, like me, are merely qualifying, getting their trade papers. Others are here to improve their financial status. No other reason.

Still others—and bless them—are here to improve their skills as teachers.

Josephburg Couple Honored at Shower
JOSEPHBURG—The home of Mrs. Harold Pry, a Vera Hensel, hostess, setting home was decorated with a ruse comedy.

A mystery lamp stood around the room, the ladies had to read the article, it headed with Mrs. Leonard Pry. A reading "What is a wife?" and "What is a Husband?" was given by Mrs. Harold Pry. Mrs. Pry then gave an address in which she welcomed the bride to this community.

Mrs. Elmer Krasman, Mrs. George Johnston and Mrs. Raymond Johnson were in-law, assisted the bride in opening the gifts. Mrs. Pry congratulated everyone and hoped they could visit them in their new home.

The hostess, Mrs. Edmund Johnston, Mr. Alfred Pry and Mrs. Walter Pry, with many helpers, enjoyed lunch at the close of the evening.

COUPLE HONORED ON OCCASION SILVER WEDDING ANNIVERSARY

Mr. and Mrs. Frank Kukulik celebrated their silver wedding anniversary in a quiet, intimate manner at their home in Port Kukulik, B.C. The couple, who have been married for 25 years, were joined in matrimony on July 19, 1936, in the city of Vancouver, B.C.

The table, which was laid with a white cloth, was decorated with a large white centerpiece. The couple, who have been married for 25 years, were joined in matrimony on July 19, 1936, in the city of Vancouver, B.C.

The bride, who was wearing a white dress, was escorted by her brother, Mr. Kukulik. The couple, who have been married for 25 years, were joined in matrimony on July 19, 1936, in the city of Vancouver, B.C.

Baby Shower Held Recently

In honor of Mrs. George Orry a baby shower was held recently at the home of Mrs. Rose Richardson assisted by Mrs. Cheryl Weston.

The room was decorated with pink and blue streamers and numerous flowers for the occasion and the honored guest presented with a lovely corner made of baby items.

The evening was spent in games and contests after which Mrs. Orry presented with a credit full of gifts.

ROCKHILL

Congregation Fetes Departing Minister
 Rev. Radford Chag was the guest of honor at a large congregational party held in the United Church of the Holy Hall recently. The occasion was his 80th birthday and the party was a complete surprise to him.

Rev. Chag has been supplying the pulpit of the Laurent United Church since September 1960, and has earned all with his energy and enthusiasm. He will be leaving July 31 when Mr. Ted Kolber will be assuming duties at Laurent.

Dr. A. Dolan acted as Master of Ceremonies and paid tribute to the work of Mr. Chag and the appreciation of the congregation for all his efforts. He wished both Mr. and Mrs. Chag much happiness as they leave Laurent and return to their home in Edmonton.

A beautifully decorated birthday cake, abuzz with candles, was presented to Mr. Chag. A company of pink carnations was pinned on Mrs. Chag and both were the recipients of a bouquet and a ribbon from the congregation.

GREEN ACRES

By PETER JAMISON
District Agriculturist

Sweet Clover
Weevil Control

Newly-emerged sweetclover weevils begin feeding in August—a reminder that the destructive pest can be controlled by crop spraying.

Dr. G. E. Swales of the Canada Department of Agriculture's research station at Lethbridge, says the weevil does most damage in early spring and in August. Second-year growth to the spring, largely of adults that have overwintered but the crop does not usually succumb to weevil attack. Mortality, disease, or waterkill are more likely to cause poor stands at this time.

Chemical control of the insects may be needed on land clover.

Weevils are damaged by weevil feeding in August when the newly-emerged weevils begin to move. Improper cultural practices—such as failure to compact the soil enough before seeding and failure to level at the proper depth, may be the cause of poor stands having

been produced in winter.

A seed sowing close to a second-year stand is damaged most as the

weevils move from the old fields.

The wise farmer will have harvested it to a depth of three to four inches, destroying immature weevils on the roots and depriving others of food.

When cultivation is not timed properly and weevils are not exposed to seedling clover, a spray of DDT, applied if desired in the path of the weevils will control them but clover so sprayed cannot be sold as fodder.

POTATO OUTLOOK
This year the prospects for Alberta potatoes look good. They are very few potatoes in Manitoba and Saskatchewan and the crop looks fairly good in Alberta. Prices should be better than last year and a good acreage is devoted to producing potatoes.

Alberta's total commercial potato acreage will be about 18,000 this year. Alberta's total of 1960 was 17,000 acres.

Early Planting—The early potato harvest has started in some areas of Alberta. It appears that the fall sowing to be in the second year of possible early potatoes should not be done during the heat of the day. Potatoes that have been exposed to excessive heat will break down quickly in transport. If you want potatoes in good shape when they reach the consumer it is best to pick early in the morning and store at night. It is a good idea to wash early potatoes in cool water and ship in refrigerated cars. Potatoes break easily. Handle with care!

PARTHURST HILL NEWS

Attend Ball Tourney

Mrs. J. W. Atwater, Correspondent
Mr. and Mrs. Wilmet Alton and Mr. and Mrs. George Caldwell are invited to Lacombe last Wednesday to take in the baseball tournament, being held there.

Mr. and Mrs. Morris Oshelstone and boys arrived home at the weekend from an enjoyable two-week holiday at the coast.

Mr. and Mrs. Reed Francis and Glenda visited Mr. and Mrs. Jack Francis at the University Park, Edmonton, last Sunday.

Mr. and Mrs. Garth Oshelstone and family, accompanied by Arthur Alton and George Alton, are spending a few days at Bayview Lake this week.

Miss Betty Cranston and Miss Carol Allen were visiting their cousin, Miss Betty Whitham, last week.

We are happy to hear that Mr. Jim Andrews is a patient at the University Hospital. We wish him a speedy recovery.

Mr. and Mrs. Andy Andrews, Mr. and Mrs. Harold Andrews and Raymond Andrews attended the wedding of their brother Mr. Ray Andrews in Edmonton with the reception held at Lacombe last Friday.

Rev. P. T. Ream is on holidays and the first and second Sundays in August the service will be taken by Rev. Harry Cantelon, principal of Alberta College. Service at 6:30 a.m. The last two Sundays in August, service will be withdrawn.

FITTING CLOTHES FOR CHILDREN

It takes skill and good judgement to buy clothes which match children's needs and the family's budget. Because needs change rapidly it is both practical and economical to keep a child's wardrobe small but active. In this way, outgrown items still valuable in the child's wardrobe are held to a minimum.

The most important buying points to look for are—fabrics which are soft, absorbent, easy to care for, durable and lightweight; and construction which will withstand hard use and frequent washing.

Select Suitable Colors and Designs—Colors should be suitable to the season, personal coloring, personality.

Washable—if garment is washable. If the washing cannot be laundered, it should be easy to remove and to put back on.

Safe—it should be of a nonshredding material so it will not get into the child's mouth, nose or eyes.

Outgrown and children's clothes should be stored in a secure, fire way so it will not catch on furniture or play equipment.

The only way to eliminate patches and rough grass in a lawn is to break up the turf and start again, says W. Lohry, Alberta supervisor of soil and weed control. No known chemical exists at present which will eliminate weeds from an established lawn.

Cadets Enjoy Voyage in U.S. Troop Transport

Recent letters to our parents, Mr. and Mrs. Red Mismann of 1001-17 Street, Port Saskatchewan, indicate that Cadet Larry Mismann found much interest in his trip to Germany on a United States Navy ship. Larry was one of 28 Canadian Sea Cadets selected to take part in an exchange program that had Canadian boys who were in U.S. ships while cadets from the U.S. were in Canadian ships.

Larry left Port Saskatchewan at the end of the school term and sailed from New York on July 28. He returned to New York at the end of July and was still residing in Eastern Canada at last weekend.

Larry was rather disappointed to find that the ship was making in a westerly but nevertheless enjoyed many experiences not normally available to boys living in the inland provinces. On the first crossing the ship encountered very heavy seas but enjoyed a calm but foggy return voyage.

The cadets visited at various ports along the coast. Larry spent most of his time working with the navigating officer in the chartroom and on the bridge. He also worked with the damage control officer and enjoyed several opportunities to take the helm of the ship.

In Germany the ship docked at Bremerhaven and the boys were taken on a tour of Bremen that included lunch in the city hall. They were also granted leave in Bremerhaven for shopping and sight-seeing.

On the way back to New York, Rhode Island, on the return voyage before arriving in New York where the cadets had a free day to see the city. In his letter Larry says he enjoyed in May, Department Store and enjoyed the view from the top of the Empire State Building. Larry was with the liner Queen Elizabeth's exterior view. The party of cadets returned to Montreal where the boys wrote up a return to their homes. Larry sailed first in St. Lawrence and according to his letter planned to stop also at St. Mary before returning.

Fire Destroys Farm Home

Fire of an undetermined origin caused extensive damage to the farm home of Mr. and Mrs. Roland (last name) near Burdette Camp. The blaze broke out in the afternoon and as members of the family escaped the building unharmed.

Most of the family's home furniture was saved with the help of neighbors. The old pump of the Port Saskatchewan Fire Department arrived on the scene at about 8:00 p.m. and was able to control the fire with the aid of neighboring farmers who had barrels of water to keep the pump in action.

Some insurance was carried on the building.

Friends of the family in the district are planning a benefit dance to be held in the Port Saskatchewan Community Hall on Friday, August 11th.

THE WEEK'S WEATHER

Date	Max.	Min.	Prevail.
August 1	84	68	Clear
August 2	87	67	Clear
August 3	86	68	Clear
August 4	89	69	Clear
August 5	88	68	Clear
August 6	70	51	Thick
August 7	71	49	Thick

Garden Contest Entries Needed

The Port Saskatchewan Chamber of Commerce officials report that the annual garden contest is in danger of being called off this year due to a lack of response. The postponement of the competition was first reported when the gardeners are reminded that the deadline for entries is Friday, August 11th, at 5:00 p.m. at the Port Saskatchewan Chamber of Commerce.

The contest is open to all gardeners, individuals and firms, and is held in the city hall. The contest is held in the city hall. The contest is held in the city hall.

Summary Meeting Agric. Board

Members of the Agricultural Board of the Municipality of Port Saskatchewan met on Monday, July 24, at 10:00 a.m. in the city hall. The meeting was held in the city hall. The meeting was held in the city hall.

The board discussed the results of the recent survey of the agricultural industry in the municipality. The board discussed the results of the recent survey of the agricultural industry in the municipality. The board discussed the results of the recent survey of the agricultural industry in the municipality.

Mission Circle Meets at Bruderheim

Rev. J. B. Butler was having for the August meeting of the Mission Circle last Tuesday evening. Mrs. Doreen Fry was hostess and Mrs. Edith Rake and Mrs. Marjorie Pechman served the special meal. Mr. and Mrs. Houtman have left for week's vacation in Jasper and Banff.

Mrs. M. MacIntyre, K.D.M., is spending a short vacation here, staying with Jeanette and Blanche Doreen. The Rake family are vacationing in the Peace River country and plan a further trip to Prince George.

Mrs. Karen Krebe, daughter of Mr. and Mrs. B. Krebe and Miss Judy Krebe, daughter of Mr. and Mrs. A. Krebe have been accepted in the Archer Memorial School of Nursing, Lamont. Miss Carol Baum, daughter of Mr. and Mrs. Houtman, has been accepted at the General Hospital School of Nursing in Edmonton.

Mrs. Phoebe T. Buzynska and Mr. B. Stewart will fill the vacant

positions.

Recent visitors to Bruderheim residents have been Mr. A. Boring's mother, brother and sister from Lethbridge. Mrs. C. Braham's sister and her nephew from B.C. The V. McMillan family from the Toronto area visited the R. Houtman's.

Congratulations to Miss Carol Rake who received last class honors and to Owen Haring and Christine Praefelt, brothers, in their piano recital.

Mr. and Mrs. Houtman were surprised when 8 neighbors gathered at her home on Saturday, August 19, for a baby shower for Laurel Bauder, who was born June 28th.

This was also an opportunity to get better acquainted as Mrs. Haring is a newcomer to the district. The evening was spent pleasantly playing Bingo. Mrs. Dixon, on behalf of all, made the presentation. Mrs. Haring thanked everyone graciously and made a wish for every baby born to the district. A delicious lunch was served by Phyllis Oshadness, Marjorie Haring and Shirley Vander.

Shower Fete Bride-Elect

A magnificent shower was held on August 19th in honor of Mrs. Dorothy Adams whose marriage to Raymond Oshadness takes place on September 1st.

The place of honor was decorated with pink and white streamers, bouquets of gladioli and sunnys. Lovers and Swells' cartons filled with small, shimmery the bride-to-be.

It couldn't "All about marriage" was enjoyed after which Mrs. Alfred Fry gave an enlightening reading called "Let me see".

A covered dish wagon overflowing with delectable provisions was employed, where and brought in by Linda Fry who presented the gifts to Miss Adams.

The hostess, Mrs. Irvin Mohr, Mrs. Arnold Oshadness and Mrs. Alfred Fry, with many helpers served a delicious lunch at the close of the evening.

OLDTIMERS' PICNIC

PARTRIDGE HILL DISTRICT NEWS

Mr. W. A. Alworth, Correspondent
Miss Donna Allen is visiting this week at the home of her aunt and uncle, Mr. and Mrs. Keith Cranston of Edmonton.

Mr. Harvey Whitson and Miss Nadine Whitson motored to Fort St. John and Grande Prairie last week where they visited Mrs. Penney and other relatives. They were accompanied by Mrs. Bruce Stanton as far as Dawson Creek.

Mr. B. Searles of Lamont was in town last Sunday week at the home of Mr. and Mrs. Andy Andras. Mr. and Mrs. Joe Francis and their grandchildren Sharon and Mrs. Jack Francis and family of Edmonton were Sunday visitors in the home of Mr. and Mrs. Bert Frank.

Mr. and Mrs. Jim Putman and Mrs. Dawson Cross spent a week holidaying at the home of their parents, Mr. and Mrs. E. M. Smith. We extend congratulations to all students in the district who were successful in their recent exams and wish them luck in the coming year.

Mr. George Whittle of Kamour, visited last week with his niece and nephew, Mr. and Mrs. Robert Allen.

Kath and Betty Whitson motored to Jasper last Friday where they spent the weekend.

Patsy Mohr of Jasper, Betty and Bonnie Cranston, and Karen and Vernon Allen of Edmonton have been visiting relatives in the district during the holiday season.

Trudy Allen left Saturday for a holiday with her aunt and uncle, Mr. and Mrs. Don MacIntyre of Breton, August 4th, visiting 4 hrs. 11 pm.

Mr. and Mrs. Omer Manson and daughter of Edmonton and Mrs. Kenneth Vancouver visited at the home of Mr. and Mrs. Ralph Lawrence recently.

Mr. and Mrs. Art Hemmingsway and daughter from Saskatchewan visited at the home of Mr. and Mrs. George Jenkins.

Mr. Roy Harvey of Vancouver, a cousin of Percy and Charles Oshadness, spent several days visiting in the district.

Mr. and Mrs. Lloyd Oshadness and family spent a few days visiting in Calgary, Hinton and Banff.

Our sympathy goes to Mr. and Mrs. Elmer Myers and family, Mrs. Myers' mother, Mrs. Kenzie of Arville, passed away suddenly on August 18th.

The P.W.U.A. meeting for August will be held at the home of Mrs. Dick Melan on the 28th.

GOOD HOPE NEWS
Mrs. E. Prother, Correspondent
Mrs. and Mrs. Ed Fischer accompanied by their sons, the sons of the Port and Mr. and Mrs. John Insler of New Barre on a motor trip to Cooran, Manitoba, where they visited their sons, Laura and David.

Don and Ken Fleming holidayed recently at the home of their grandparents, Mr. and Mrs. O. Little of Millar.

BALL TOURNAMENT HELD
A third ball tournament held at Ardrossan sports ground was a big success. The weather was better than co-operative and an excellent crowd in attendance.
The results of the tournament are: Pro West: Broadville 1st, Garden 2nd and Brimmer 3rd.
Pro League: Ardrossan 1st, Parkside Hill 2nd, Brimmer 3rd, Ladies: Broadville 1st, Garden 2nd, Brimmer 3rd.
Thanks to all those who donated towards making this tournament a success. A special thanks to Norm Brimmer, and assistant organizers, also to the ladies who helped in the booth and M. W. McLean.

Experiment On Grazing
Experiments of the grazing process could prove a real boon to farmers and stockmen of Western Canada, says the Lacombe Experimental Farm this matter is receiving attention.
A pasture of green, downy, up a Plain Crop Specialist, J. D. Doran, will be put into effect this year. The first step will be to discover the best combination of crops, and then to decide what ratio of average one to the other will best serve the purpose.
The main growing season from early June to the end of August is fairly well established. Although there may be some falling off in production during the latter part of July and August, production during the summer is normally not critical. The search for improvement during this period will not be neglected, but it is from the spring to the third week in May and for the month of September or longer that improved grazing could be chiefly desirable.
There will be eight crops in the Lacombe experiment. One of these will be annual, the others perennial. Data and fall, the annual crop will provide both fall and early spring pasture.

TESTING MANY GRASSES
Alfalfa will be included in all the perennial crops, and to the leg-

ume of the alfalfa, grasses, and clover.

NOTICE
RESIDENTS OF JOSEPHSBURG AND VICINITY
The Council of the Municipal District of Strathcona is desirous of having a management committee appointed to supervise the Recreation Ground located on the N.E. 33-54-21-W4. A meeting for this purpose will be held in the Josephsburg Curling Rink on Tuesday, August 29th at 8:30 p.m. A good attendance of residents will be appreciated.

High productivity and low production costs are essential to profitable farming. Neither can be attained by using old-fashioned methods and obsolete machinery. The only way they can be achieved is by utilizing modern methods and up-to-date farm machinery.
Massey-Ferguson machines and implements are helping farmers the world over to make their particular farming operation more profitable by doing more work at less cost.

Massey-Ferguson Limited
W-461

SOCIAL and PERSONAL

The season's first meeting of the Port Handcraft Guild will be held on September 13th at 8 o'clock at the Port Hand School in the Home Extension Room.

Manuel Miller left this week for Calgary where he enrolled for the summer at Mount Royal.

We are sorry to report Mr. Percy Oulvey is a patient in the Archer Memorial Hospital at Lacombe.

Mrs. Pat Miller returned home from an extended holiday with her family on Monday, September 11th.

Congratulations are extended to Mr. and Mrs. J. Hawkins on the birth of a daughter, Lee-Ana Wendy on August 25th. Weight 1 lb. 8 oz.

Mrs. C. P. Love returned home after visiting with her son-in-law and daughter, Mr. and Mrs. Mike O'Connor of Calgary for two weeks.

Mr. and Mrs. T. Matynghy and his family spent the week-end at Jasper.

Unit Outlines

Gorge Rules

The following information from the Leduc-Burton Health Unit is directed to homeowners in Burwood Park, Ardmore, Josephburg and all small holdings in the Municipal District of Strathcona.

1. To provide an adequate number of regular garbage cans. Forty-five gallon oil drums, paint or green cans, and other cans, wooden or cardboard boxes or barrels are prohibited and will be disposed of with the garbage.

2. Except where refuse is picked up on the front street, all cans should be provided with post-hole handles.

3. In commercial areas larger type containers may be used provided they are placed on stands 4 feet in height.

4. Where fire precautions are adhered to, burning of dry refuse is permitted except in firewood pits.

5. All garbage cans and other refuse must be kept on the householders' property.

6. All wet refuse must be well drained and wrapped before depositing in the garbage cans.

7. Waste paper, old clothing and rags, clippings from trees, etc. must be used in houses and placed beside the cans on garbage collection days only. (Unless there is a rain in the garbage can.)

8. All wet refuse must be well drained and wrapped before depositing in the garbage cans.

9. Waste paper, old clothing and rags, clippings from trees, etc. must be used in houses and placed beside the cans on garbage collection days only. (Unless there is a rain in the garbage can.)

10. All wet refuse must be well drained and wrapped before depositing in the garbage cans.

11. Waste paper, old clothing and rags, clippings from trees, etc. must be used in houses and placed beside the cans on garbage collection days only. (Unless there is a rain in the garbage can.)

12. All wet refuse must be well drained and wrapped before depositing in the garbage cans.

13. Waste paper, old clothing and rags, clippings from trees, etc. must be used in houses and placed beside the cans on garbage collection days only. (Unless there is a rain in the garbage can.)

14. All wet refuse must be well drained and wrapped before depositing in the garbage cans.

15. Waste paper, old clothing and rags, clippings from trees, etc. must be used in houses and placed beside the cans on garbage collection days only. (Unless there is a rain in the garbage can.)

Mrs. Leonard Berg read an interesting version of "How to cope with a husband" and a short but humorous one called "Muriel".

The setting on the lace clothed table was a giant replica of a matching wedding ring set, displayed in a ring box.

Miss Rankin was presented with a basket of gifts for which she graciously thanked each giver.

A plate lunch was enjoyed and was highlighted by the presentation of "Shower of Happiness" which cake to the bride-to-be was shared with everyone.

CALGARY POWER LTD.

SERVING THE PROVINCE OF ALBERTA

As Grandma treaded her old sewing machine by the light of the flickering kerosene lamp, she must have thought "there must be an easier way". Today there is an easier way — thanks to the advantages of modern electrical living. Now, you merely plug in a cord, press a button, and miracles begin to happen. Decorative stitching, mending, all your sewing is done so easily.

Every task around your home, washing, cleaning — even much of your leisure-time entertainment is due to dependable, economical electric power. Modern electrical equipment comes in all shapes and sizes, and is designed for dozens of purposes. Through wide-spread distribution of electric power Calgary Power helps you LIVE BETTER ELECTRICALLY!

Dr. and Mrs. C. Dolge attended the Canadian Veterinary Medical Convention held at Banff on Monday September 18 at 8:30 p.m.

Port Beakatchewan evening classes are being organized for the coming season. Classes will begin October 18th. All prospective students should procure registration forms and register at the office of the high school. A registration fee of \$5.00 is payable at the time of registration. Registrations not accompanied by the registration fee may not be considered.

Tentative courses offered will include English, mathematics, French, typing and sewing. Other courses may be offered if interest and registration merits adding them to the program.

Registration forms may also be received from D. L. Clark, Principal of the Port Neakatchewan Evening Classes, 16 Elizabeth Drive, Phone 6-15, 3100.

Brownies to

Resume Meetings

Pack will resume regular meetings on Monday, September 18th between 4 and 5:30 p.m. The pack will be under the guidance of Ed-

Due to size of the pick in recent

years it has been decided to split the pack and start a second with Mrs. Thelma Benson in charge assisted by Mrs. Mary Fraser. The

second pack will meet on Tuesdays from 4 to 5:30 commencing September 18th

A Brownie pack consists of four
sixes with six girls in each. Last
year in the Fort pack there were
44, rather than 24 Brownies. Head-

quarters has advised Brownie Leaders not to take more than 24 Brownies to a pack which necessitated the second pack here.

All last year's Brownies are asked to attend the meeting Monday September 18th when organization

of the two packs will be undertaken.
New girls will be welcomed.

SOUTH COOKING LAKE NEWS
Congregation Join For Special Program

Mr. Lydia Gertler, Correspondent
On Friday, September 1st, the congregation of St. Michael's, Anglican and South Cooking Lake met in the Main Hall for a united social evening. Proceedings began with community singing, led by Mrs. Gertler, an accomplished and enthusiastic leader who made it impossible for anyone to refrain from joining in the fun. Then followed a very interesting educational film, obtained and operated by Mr. Gertler, "Across Canada From East to West." After the film the ladies served a very acceptable lunch which added greatly to the enjoyment of the social hour and the purpose of this very happy and valuable evening of Christian unity.

On Sunday, September 4th a very interesting service was held at South Cooking Lake United Church First. The guest preacher was the Rev. Donald L. Olson, president of the Royal Alexandra Hospital. He was on that day that four young children were baptized. They were: Karen Marie Robertson, daughter of Mr. and Mrs. Olson, who with student minister Mr. Bob Butler assisting, conducted the ceremony. Rev. Olson's sermon was an interesting and informative "window" on the function and value of the chaplain in a large hospital.

GRIERSON NEWS

Return to Coast
Mrs. R. J. Lindquist
Mrs. R. J. Lindquist and her family returned to their home in Vancouver after spending the summer months with Mrs. Mrs. Lindquist, Herman Lindquist, Miss Alice Reed left for home, by air, on Sunday, September 10th. Alice is entering the University of British Columbia this month and we wish her every success.

Best wishes for happy happy years are extended to Mr. and Mrs. Ray Chastinger (nee Derdik) Alimaka who marriage took place on Tuesday, September 10th. We missed little celebration with the beginning from this district but we had weeks' notice. We hope you enjoy your school days very much.

Mr. and Mrs. Cunningham, Edmonton, visited with Mr. and Mrs. Jim Chalmers on Sunday. Mrs. Cunningham and Mrs. Chalmers are well.

Ladies' Club Meets

The first meeting of the fall term of the Arden Heights Ladies Club was held at the home of Mrs. Jim Simpson on Wednesday.

We are sorry to hear that Mr. Bill is in the General Hospital and wish him a speedy recovery.

Congratulations to Mr. and Mrs. Pat Bell on the birth of a son, Tyrone Patrick.
Mr. and Mrs. John Andrew Holmstedt returned to Vancouver for two weeks. Mr. and Mrs. Clifford Welch have returned from a holiday in Calgary. The Arden Heights Ladies Club held a water polo with parents in attendance.
Mr. and Mrs. Clifford Welch will celebrate their wedding anniversary September 24th.
Birthdays this month: Lynn and Wayne Rice, Gordon Thompson, Wayne Thompson, Bruce Welch

About PFFA Payments

Western grain growers who have been hard hit by drought can look forward to receiving financial aid under the Prairie Producers Assistance Act about Christmas or early in the new year.
Agricultural Minister Alvin Hamer announced recently that PFFA plans to start issuing cheques in December and expects to have more than half of them in the hands by Christmas.

Payments for this year will amount to upwards of \$60,000,000—highest since the program was first set up in 1959. Previous record was in 1960, when \$58,127,736 was paid to farmers for crop losses.
In 1961, many areas will be short of cash later in the year and the PFFA payments will help cushion this heavy financial blow.
Who is eligible? Payments under PFFA are based on half the yield ratio increase on a farm, to a maximum of 80 per cent. The rate depends on the acreage yield in the township. If it is between five and eight bushels of wheat per acre, the rate is \$2.00 per cultivated acre, between three and five bushels, \$1.00, and three bushels or less, \$0.50.

Payments contribute to the PFFA fund by a one per cent levy on grain which they market. The annual collection average about 90¢ million a year. Because of the heavy payments which will be required this year, probably over \$60 million will have to be provided from public funds.

WOMEN'S INITIATIVE Plans Projects

Reported by Mrs. P. Lindquist
The monthly meeting of the Greenwich W.I. was held at the home of Mrs. Rudolph Haring with thirty members and two visitors, Mrs. Pat Oestel and Mrs. Ernie Haring.

A very interesting meeting was held and projects for the coming year were planned. Two birthday gifts were raffled off.

Lunch was served by the hostesses Mrs. Rose A. Smith and Mrs. P. Lindquist to bring another enjoyable evening to a close.

The next meeting will be held at the home of Mrs. Walter Haring, Beverly, on October 11. Hostesses will be Mrs. Ray and Mrs. Ernest Haring.

Our sincere sympathy to the Lawrence family on the passing of Mr. J. H. Lawrence.

Mr. and Mrs. E. A. Oshawa and family, Edmonton, and Mrs. Alan Kilburn and family, Hooke, B.C. and Mrs. Helen Daulton, Edmonton, and Mrs. and Mr. Harold Kunk and family, Mr. and Mrs. Laverne Brown and friends were all Sunday visitors of Mr. and Mrs. Sam Melville and Patsy.

First Double Church Setting For Double-Ring Ceremony

When a golden and silver and yellow chrysanthemums decorated the altar of the Fort Saskatchewan United Church for the recent marriage of Miss Joan Ogden and Mr. Ogden, Victor Thorne, officiating minister, and Mrs. Peter T. Thorne conducted the double ring ceremony.

For her wedding the bride wore a full length gown of blue with a fitted bodice and light point sleeves. She carried a small bouquet of white and pink roses. A crown of sequins and pearls held the cascade of yellow roses. Her only jewelry was a diamond pearl earring, a gift of the groom.

The bride's attendants were Miss Cheryl Pryor, maid of honor, Miss Carol Ogden, the bride's sister, and Miss Margaret Ogden, bridesmaid. They wore identical dresses of Pinaud-Delone in colors of bronze gold and beige. They were matching veiled coronas and carried bouquets of yellow and bronze chrysanthemums.

The flower girl, Candy Smith, wore a dress of white with a short yellow sash. The ring bearer, a young girl of crystalline style with a full skirt with matching handkerchiefs, also carried a small yellow and white baby chrysanthemum.

The groom was attended by his brother-in-law, Mr. Norman Smith, Mr. and Mrs. Herb Whitfield. Ushers were Richard Robinson and Orville Thomas, cousins of the bride and groom.

ADDRESSMAN NEWS

Christening Ceremony At Androsan Church
Babies christened in the Androsan United Church recently were Bonita Oays, daughter of Mr. and Mrs. Lloyd Roberts, Margaret Rae, daughter of Mr. and Mrs. Basil Berry, Dennis Jones, daughter of Mr. and Mrs. W. Walker, Jeanne Marie, daughter of Mr. and Mrs. Campbell, and Daniel Ray and Linda Louise, children of Mr. and Mrs. Orville Schaefer.

The Sunday School teachers would like mothers to send a slip of paper with each child's name, address, day and year of birthday. There were 148 children at Sunday School last Sunday.
Mr. and Mrs. Hugh Hutchison are on holidays in B.C. until they have visited there for 31 years.
Christy started this week and those standing from Androsan are Ellen Reynolds and Roy Williams. David Carvill is her second year education.

Mrs. Deane Plinke had the misfortune to burn her arm and one hand and around her nose when her car was seriously hurt when her car was in an accident at the Reaser School Corner.

Editorial Comment NOMINATION DAY WEDNESDAY

With nomination day set for Wednesday, September 27th civic elections are only about a month away and it's now time for townspeople to give the subject of suitable candidates a little serious thought. The terms of two Councilors expire this fall.

In recent years reasonable interest has been shown in local elections as compared with a total lack of interest in many Alberta communities. However, there is always room for improvement and any increased enthusiasm by voters will be reflected in the Council Chambers in the attitude of representatives who take office as the selection of interested voters "backstage" takes place.

Luckily, residents can usually be found who will accept the often thankless task of administering the day by day affairs of the town, which of all forms of government, is the one which effects the most. It is to be hoped that the residents of the town will now seek out suitable candidates and then show by their attendance at the polls that they are interested in town affairs.

MISTAKES HARD ON MUSKRATS

Reports of rat sightings at this time of year are common and coincide with the annual travels of muskrats who leave shrinking summer ponds to seek more permanent water bodies to establish winter homes. The harmless muskrats differ considerably from their relatives the Norway rats but unfortunately are often killed as a result of mistaken identity.

Muskrats, keen swimmers, are more awkward on land and amble along without any resemblance to the quick, darting movements of the common rat. They may also be identified by a flat, thick tail as opposed to the long, pointed tail of the unpopular Norway rat.

HELP SAVE THE WHOOPERS

From now until the snow flies, no large white bird should be molested in the area from Alberta to western Manitoba. It might be one of the few remaining whooping cranes, making the annual fall migration to wintering grounds in Texas.

In issuing its annual appeal for assistance for the whooping crane, the Canadian Audubon Society reports splendid co-operation by the public over the past fifteen years. Though the whooper situation remains critical, hopes have been raised by the birds' remarkable breeding success in recent years. Right now there are approximately forty left in the wild, and they will all be passing along their age-old flyway over the prairie provinces this month.

The natural hazards facing the birds on their 2,500 mile flight are formidable enough to cause the loss of a single individual by thoughtless shooting. Fortunately, since extensive protection measures began there have been few known instances of deliberate shooting of the whooping crane in recent times. However, careless even-eyes of a gun is made aware of the importance of each single bird to the survival of the species, it is possible that one or two birds could drop from the flock with losses from natural causes, could spell disaster. Conservation and nature groups, sportsmen's organizations, 4-H clubs and citizens generally are urged to spread the word of their shot at any large white bird. (Young whoopers are cinnamon-brown and white and accompany their parents.)

ESTIMATE AT UNCAS BONE

Walter W. Bone, Correspondent
Mr. Sherburne of this district was pleasantly surprised last Tuesday when he had a visit from his son and daughter-in-law, Mr. and Mrs. Neil Sherburne, his grandson, Clifford, and grandchildren, and their new wedding in Edmonton.

SUGAR and SPICE

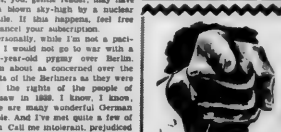

By Bill Smiley

That isn't a shocking way to be washed on a warm September Sunday morn, wait till it happens to you.

Well I got her some breakfast. And she couldn't realize a morsel. Her anniversary coincided with her debut as organist in the church. She hadn't slept a wink all night, but had done off, after four tranquillisers, at dawn. What a day!

It was about 280 degrees in the shade, but her hands were as cold as a corner's stone.

Briefly, she got through the ordeal without even fainting once. But she couldn't mix, with the rest of the family praying as they never prayed before, that Jesus wouldn't make a bollix of it.

Don't Let Your Pocket Book Head for a Crash

If your car runs into trouble, you can be sure your pocketbook will be hurt. Accident and liability insurance gives you full protection from financial loss. Get all the facts.

Let us provide complete coverage at little cost, for all your insurance needs. No obligation.

Bremner W.A. Meets

BREMNER: The first W.A. meeting was held at the Fort Saskatchewan hall on Wednesday evening at the home of Mrs. Martin Reynolds. Fifteen members were present. Mrs. R. O. Ramsey, president, occupied the chair. The date of the fall luncheon supper was set.

The next meeting will be held on Wednesday of the first Wednesday in October as some members wish to attend the opening of the Edmonton District Co-operative credit union on the evening of the second Wednesday. Mrs. P. Latham will be hostess for this meeting, at which Mrs. David Cowan will give a report of the opening chapters of the new study book.

ATTENTION DOG OWNERS

Obedience classes for dogs 6 months and over will commence Sunday, September 24 at 7 p.m. at the Vet Clinic Fort Saskatchewan. Classes will be held on Wednesdays and Saturdays. Fee: \$1.50 for Eight Lessons. For further information Phone B. H. Haver 543-2053, 10009 99 Ave., Fort Saskatchewan.

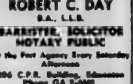

WHAT MAKES A PHARMACIST?

The study of pharmacy now requires up to a year's college of pharmacy. We have been taught everything needed to completely know about the problems involved in the recognition, compounding, physical and medical actions, storage problems and safe dosage of every chemical, or even predict that a drug will be made or better.

This expert knowledge protects you when you secure an medicine or health-aid from a pharmacist.

To round out the week, I went back to school on Monday, and there was Joe, sitting in a front seat, his age-appropriate countenance wreathed in a mienic smile. Joe is a friend in human form, as I found out last year. He was on duty, telling that he almost made me break a life-long rule never to let anybody laugh near myself.

And there he sat, leaning at me, as if he were a baby, saying, "Do you know what that character said to me, as I finished for my blackboard?" He said, "Sure glad I got you for English again, Mr. I also like to get a good teacher. You're not only to get each other again, wasn't it?" It was like having your legs out to get each other again, wasn't it? You want to run, but all you can do is grin. As I said, sometimes I wish the world would stop at Fort Saskatchewan, at dawn. What a day!

Fire Prevention Week October 8 to 14

Albertans will be asked to give special consideration to fire prevention in the home during Fire Prevention Week, October 8 to 14. Alberta Fire Commissioner, Austin Bridges in announcing the dates for the annual safety week stressed the need for a comprehensive assessment of fire hazards in the home and a plan of action in case of emergency.

It has been recommended that Wednesday, October 11 be observed

as the day of the house as a home fire prevention day. The Fire Commissioner's Office recommends the home be inspected and all inflammable waste be removed. In addition a home fire drill should be carried out and evacuation time noted.

This year in line with previous Fire Prevention Weeks, all public buildings, stores, theatres, mines and institutional buildings will be

inspected for flammable material or conditions likely to promote the spread of fire. Fire drills will be conducted at most schools, government buildings and factories, and electrical supplied with fire prevention literature.

The need for careful fire practices is reflected in the 1966 table for Alberta which shows 41 per cent died in the province from fires which caused a property loss estimated at \$7,330,000.

Garden Hints

Here are some fall gardening tips from P. D. McCall, Supervisor of Horticulture with the Alberta Department of Agriculture.

Lawns should be thoroughly watered until freeze-up so that the roots do not dry out. This is an important precautionary measure against winter killing. An application of ammonium nitrate phosphate-dicalcium applied about the end of September at a rate of 4 pounds per 1000 square feet will do much to assure a good lawn next spring. Gradual mowing the grass after the first killing frost and stored in a cool dark place. The water and mowings (mow cuttings) should be removed from the lawn. The different varieties should be stored in separate containers. Paper bags are very good for this purpose and the mowings can be treated for fungus diseases by putting 1 teaspoonful of 3 in 18 percent DDT dust in each bag.

Dahlia and root vegetables should be stored in a dark room where the temperature is kept between 38 and 50 degrees F. and the relative humidity is high. Good air circulation is important.

Tender varieties of roses should be pruned back enough to make it possible to cover them with live burlap and then wrap the mums in polythene. The polythene is to keep the mums in place. The rose bushes should not be covered until after a killing frost. Hardy varieties do not need any special care.

Raspberries should be covered with several inches of clean straw and or spruce boughs towards the end of October. This will prevent the ground from heaving in the early spring which can damage and kill the plants.

Raspberries can be pruned in the fall or spring. To prevent winter killing, it is advisable to cover the tips by bending the canes over and covering the ends with soil.

Beverages and fruit trees should be given a heavy watering just before freeze-up to keep the wood from drying out and subsequent winter killing. Beverages should not be pruned until early next summer and fruit trees until next spring.

Remember to keep your lawn mower sharp and your lawn mowed.

which lose their leaves can be transplanted in the fall provided the roots are not allowed to dry out during the operation. The plants must be well packed around the roots and the trees given a thorough watering. Trees from four to five feet tall should be staked.

CONTROL OF CATTLE GRUBS

For the past three years, insecticidal insecticides have been used for the control of cattle grubs. These insecticides must be absorbed in the animal system before they can kill the cattle grubs inside an animal body and prevent formation of warbles in the back. At present two such insecticides, Cobol and the new PM-40 are on the market. A few minutes spent in the careful study of the label will help you in the selection and proper use of the insecticide.

These insecticides can be used from the beginning of September to the middle of December, but for maximum benefit treat the animals soon after the end of the fly season. This year, with an early harvest, the animals could be treated earlier. If you are using a spray type of insecticide, it is advantageous to spray the animals before the weather turns cold and the cattle grow a long hair-coat. Animals in condition should be sprayed before they go on full feed and after they have recovered from the stress of shipping, says Dr. M. A. Kim, Entomologist at Lethbridge.

H.S.A. Plans Annual Banff Workshop

The Alberta Federation of Home and School is sponsoring its 11th Workshop at Banff School of Fine Arts, October 17th to 20th, under the chairmanship of Mrs. Wayne Mallin of Lethbridge.

The theme this year is "Understanding - Ourselves, Our Children, Our Teachers, Our Potential."

This Workshop is designed to furnish the delegates with ideas and methods that will help them function more effectively as individuals and as Home and School members.

This is in addition to similar insurance still provided for you, your wife and family and other passengers while riding in or driving your own car.

Medical Payments insurance "takes up the slack" and provides valuable protection against financial drain on your pocket book, for many services not covered by Provincial Hospitalization Plans or other forms of accident insurance have been exhausted.

IN MEMORIAM

In memory of Wilbert Allan Rader, who passed away on October 11th, 1953.
Many a lonely heartache,
And many a tearful night,
But always a beautiful memory
Of the one we loved so dear.
Lovingly remembered by the family.

BIRTHS
M. and Mrs. Arthur Davies have a son, John Arthur Davies, born on Friday, September 29, 1953, at 3:30 p.m. Weight 8 lbs. 5 oz. Length 19 in. Head 5 1/2 in. at the General Hospital.

CARD OF THANKS
I wish to express our sincere thanks and appreciation to our many relatives, friends and neighbors who have so kindly expressed expressions of sympathy, memorial donations, floral tributes, during this recent bereavement.
Special thanks to Rev. P. T. Rader, Rev. G. A. Steady and Pallbearers. The Lawrence Family.

August Worst Traffic Month

With 16 deaths reported, August was the worst month to date this year for highway fatalities in the Alberta Traffic Council said recently. The toll brought the year's total to 186, still 16 points below last year's 202 at this time.

The council said that while, however, continue to climb to new heights. The 12,627 accidents reported in August brought the year's total to 12,627, an eight percent increase over last year. The year's injury toll has reached 1,939 compared to 1,811 in August, 1966. The year's total is 19,399.

Lack of Interest Forces Disbanding Committee

At the annual general meeting of the 1st Wye Group Committee, held in Wye United Church Hall on October 18th it was decided that owing to lack of parent interest there was no alternative but to disband the present Group Committee and return the Charter to the sponsoring body, The Wye United Church.

It is very much regretted that such a step had to be taken when there are so many here in the district who could derive a great benefit from the Cubs and Scouts organization.

Mr. Bedford, minister of the United Church, while agreeing with the United Construction Co. will continue to build your new home on your lot or theirs. Complete build to your choice. Trade-ins Accepted. Phone 543-2051 Fort Saskatchewan

DISSEMINATION NEWS

Home Making Course Planned

The District Home Economics, Marion Atkinson, will begin her course on "Home Making," Friday October 27th at 1:30 p.m. at the home of Mrs. Wm. C. Wainwright. Anyone interested call Mrs. Julius Fry, 543-2825.

The Ladies Community Club held their monthly meeting at the home of Mrs. Albert Thelma. The president, Mrs. M. B. Bodemann, shared the meeting. Several items were under discussion. Halverson's was one of the topics.

The co-chairmen, Mrs. Alvin Fry, Mrs. Jack Bannard and Mrs. Alvin Mohr served a tasty luncheon to close the evening.

Duffield Reformed Church held its Harvest Home Festival Sunday October 22. On behalf of the congregation Rev. Kruger thanked the Rev. C. Powell of Edmonton, Superintendent of Home Missions, who delivered both the morning and afternoon service. A beautiful meal was served at the home hour.

Mr. and Mrs. Harold Fry, Mr. and Mrs. Emmanuel Mohr, Hattie, and Marion attended the Harvest Home Festival at Duffield.

A speedy recovery is wished Mr. Wm. Woodbridge's daughter, Mr. C. Woodbridge of Edmonton who underwent surgery in the University Hospital.

Mr. and Mrs. Rudolph Roppel, Mr. and Mrs. Harold Gahert, Mr. and Mrs. Robert Hays and Fred attended the musical graduation exercises for Marcelle Cye at the Jubilee Auditorium, Sunday night. Mr. and Mrs. Eli Cye entertained after in honor of their daughter at the Airlines Hotel.

SPECIAL SERVICE

Special services to be held at the Church of God in Josephburg from October 2nd to October 30th. 8:00 p.m., except Saturday, will be K. Belbeck of Red Deer. A cordial welcome to those services.

EAST EDMONTON NEWS

Bruce and Althea Thorpe, his sons of Mr. and Mrs. A. Thorpe, celebrated their seventh birthday with quite little friends at an old school party.

George Angus had the pleasure to fall from a building and land his foot.

LIGHT

Another difficulty most people have with house plants is the lighting. Each house plant has its special light requirements. When this is not provided, failure will result. Unless light can be supplemented, it's best to grow plants which will do well with the existing lighting system in the home. The following is a list of house plants which require light which may be provided in most homes.

Bright Sunlight: Cactus, Cereus, Cacti, Crown of Thorns, Chamaecyparis.

Medium Amount of Sunlight: African Violet and Gloxinia, east window in winter and south window in summer. Dieffenbachia, Begonia Kalanchoe, Calceolus, Spider Plant, Rubber Plant, Ferns, Marattia, Palm, Peperomia, Stiffleaf.

Practically No Sunlight: Sansevieria, Ficus, Aspidistra, Ferns, Baby Tears, Chinese Evergreen, Wanderspar Dracaena, Philodendron, Aluminum Plant.

TEMPERATURES & HUMIDITY

Many house plants are natives of humid tropical climates and do not thrive in dry air. House humidity in winter goes down disastrously low for house plants. Even with a bottle of boiling water on the stove, the humidity seldom comes up to ideal plant requirements. To compensate this lack of humidity, smooth leaved plants should be washed or sprayed with plain tepid water as often as possible. Excessive use of "plant shine" is not good for plants.

Ordinary room temperatures of 70 to 75 degrees F. are suitable for most plants. Avoid placing plants near or over hot air outlets, radiators or drafts. Most plants can survive such conditions.

INSECTS

The most troublesome and destructive insects are spider mites. Perhaps it is so because of the fact that they are noticed after the damage has already been done. These are spider-like insects, hardly visible and start their infestation on the under-side of leaves. Later on a fine webbing is seen at the ends of the leaves and plant tips. Eventually, the leaves turn yellow and drop off. Other insects which may cause damage, although more easily detected, are plant lice and scale insects. The best thing is to check plants closely at least once a week. If insects are present, use a spray containing Malathion. It will control all of these pests.

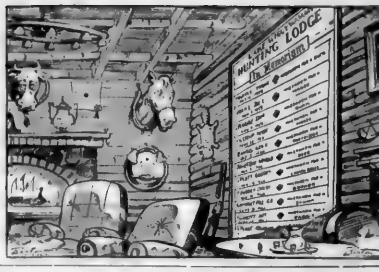

FEEDING

Water and soil is not sufficient to grow beautiful house plants. The plants need to be fed regularly approximately every two or three weeks with a fertilizer that will supply nitrogen, phosphorus and potash. Most of the flower shops handle a variety of good fertilizers which may be obtained.

Josephburg Church Wedding Scene

Josephburg Reformed Church was the scene of the recent wedding of Miss Norrene Schwab, eldest daughter of Mr. and Mrs. Elmer Schwab and Mr. Gary Smith, youngest son of the late Mr. and Mrs. Smith of Vancouver, B.C.

Over in marriage by her father the bride chose a four-leaf clover for a short veil, and her bouquet of white carnations and bronze baby's breath.

Mr. Ernest Schwab, brother of the bride, attended as best man, and the guests were entertained by Mr. Howard Robinson. Mrs. Kruger played the wedding music.

Lodge Members Present Gavel

The regular meeting of the Order of the Royal Purple was held Monday, October 9.

Seven ladies went to Wetaskiwin, October 8th, to present the travelling gavel, with Brother Kuehl from the B.P.O. Elks and Roland Demasche supporting cars.

Due to a sudden bereavement in the Wetaskiwin Lodge we extend our deepest sympathy to the family of the late Lady Walker.

The meeting came to a close with much enjoyed by the ladies of the Royal Purple and the B.P.O. Elks. The next social meeting will be held in the Legion Hall, November 10th, in conjunction with the B.P.O. Elks installation of officers.

NEAT EVENTS IN ALBERTA

There are at least 100 different kinds of species of insects in Alberta alone, according to H. R. Chittenden, entomologist at the Agriculture Research Station, Lethbridge, Canada. Only about 100 of these are very destructive ones in seasonal outdoor gardens.

Large Crowd For Bingo

A large crowd attended the Bingo held at the school on Saturday night. Members of the Community Club served pie and coffee.

Mr. and Mrs. Warren Thomas and Mrs. M. and Mrs. Ben Picher and family, the Drs. Duncan and family, Mrs. T. Thomas and Mrs. Louis Thomas and Michael spent Sunday at the home of Mr. and Mrs. Picher. The occasion being Michael's Charles' first birthday. Gracie Thomas will remain in the city for a few days yet.

Mr. and Mrs. Gordon Fleming and family, Mr. and Mrs. J. Brown, the week-end with Mr. and Mrs. Roger Fleming.

Mr. and Mrs. M. Picher and family, Miss Mary Ann Brown of Vancouver, B.C., arrived on Sunday. Miss Mary returns home

Missionaries Describe Plight of Angolese

The congregations of Hastings Lake, Manitoba, and South Cooking Lake were well represented in the large and interesting congregation which gathered at Ysabel United Church on Tuesday evening, October 18, to honor two missionaries from Angole, Rev. and Mrs. Hugh Becking, both well known and highly esteemed within their own churches. Mr. Becking was present minister, and he and Mrs. Becking were accompanied by Rev. and Mrs. J. Brown, South Cooking Lake church of the United Church.

Mr. Becking's sermon was a moving description of the terrible, desperate sufferings of the Angolese natives under Portuguese rule.

At the reception held in the church basement, after the service of worship, old friendships were renewed and new ones were made.

The local branch of the W.A. met on Wednesday afternoon, October 25, at the home of Mrs. J. Brown. Present were 15 members and

Among the airplane passengers who left Edmonton for Toronto one day early last week were two nuns for whom the trip was the happy realization of a long-cherished dream. They were Mrs. J. Brown and son Bob. Both nuns in Toronto

visitors. President Mrs. John Hawkins was at the chair and secretary, Mrs. A. J. Nielsen was in charge of the music.

The main items of business were two: first, the police report, planned for late October was postponed until November; the date to be known later. Next, it was decided to hold a ladies "tea" in the basement of the United Church on Wednesday, October 28th, for the purpose of making arrangements for the November meeting which will be held on November 1st at the home of Mrs. Dick Wilson, when the response to the roll-call will be a mental home.

As usual the meeting closed with a social hour and a lunch served by hosts, Mrs. Brown and her mother, Mrs. J. Brown.

The Dominion Bureau of Statistics estimates that some six million Canadians, a third of our population, change their address each year. In order to keep up with this migration the Post Office is soliciting the co-operation of its patrons in notifying correspondents of changes of address.

Post Office officials have explained that one of the best ways to do this is for patron to use a new Change of Address Announcement card. This card may be obtained in any quantity, free of charge, at Post Office. This card passes through the mail "Postage Free" to Canada, Western States and Mexico.

Editorial Comment HALLOWEEN NEXT WEEK

You won't need a calendar to remind you of the date next week—you'll know by the presence of happy witches, clocks and hoots when October is drawing to a close with All Hallows' Eve. It's a big evening of fun for kids but there's also danger afoot and credit is due to the thousands of motorists who travel the streets without killing or crippling many of the colorful bundles of rags that dash right and left across the streets on this special evening.

Face masks should be designed to ensure a proper fit that will not reduce the wearer's field of vision making night travel hazardous. Failure to do this, make-up can be used to make a youngster unrecognizable. Long hair should also be avoided as they could lead to tumbles on unfamiliar streets.

Don't allow use of thin plastic bags for any part of a headpiece. Children held by this material has been pulled over the head for a space helmet.

SUGAR and SPICE By Bill Smiley

The only people who pursue them are the same ones who read and shake their heads over the editorials about highway accidents (tooth fairs and unnecessary drunkenness). I have a mental picture of this reader audience.

It is made up of gentle old ladies who have never learned to drive a car, never smoked a cigarette and had never ridden in anything faster than a roadster, and never hunted anything wider than a husband.

This puts the editor in the same position as the preachers who blast away at sin on Sunday morning to a handful of the faithful, while all the sinners are at home in bed recovering from their Saturday night activities.

All I can say is that it serves the editors right. They're trying to take all the thrill out of hunting it's a damn dreary, cold sport at best. The only element in it that appeals to the man of spirit is the danger. And about there is little danger of being trapped to death by a rabbit, torn to bits by a porcupine, or smashed to a bloody pulp by the charge of a wild cat.

My double You Energy found me sound asleep on the cheerleader with a copy of a book called "How to Double Your Energy". It was across my chest. My family has been reading it for some time. I have experienced, but in spite of that I propose to tell you about the book it is called "How to Double Your Energy".

It is a wonderful book called "How to Double Your Energy" and "The Double You Energy". The author is a dynamic woman, Margery Wilson, who has a reputation for having plenty of energy herself (she has written ten other books, so you see, I am inclined to put a lot of faith in what she says).

She preaches a rather unpopular doctrine. Her theme is that if you aren't going very well, it's very likely to be your own damn fault. To her experience (and she has been counselling to thousands of troubled people) the faults that this world are usually ineffective because they carry too many reservations and self-doubts. She is pretty blunt about it. If you have a warm and honest interest in helping people, it will be a miracle if you are poor unless it is by deliberate choice. On the other hand, you are cynical, distrustful, and self-centered. It will be a miracle if you get rich—unless some better-natured grandfather leaves you the dough in his last will.

Miss Wilson claims that resentments simply kill energy, drain it right out of you. You cannot hate and be full of zest at the same time. You cannot be me and small and still have the energy to do big things. Miss Wilson writes, "Looking back on my life I realize that I remember that the person who came forward to help me in any way was never a person who I hated or resented. I have experienced instances of great kindness and help from people who were not my enemies."

This, of course, is a strange doctrine in these days when it is so popular to decry success and reward failure. But Margery Wilson ladies it out to a most convincing manner. If you are feeling sorry for yourself, tired, and in the dumps—read "How to Double Your Energy". You might not like the medicine, but the results are good.

Abundant Life HOW TO CHANGE THE WORLD By GRAL ROBERTS

had such great power that all the nations of the world trembled before him. Hitler so cruelly made his mark that the wounds of his reign are still visible. The lives of these men testify to the power of single individuals.

And I working with Christ can change the world. Even as He brought healing, love, understanding, and freedom from the chains of sin and tradition, we, His loving Father who is concerned about His children, must open the nations like a wind-blown screen across a prairie. The words and teachings of Christ were burned indelibly into the minds of a group of people who believed in Him. These words and teachings have been recorded and passed on to us today.

Who can count the thousands of people who have been illumined and lived by them? Christ is not the only individual whose life has made a lasting mark on society. Many other men, by their personal lives, have shaped the destiny of mankind. But unlike Christ, His influence was not always for the better.

Alexander the Great will never be forgotten because of his conquering armies which swept over the world. Napoleon Bonaparte changed the world, but his attitudes are important. When you affect your community, your church, your town, your social contacts, and above all, your family, you have a personal contribution to make—an important one. It could be the best to Christ.

As you use your actions and influence to work for the kingdom of God, an amazing thing will happen to you. You will experience abundant life. You can change the world.

As you use your actions and influence to work for the kingdom of God, an amazing thing will happen to you. You will experience abundant life. You can change the world.

As you use your actions and influence to work for the kingdom of God, an amazing thing will happen to you. You will experience abundant life. You can change the world.

Do You Grow Oats?

Every farmer in the Saskatchewan area, I believe, grows oats so there may be a few who are not. The facts here give about the varieties and growing of oat varieties in the time wanted for the grain.

The average annual production in Canada in recent years has been about 416 million bushels with 79 percent in the prairie.

As oats thrive best under cool conditions the heavy concentration of oat production in Manitoba, Saskatchewan and Alberta are in the central and northern regions and Saskatchewan is right there. Stage, quality and yield are our 1961 record varieties.

almost completely disappeared or now occupy only an insignificant proportion of the total acreage devoted to oats in the prairie provinces. The remaining two varieties of 1961, Eagle and Lanza, will probably continue to hold a position of some importance in Alberta because they are early-maturing varieties and can be grown successfully in areas where early fall frosts often damage late-maturing varieties.

In 1956, three years after it was first distributed to farmers, Rodney became the leading variety in Western Canada. In that year it occupied 21.6 percent of the total seeded acreage. As the data show, Rodney was grown on 3,125,235 acres in 1960, or occupied 47 percent of the total seeded area of oats grown in the prairie provinces in that year.

Victory was the most prominent variety in the other provinces in 1960 and remained the leading variety in 1961. During this 10-year period it never occupied less than 28 percent of the planted acreage although its popularity declined steadily after 1954, as late as 1958 it was still the second most important oat variety in western Canada.

Other interesting items on the 1961 oat varieties are: 1. The average yield per acre for the 1961 varieties was 22.5 bushels. 2. The average yield per acre for the 1961 varieties was 22.5 bushels.

VARIETY IMPORTANCE
In the successful production of oats the variety grown is exceedingly important. There are, however, comparatively few oat varieties that are well adapted to all the soil and climate variations in the prairie provinces. In each of the provinces a number of varieties are being grown that have some adaptation to the area.

Partridge Hill Church Wedding Scene

On October 26, the United Church at Partridge Hill was the scene of a double ring ceremony when Donna May Lawrence became the bride of Douglas Allen Thomas. Rev. Peter T. Ream of Port Huron officiated.

Donna is the daughter of Mrs. E. E. Lawrence and the late Ernest Lawrence of Port Huron. Douglas is the son of Mr. and Mrs. Leo Thomas of Hamilton.

For the afternoon ceremony, the church was decorated with bouquets of yellow irises and lily-of-the-valley.

Given in marriage by her uncle, Mr. Michael B. Burrows of Port Huron, the bride wore a floor-length gown of white tulle with lace and blue bodice, styled with long sleeves. A sequin trimmed finger-tip veil was held in place by

a chiffon crown. She carried a bouquet of red, rose and white irises with red lilies. The bridesmaids wore white dresses with red sashes. The groom wore a tuxedo with a white shirt and a red tie. The ceremony was held in the afternoon at 2:30 p.m. The reception was held in the church hall. The bride and groom were accompanied by their parents and the bridesmaids. The groom's best man was Mr. Leo Thomas. The officiant was Rev. Peter T. Ream. The ceremony was held in the afternoon at 2:30 p.m. The reception was held in the church hall.

HOW MANY ARE BANK CUSTOMERS?

A safe guess would be every one of them / That's because, in Canada, practically everybody has regular dealings with a chartered bank / Deposit accounts number more than 18% million - or better than one for every adult. And on the books of the banks at any one time are 1,800,000 loans for just about every personal and commercial purpose / Through 8,000 branches, from one end of the country to the other, the chartered banks bring a full banking service within the reach of everyone.

Activities Planned at Meeting Of Partridge Hill Group

The Women's Federation met last Friday for its November meeting at the home of Mrs. B. A. Lawrence with Mrs. Duncan and Mrs. Harry Smith, joint hostesses. The president, Mrs. Morris Oshelton, presided. The report of the secretary and mission program was prepared by Mrs. Morgan Allen with Mrs. Lawrence, Olive Oshelton, Dorcas Smith and Helen Lawrence taking part. Mrs. Harry Lawrence presented a chapter of the study book.

During the business session final plans were made for the Christmas party to be held on November 18th, also for a joint meeting with Yarn Valley to be held November 28th at the church when officers will be elected for the new organization. The ladies of Yarn Valley and their daughters were born and christened in the family. Mrs. Gordon Lewis brother-in-law, many friends who will be with them. We extend the sympathy of the district to the family.

GOOD BROTHER NEWS
DISTRICT RESIDENTS
ATTEND DANCE
Mrs. S. Fletcher, Correspondent
Quite a number from this district attended the Yarn Valley district wedding dance in Brudenheim Hall on Saturday night, November 4th. Mr. and Mrs. Martin Johnson and Colleen of Edmonton visited at the Dore Burnett home last Sunday. Congratulations go to Mr. and Mrs. Ed Fletcher on the birth of a son in Archer Memorial Hospital. A brother for Grant, Wayne and Brandon Burnett. Mr. Fletcher as the father home this week. Mr. Martin Bell, who has been away working on a pipeline, spent a few days at home with his family last week. Mr. and Mrs. Roger Fleming had a 4th week. The late father, Mr. parent, Mr. and Mrs. O. L. L. of Mill.

Clover Bar Couple Honored on Occasion of 25th Anniversary

CLOVER BAR: Friends, relatives from Claver Bar, Broomfield, Broomfield and Broomfield gathered at the home of Mr. and Mrs. Ardy O'Keefe on the occasion of their 25th wedding anniversary.

Mr. and Mrs. Ardy O'Keefe, who have been married for 25 years, have been active in the work of the church and community. Ardy is a member of the Board of the church and has served as Secretary-Treasurer for many years.

Mr. E. Keith, a pioneer of the Claver Bar community, presented the party program. The party was held at the home of Mr. and Mrs. Ardy O'Keefe.

F & G Convention Here Next Year

Port Saskatchewan Fish and Game Association was represented at the Northwestern Prairie Zone meeting at Ft. St. Paul on November 6th by Ardy O'Keefe, Fred Young and Jimmy Smith. They report that Port Saskatchewan will be the site for next year's convention.

Regarding the local club, Mr. Young stated that a general meeting of members is planned for early December. More details of the club will be available when plans are finalized.

V.O.W. Meeting
The Yoke of Women will meet at the home of Mrs. Elaine Young on November 15th at 8:00 p.m. All ladies who are interested are welcome.

Recreation HSA Topic

A meeting of the Port Saskatchewan Home and School Association was held in the High School Auditorium, Monday, October 23rd.

The meeting was well attended and began with a short program of songs presented by Mr. Archibald and the Junior High girls' chorus.

The main topic of the meeting was a discussion of the curricula of sports and recreation activities for children with low standing—the amount of recreation and by whom ruled.

The Recreation Board was represented by Mr. Martin Philbin and Mrs. Schomberg, who presented the aims of the board and what had been achieved to the present.

Representatives of local sponsoring organizations were present. A general discussion of the topic was held.

A final meeting of the Recreation Board will be held on November 15th.

GREEN ACRES

By PETER JAMESON
District Agent

How Many Can You Answer?

Please read over the following questions and see if you can give the correct answers to the correct answers.

The last taken from the Alberta Highway Department is a double solid line for the purpose of overtaking and passing a vehicle.

21. When should headlights be used?

22. What is the meaning of a flashing red light?

23. What does the right-side sign mean?

24. In overtaking and passing an oncoming vehicle, how should the driver proceed before it before reaching the lane in which he was travelling?

25. What is the correct position of the roadway before making a right turn?

26. What does the law require when a driver is involved in a motor vehicle accident?

27. What accident must be reported to the police?

28. Is it permissible to make a right turn against a sign without first coming to a stop?

29. Is a driver responsible for the maintenance of the brakes on his vehicle?

30. When a dangerous object appears on the highway should a driver take any action?

10 YEARS OF AMAZING PHARMACY PROGRESS

Who ever believed 10 years ago that pharmaceuticals would be almost wiped out by the use of modern spectrum antibiotics or that a woman would control pills.

Within the past ten years we discovered modern, safe anti-bacterial medicines and to invent them. And all this discovery was made possible by the use of modern spectrum antibiotics or that a woman would control pills.

YOUR DOCTOR CAN PROVE IT when you make a mistake. Pick up your prescription if it's dispensed incorrectly, or we will deliver promptly without extra charge. A great many people entrust to their prescriptions. Who is responsible?

FASHIONS CHANGED CONSIDERABLY

Fashions in men's clothes and in radio equipment have changed considerably since this photo was taken in the early 1920's. Jack Dempsey, second from left, then world's heavyweight boxing champion, is shown taking part in a broadcast.

at a Montreal radio studio. The large horn-shaped microphone is a far cry from today's tiny, almost invisible types. With somewhat similar primitive equipment, the Canadian Broadcasting Corporation began its radio operations in 1922.

On November 2, 1961, CBC celebrated its Silver Anniversary in broadcasting. Dempsey has long since retired from the ring, but the CBC is now actively engaged in a greater number of activities than ever before in its history.

GRIERSON NEWS

W. I. to Elect New Officers

Reported by Mrs. P. Lindquist
Women's Institute members don't forget the December meeting will be held at the home of Mrs. Ben Melville on December 12th. On the agenda is election of officers and

exchange of Christmas gifts. Hostesses will be Mrs. Ed Underhill and Mrs. Mrs. Van Camp. Mr. and Mrs. Ben Kuhn, Port St. John, B.C., were well and guests of Mrs. Kuhn's parents, Mr. and Mrs. Jim Alsenach.

Congratulations to Karen Sheehy and Cherry Bennett on receiving honor rings from the Clever Bar School Division for passing the

grade nine departmental examinations with honors.

SAFE-DRIVING WEEK

Dec. 1 to 7

DRIVE SAFELY THIS WEEK
AND EVERY WEEK

ATTENTION Owners and Operators of Mobile Equipment

Effective January 1, 1962, all mobile equipment coming within the definitions quoted below is again subject to licensing.

Inspectors are constantly in the field checking all such mobile equipment.

Provision is made for the imposition of a fine and possible impoundment of equipment where a violation of the Act occurs.

The following definitions are taken from The Mobile Equipment Licensing Act:

(d) "MOBILE EQUIPMENT"

(i) means machinery or equipment capable of being moved to its place of use under its own power or by being towed, pulled or carried and not intended to be affixed to land; and

(ii) includes equipment used for the purpose of seismographic exploration and, without restricting the generality of the foregoing, includes

(A) seismographic recording equipment and all appurtenances thereto;

(B) conductor cables and cable reels, geophones, amplifiers and cameras;

(C) explosive and detonating equipment;

(D) drilling units and all the component parts and appurtenances thereof; and

(E) water tanks and pumping equipment; but

(iii) does not include

(A) vehicles licensed under The Vehicles and Highway Traffic Act, or The Public Service Vehicles Act, exclusive of mounted equipment on such vehicles; and

(B) equipment, other than vehicle mounted equipment, used to drill a gas or oil well;

(e) "MUNICIPALITY"

means a town, village, municipal district, county, improvement district, special area, metis improvement district or forest reserves;

(f) "OWNER"

includes a person renting mobile equipment or having the exclusive use thereof under a rental agreement or otherwise;

NOTE: Mobile Equipment having an original list price of less than \$2,000 does not require a license under this Act.

A copy of The Mobile Equipment Licensing Act may be obtained upon payment of two cents from the Office of the Queen's Printer, 10255-104th Street, Edmonton, Alberta.

Address all inquiries regarding MOBILE EQUIPMENT LICENSES to the DEPARTMENT OF MUNICIPAL AFFAIRS, Edmonton. Licenses are also available at Department of Municipal Affairs Offices at Medicine Hat, Lethbridge, Calgary, Rocky Mountain House, Red Deer, Edson, Evansburg, Bonnyville, Lac la Biche, Westlock, High Prairie, Peace River, Spirit River, Grande Prairie, Oyen and Consort.

DEPARTMENT OF MUNICIPAL AFFAIRS PROVINCE OF ALBERTA

A. W. Morrison,
Deputy Minister.

A. J. Hooka,
Minister.

Wheat Pool Reports Successful Year

Reports presented to delegates attending the annual meeting of the Alberta Wheat Pool in Calgary show that this farmers' co-operative has had another successful year of operation.

During the year the Pool operated 160 country elevators and terminal elevators at Vancouver, Victoria and Port Arthur.

The report of the Pool's board of directors drew attention to the unsatisfactory income position of western agriculture and stated that representation has been made to the federal government for the cancellation of savings payments and the death benefits to producers who experienced crop failure in 1960.

The Pool's board also paid tribute to the Canadian Wheat Board and the federal government for their efforts in marketing Canadian wheat in the past season.

A few head clover is considered bulky because its four leaves form a cross.

Net earnings totaled \$2,800,000 a gain of nearly \$600,000 from the previous year. Dividends at the meeting will divide how these earnings are to be disposed of. It has been customary to return surplus earnings to members as patronage dividends.

Service every Sunday Evening at 8:00 p.m. in First United Church, Fort Saskatchewan.

Seal Sale Shows Nice Progress
Dr. A. C. Douglas, Registrar, vice-chairman of the Kimmie Club of Edmonton Seal Sale Committee, reported last week returns totalling \$40,151. "Donations are coming in nicely," he said, "and we hope that those intending to purchase their seals will do so shortly so that we can wind up the campaign as soon as possible."
Mr. C. H. Rowland, Edmonton, vice-president of the Alberta Tuberculosis Association, reports total returns for the province at \$86,280 which is 30 percent of the objective. Contributions may be sent to the Kimmie Club of Edmonton 7th Street, Edmonton, or dropped in the box at Neumann & Co., 1019 Jasper Avenue.

Announcing
THE INTRODUCTION IN ALBERTA OF DOW BREWERY (WESTERN) LIMITED
AND
Dow
PRODUCTS

A great Canadian brewing company has now entered the Alberta Market, and will operate the plant of The Big Horn Brewing Company Limited which will henceforth be known as DOW BREWERY (WESTERN) LIMITED manufacturing DOW products for sale in Western Canada.

The longest-established brewery in Canada and one of the nation's largest, Dow has historic associations with the three great names in the Canadian brewing industry, having been founded by Thomas Dunn in 1790, purchased by William Dow in 1818, and amalgamated with the Doves Brewery in 1909.

The Dow Quebec City plant—though one of the most modern in Canada—is located on the site of Canada's first brewery built by the Independent of New France, Jean Talon, in 1648. The vessels of the DOW plant at Quebec are the original stoneware used to stack the colonists' "blends" nearly 300 years ago.

DOW BREWERY (WESTERN) LTD.
CALGARY — ALBERTA

Plan Christmas Services at Bruderheim

The Lutheran Congregation at Bruderheim, will present its first Christmas service next Sunday evening in service opening at the church at eight o'clock.

The Church Choir consisting of about twenty voices will present the Sacred Christmas Cantata, "Love Transcending" written by John W. Peterson. Choir director is Mrs. John R. Housman and the soloist is Miss Jennifer Froehman. Organist is Marjorie Henning. Caroline Kalliba, Kalliba Froehman, Loma

Martin, Dorothy Praeger, Clifford Kalliba and Stanley Rader. Some of these are principals in past parts.

Following the Cantata, Christmas Time Message. Candle Service will be celebrated symbolizing Christ as the Light of the World, that enlightens every man who will receive this Light of Life. The specialty arrangement, "Morn'g Star, O' Shining Right" will be sung by the Junior Choir with Mrs. Kalliba singing the solo part.

The general public including all

members, visitors and friends of the congregation are most cordially invited to be present.

Potterage dividends amounting to nearly \$2,000 will be distributed to Alberta farmers on grain delivered to the Alberta Wheat Pool in the 1961-62 crop season. This decision was reached by delegates attending the annual meeting of this farmer-co-operative in Calgary. It is one of the largest ever paid in Alberta.

SERVING THE PROVINCE OF ALBERTA

Time was, when relaxation and fun for all the family meant an evening with the stereopticon or magic lantern. Fun, sure — but how limited your scope of entertainment was. Then there were the hand-wound phonographs with cylindrical records. They're museum pieces now, but not so long ago they were the only way to enjoy your favorite classical or popular music.

Today, the world of entertainment is at your beck and call. The magic of electronics has produced beautiful high-fidelity and stereophonic dimension in recorded music. Radio and television have brought a wealth of information, news and entertainment right into your living room. Electricity has changed your way of life this past fifty years. Now, you LIVE BETTER ELECTRICALLY.

Beef Improvement Slow but Sure

Every cattle producer must wonder occasionally how much progress is being made in the long and difficult road of beef improvement. A close look at the whole beef industry picture was taken by members, dealers, packers, retailers, and researchers at the first Canadian Beef Improvement Conference held in Colorado this past summer.

Conference Summary
As a result of breeding programs, considerable improvement has been made in such traits as birth weight, weaning weight, rate of gain, and efficiency of gain. Feed, feed weight, and slaughter grade. Characteristic such as these are considered to be high enough degree to allow progress to be made by selection. There are two methods of selecting breeding animals. One is to select for physical traits believed to be related to production; the other is to select for production directly. The group of physical traits can be so closely related to production as to produce little beef cattle producers have been asked to limit to standard or modify the physical traits method. Production and efficiency of dairy cattle, poultry and live wool sheep have improved recently under a system of breeding for production.

Heritability—A Factor
The heritability of carcass grade (80 percent), rib area (90 percent) and fatness (80 percent) indicates that heritability is the key to improvement in beef carcasses. The heritability of slaughter carcasses, of course, based on the measurement of slaughtered animals. Thus, direct selection of replacements for the breeding herd must be carried out. Progress or lack of progress remains the best method of breeding for carcass improvement.

Measurement of carcass traits in live animals, is a problem. Research with electronic or radiative devices promises to provide the necessary break-through in measuring fat and muscle in breeding animals.

Feeding Program
A successful feeding program is built around the following factors: roughage, energy, protein, minerals, adequate supply of minerals especially phosphorus, adequate vitamins. A recognition of nutrient requirements including energy for different types of cattle in various environments, increasing the energy level of ration as the animal grows, realizing that maximum energy and too soon results in more carcass and less milk.

Beef Cows In Extremes
One estimate at the time observed that cattle are the most extravagant consumers of grain in the world.

Evergreen Wreath Easily Made

A wire coat hanger, a few sprigs of evergreen and a few minutes of your time, that's all you need to fashion a decorative evergreen wreath. Laying the hook at the top, simply insert the hanger into a round tree. Push the wire through to the ring with heavy thread and a large needle. Sprinkle the evergreen with several small pieces hanging over the

- Study Feeders and Cows**
Producers and feeders are urged to follow their animals into pastures, houses, and to recall certain to use what type of meat they are producing.
1. Animals of 800-1200 lb. live weight; 500-700 lb. dressed weight;
 2. Firm white fat cover uniformly distributed, no thicker at ribs than 2 1/2 inch per 100 lb. of dressed meat;
 3. At least 40 percent of carcass weight in the hindquarters;
 4. Bright red, firm, finely textured rib eye having at 12th rib at least 2 1/2 sq. in. of lean per 100 lb. of dressed carcass;
 5. Yield of primal cuts no less than: round 22 percent of side; loin, 17 1/2 percent of side; rib, 8 1/2 percent of side;
 6. Rate of gain to average no less than 2 1/2 lb. per day from birth to slaughter; 11 1/2 lb. on dressed basis;
 7. Finely dispersed, abundant marbling of rib eye;
 8. Tenderness of no less than 5 medium tenders; as determined by a taste panel on a scoring system where 1 is extremely tough and 5 is extremely tender;
 9. Kidney and gut not exceeding 2 1/2 lb. per 100 lb. of carcass;
 10. Deep red color of bone.

There is strong indication that animals with somewhat more length of body and less depth, have the better retail value. The shorter bodied animals tend to have a higher proportion of fat and more trim of primal and retail cuts. Studies on carcass criteria reveal that carcass fat is the chief deterrent to favorable retail weight values and fat returns.

Santa Claus in Indiana
Santa Claus is the special friend of the young, which makes it only fitting that the town of Santa Claus, Indiana, was named by children. Today, thousands of children from all parts of the world, write to Santa Claus in Santa Claus, Indiana, and each of them receives a return letter from Santa Claus himself.

The stage was set for this happy situation more than one hundred years ago. The citizens of this small Indiana town were gathered to select a new name for their community. Originally, it was called Santa Pe, but postal authorities suggested selection of another name since there already was a Santa Pe in New Mexico.

Today's Toys Please Both Pop and Son
The average father isn't content to have Junior's train as Santa delivered it, in the box. After Santa makes delivery, dad just has to get down on his knees, set up the rails and give the train a few practice runs. This, of course, is why toy makers stress the "father and son" approach in selecting toys and advertising them.

Toys for the current Christmas season will please both the old and the young. Many of them run in a wide range from electric trains to scale models of ships and planes, power drill sets, model power boats and model airplanes.

GREETINGS
To one and all of our loyal friends we wish that this Christmas may bring you many precious blessings... blessing that will fill your heart and enrich your life for years and years to come.

ROLAND'S JEWELLERY
Fort Saskatchewan

Christmas is a busy time for parents, and a busy time for baby sitters. Since parents are constantly at the go as the holiday approaches. Thus, a word to parents:

1. Know your sitter personally, or at least by reputation.
2. Be sure that she is old enough to know what to do in case of an emergency, and young enough to be able to do it.
3. Leave money beside the telephone, telling her exactly where you are going and how you may be reached if needed.
4. Leave telephone number of fire department and police in company.
5. Advise sitter to keep children out of kitchen, if possible, and be sure she realizes that matches, electric cords and appliances are not to be touched.
6. Turn off Christmas tree lights when you leave, or instruct sitter to do so.
7. Be sure that sitter knows what to do in case of fire: get children out of house, notify fire department and notify parents, in that order.
8. Come home at the hour agreed upon, or telephone after if necessary.
9. Have a safe, happy holiday.

We're making your way to wish you a good old-fashioned Merry Christmas abounding in the great gifts of health, happiness and contentment.

Christmas Decision

Christmas is always the most important day of the year and our particular Christmas day in the year 1774, greatly affected the course of American history.

On Christmas day of 1774, the strength of the new American Republic for independence seemed all but hopeless. Tattered, hungry, and ridden with poverty, the American Army was barely hanging on with little left but hope. Along the banks of the Delaware River some men were huddled, many shivering, some weeping.

Magee Wins Club-8

The Club 8 schedule wound up on Sunday night with 3 games played. In the other scheduled game R. Werner defeated A. Schaefer 6-3.

O. Magee was the league winner and will pick up the trophies although he lost his final match to the W. Buck rink with H. Parry. Magee jumped off to a 3-2 lead after six ends, but never got to the board again as Buck tied him up at 8-0 after 10 ends.

blanked the 11th but it didn't help him as Buck posted up the points on the 11th for the win.

J. Stannard, with Denny Hartman as a 2-2 lead went to 3-1 lead after 5 ends over T. O'Kane. O'Kane came back and after the 8th it was 4-0 for Stannard. Stannard had the 9th, 10th and 11th ends for last rock going home, but it didn't pan out and O'Kane picked up the 3 points on the 12th for the win.

O. McIntyre and D. Randall had a good game going. After the 8th it was 4-2 for McIntyre. Randall came back strong and it was 7-0 for McIntyre after the 8th. McIntyre picked up on the 9th and another on the 11th to put him 3 up going home, only to blow his game by giving Randall 10 on the 12th.

McIntyre and Werner with only 2 games against 6 losses will drop from the league for the next year unless they are accepted on a re-application. The two sectional play-off will start on January 7th.

LEAVES ON TRIP

Mrs. Carolyn F. Love left Monday to spend the Christmas season with her daughter and son-in-law, Mr. and Mrs. M. O'Connors in Calgary. Mrs. Love plans to leave for home in February to spend the season in the States where she will visit with relatives and friends.

Home and School Meeting Held

At the regular meeting of the HSSA recently, following an address of welcome by President J. Knapp, the guests paid the Christmas season with reports by students on Summer Courses. Speaking were: Barbara Hahn, Michelle Baylis, Jeanne Myers, Dianne Skokni, Orville Skokni and Arthur Skokni. Mrs. Marshall, program committee.

Following a brief explanation by Mr. F. B. Pacey of a new program of awards to high school students, Mrs. J. Ferguson presented rings to 1961 Grade IX Honor students: Brenda Bevan, Donna Byrne, Cheryl Buchanan, Shana MacPherson, Karen Shackleton, and Janice Chisholm.

Mr. O. Meyer presented Honor Certificates to Senior High School honor students: Jeanne Myers, Kaye Henshell and Sylvia Krebs. These Grade XII students received \$60.00 cash awards: Linda Hutchinson and John Pearce.

Mr. A. Skokni briefly outlined the Queen Elizabeth Scholarship fund available to Grade XII students averaging 75 per cent. This fund is based on need.

Mr. F. B. Pacey presented the Miss Governor General's Medal to Judy Frey.

In the second portion of the program Mrs. J. Ferguson spoke on the County Strain, explaining the difference between the administrations under Municipalities and Counties.

Mr. J. Knapp then took over the chair and brought up the question of expanding a room in school for teaching retarded children. Mr. Pacey then spoke on the subject and informed those present that the Clover Bar School Division operates one Opportunity Class in the southern part of the division.

The meeting adjourned at 10:30 and lunch was served.

The Christmas Sale has become an annual institution and, others at the Christmas season an opportunity for rich and poor alike to help in the fight against an ancient enemy—Tuberculosis.

IN EARLY DAYS PAPER

Pioneer Events Decared

Two more old papers turned up in Fort Saskatchewan recently to help provide another link to the early days of the area. They are a copy of the Edmonton Bulletin dated February 18, 1900 and the Fort Saskatchewan Reporter of July 12, 1900. The papers were given to Dick Mager for the local historical society by Mrs. O. Brown of 14048-101 Avenue who has had them in her possession for many years.

Affairs of Fort Saskatchewan and Edmonton appeared to be closely allied in 1900 with several items concerning this community receiving page one attention in the four-page semi-weekly Bulletin. Among them were an account of a band concert at the RYMWP barracks and a concert at the Catholic Church.

Also in the Bulletin is an advertisement for a teacher for Josephburg School District with school to open at once.

CRACKERS ACTIVE

Sports receive a fair share of attention in both papers with a Bulletin account of a challenge hockey match to be held between the Port Victoria and the Edmonton Shamrocks. The Reporter's sports covered activities of the local cricket team and an account of a baseball shenanigans between married and unmarried players.

The Reporter says that farmers are having a great time in the river these warm days, but advise caution to denture wearers. One past year has seen a lot of loss of which dropped out while taking a swim.

SLIP OVERCOATS

Boys' overcoats at 95.50 each are featured in a Bulletin ad and the market report listed wheat at 60c per ton, dressed beef 5 to 6 cents a pound and dairy butter 18 cents. Horse races scheduled at the annual Fort Agricultural Fair are listed with first prize money ranging from \$15 to \$100.

The Reporter's news columns state that the west bound train arrived in the Port minus tender and cars.

Recognition for Young Artists

Five Canadian school children won medals for their paintings of "My Homeland" in an international children's art competition sponsored last year by the Polish National Commission for UNESCO. Over 10,000 drawings and paintings were received by the Polish National Commission for UNESCO. The winner of the gold medal awarded by the Polish National Commission for UNESCO was Miss Shirley Robinson of the Henry Kelly School District, Saskatchewan.

A silver medal was awarded to Mr. Larry Janzen of the same school and three bronze medals were given to Cathy Lamont, Grade 6 and James Gillespie, Grade 6, both of the Fort Saskatchewan Elementary School and School District of Henry Kelly School.

The best drawings formed part of an exhibition of children's paintings, dolls and toys which opened in Warsaw on September 28th. With the cooperation of the National Museum and the Department of Northern Affairs and Natural Resources, the Canadian National Museum will exhibit a large number of Canadian dolls and toys to the exhibition. —UNESCO Newsletter, November 1961.

...having paired Canada in a demolition match on the east of town. The match was played on the east of town. The match was played on the east of town. The match was played on the east of town.

A returner from the Rocky Mountains attracted considerable attention in the Bulletin with an account of diamonds discovered and brought back a pocket full of various sized pebbles which included two thought to be diamonds. Another report in the Bulletin comes from Trail, B.C. where a Port man is investigating the mine's wealth which he states indicates good possibilities. Hundreds of men are in the lower 70s and he is a "tough looking fellow."

A road construction item in the Bulletin announces that the low bidder will receive the contract for laying 2000 feet of corduroy road in the district.

E. KEITH ANNOUNCES PLANS

Retirement to End 35 Years Public Service

After 35 years as councillor and Reeve of the Municipal District of Clover Bar and later Strathcona, E. Keith will retire March 31 after a span of service ranging from early problems of patching mud holes on almost non-existent roads to the present issue of amalgamation.

A pioneer and well-known dairy farmer in the Clover Bar district, Mr. Keith's life and service have paralleled the history of the province.

Mr. Keith's family moved from Orillia, Ontario, to settle in Clover Bar in 1881 after an 11-week trek by on-car from Winnipeg. Born in Edmonton in 1883, Mr. Keith has lived in the Clover Bar district since.

Among his early recollections of Alberta are the oxen which were used on the farms before horse came into popular use around the turn of the century. When he was two, the family moved into Fort Saskatchewan during the 1911 Rebellion scare.

"Everyone sawed his and some did mine have two main falls in the lot or too much fear of the Indians. The Indians on the north side of the river did not seem to be as interested in the rebellion."

When the first attempt at a school was started by a Mrs. George, who was a school teacher, Mr. Keith and the three Otter children were sent to school for two hours a day. The next winter school was held at the Keith home where Mr. William White gave lessons for two hours a day in return for board.

"This winter the Clover Bar school district was instituted. I think it was in 1887, with the council who was later secretary-treasurer and a trustee of the school division."

"I'm not sure whether we needed six or eight pupils to get the school grant and approval of organizing the district. But we were short one pupil. There was a young married woman who was under the age limit of 21, so she qualified. But they didn't put the 'Mrs.' on her name on the registration."

Sea Cadet On Cruise

Larry Hitesman, a Ft. Saskatchewan high school student, left Tuesday for HMCS Haden at Esquimalt, B.C. on the start of a four-month journey to the Far East. Larry is a Petty Officer in the Royal Canadian Sea Cadet Corps, Alaskan and one of ten Canadian cadets selected for the trip in ships of the RCN's Pacific Command.

Three destroyer escorts, the Asiniboine, Marguerite and Ottawa, will sail from Esquimalt on January 14 to take part in Commonwealth fleet exercises in the Indian Ocean with ships from Britain, Australia, New Zealand, Pakistan, India and Ceylon. The Canadian ships will return to their home port about April 28.

FOUR NOT ANSWERED

Forts of call have not yet been announced but it is a certainty that Larry will have the opportunity of seeing many parts of the world not usually available to young people under normal circumstances.

Larry is the son of Mr. and Mrs. R. H. Hitesman of 1918-17 Street. The cruise will be his second as a Sea Cadet. This summer he visited Germany in a U.S. troop transport with a group of Canadian cadets taking part in an exchange program with cadets from the United States.

Enjoy Christmas Party at Cooking Lake

The District Church Bunday Bazaar Christmas party in the community hall Wednesday night, December 18, reached its peak in a level of enthusiasm in defiance of a snow storm among people, the consequent dampening of interest, and the fact that the weather was so cold. The party was held at the community hall, and was attended by a large number of people. The program was well planned and the entertainment was of a high standard. The party was a success in every way.

Who more fitting to follow the Christmas season than the community hall. The hall was decorated with Christmas trees and lights. The program was well planned and the entertainment was of a high standard. The party was a success in every way.

When the last belly bawled on the stage, the hall was filled with people. The party was a success in every way.

THE HOMEMAKER
OF MANY THINGS
A HOUSEHOLD IDEAL
ABOUT YOU IN SIXTY-TWO
Now are you, personally, going to be a homemaker in 1962?
Hold tight, because old Andrew is here to tell you, and I have a gift from headquarters - from the dear old folks who are giving you a second year which keeps crowding close and closer together.
You are going to do just about as well in 1962 as you deserve to do better, the more I can and continually may push you a bit but you of that, but I mean you're the chief architect of your own life, and you know the way which way the ball bounces.
I've been thinking of you a lot in an elderly minister who has kept his first and foremost. The best of you for you, but the one that keeps coming back to mind was a congregate of the very many of you for you are old now to start a new and important life, and that sure has also made my feel quite young yet and think they have plenty of time. I want to say that you are both quite young, so you can get back to work, whether you are young or old. Remember, just as you can get back to work, you cannot perform well without getting paid. Nothing is wasted.

HOLIDAY LAUNDRY PROBLEMS
During the holiday season it is inevitable that household linen articles which are cleaned and pressed may become stained. If the article requires dry-cleaning, it is best to identify the stain. Here are a few first-aid procedures. The best of you for you, but the one that keeps coming back to mind was a congregate of the very many of you for you are old now to start a new and important life, and that sure has also made my feel quite young yet and think they have plenty of time. I want to say that you are both quite young, so you can get back to work, whether you are young or old. Remember, just as you can get back to work, you cannot perform well without getting paid. Nothing is wasted.

The Canadian Wheat Board has been ordered to pay \$1.50 million for the balance of the 1961-62 crop season. This is the largest sum of money yet delivered must be recorded in producer's permit books.

The Fort Agency
RECORD WANT-ADS GET RESULTS!

1961 Worst Local Accident Year

The December meeting of the Fort Saskatchewan Safety Council received a report on traffic accidents for the year to date which showed that within the corporate limits of the town there have been 39 vehicle accidents, resulting in 11 injuries and 1 death and property damage totalling \$13,421. These figures, presented by Chief Constable R. Henriett, paint a sad picture for the town. Added to this is another gruesome toll in the immediate areas surrounding the town.

Because you have been accident free don't think this matter does not concern you. When insurance companies pay out more than \$1,000 a month in claims in one small area you may be sure that all premiums on policies will be raised to meet these payments. Over a period of years you contribute to all accident costs, bigger hospitals, more policing, more traffic courts, and other public services, all come out of taxes. Accidents cost you money, whether they involve you or not!

Modern conveyancing does not necessarily require such a price of pain, suffering and damage. Its benefits can be enjoyed by all without such costs. If everyone would practice the golden rule while driving. You are your brother's keeper on the highway whether you want to be or not.

We have many freeways in this beautiful land of ours, but our freedom on the highways is fast being restricted as a necessary means of reducing the toll taken by careless accidents.

As we start 1962 let us turn a new leaf in the driving manual and turn ourselves to avoid accidents by practicing defensive driving and the golden rule at all times. Join your Fort Saskatchewan Safety Council and help us help each other that they too may live to see this year through with you.

—Fort Saskatchewan Safety Council

**GAS IS YOUR BEST
HOUSEHOLD BARGAIN!**

FOR HOT WATER believe it or not—5¢ worth of natural gas will heat over 100 gallons of water piping hot for laundry or bath. And instant gas will replace the hot water you use almost immediately. This is the kind of performance that makes gas your best household bargain.

NORTHWESTERN UTILITIES LIMITED

"Serving Customers with Natural Gas Since 1896"

There was some increase in the number of families needing public assistance and it is expected that there will be a further increase in this regard in the first quarter of 1962.

SANITATION
Public water supplies were tested and found satisfactory. Only one raw milk sample contained more bacteria than normal. With one exception all milk producers are operating very satisfactorily.

Most restaurants and food handling establishments, including hotels, shops and slaughter houses are operating satisfactorily.

School sanitation is stated to be steadily improving; many schools, particularly in the Clover Hill School Division. The need for further improvement in others is apparent.

Former Fort Teacher

takes UNESCO Post

Friends of Miss Helen Gordon, who taught high school in Fort Saskatchewan recently, will be interested to hear that she has accepted a two-year position with UNESCO.

She left recently for UNESCO headquarters in Paris and from there she will report at District, Leamington, prior to her appointment at Kananis, New Brunswick.

Reports Given at Sub-Local Meeting

The third meeting of the Emma and William of the A.T.A. was held on January 17 in the Library of the Melburn High School.

Meeting highlights were the reports by two teachers on the "See-Through Arithmetic" course and the report by the A.T.A. representative to the 1961 Banff Work-

shop. Mrs. Len, a Grade One teacher, and Mrs. Spock, Grade Five, gave interesting reports of their experiences in teaching the new course.

Mr. Charnick, president of the Mathematics Council, gave some interesting information regarding the program being achieved in the field of mathematics.

Mr. Hark, head of the Mathematics Department of the University of Alberta, pointed out the differences between the new OMA and OMA tests.

Mrs. Catherine Johnson gave a very interesting account of her trip to the Banff Workshop.

At the close of the meeting coffee was served.

The officers installed were Junior Paul Noble Grand, Sister Kay Peterson, Noble Grand, Sister Rose Smith, Vice Grand, Sister Ellen White, Sec. Secretary, Sister Margaret McDonald, Fin. Secretary, Sister Rose Smith, Treasurer, Sister Rose Smith, and Sister Rose Smith, Conductor, Sister

"...as long as you hear the Indian drum, there can be no danger."

These words were spoken in Edmonton on the night of Friday, March 27, 1885. The man who spoke, and the men who listened, could hear the soft rhythm of the drum.

The next morning, the drum was silent. The Indian camp was gone from below the hill and the pioneers of Edmonton knew the silence as a message of war.

Down the North Saskatchewan, the men of Louis Riel were in open rebellion. The excitement was spreading to the Indians. Still powerful, they knew that if they were ever to regain their hunting lands by force—this would be the time.

Edmonton's pioneers repaired the walls of the fort and gathered all available arms—two brass cannon and a few dozen obsolete

muzzle-loaders. The vigilance of a force of only 70 men kept the Indians at bay. They did not attack, and when an advance force of Mounted Police arrived on May 1, 1885, not a life had been lost.

Two tiny brass cannon can be seen today on the south portico of the Legislative Building in Edmonton, a reminder of the heroic stand in 1885.

For a handsome 8 1/2" by 11" reproduction of the above drawing, send your name to:

Editorial Comment

The Liability of Courtesy

When a truck-driver signals a motorist to pass on the highway and an accident results, such action can involve liability. While there is a definite need for more courtesy on the road, it must be remembered that signalling another motorist to pass or to turn is not a legal act.

This was confirmed by a ruling of the Supreme Court of Minnesota making a trucking company liable for \$58,000 in damages as the result of a head-on collision between two passenger cars.

The implication of this principle are far-reaching. It follows that any motorist involved in an accident or involving another in one, while acting the good Samaritan is liable for his actions.

This seems like an invitation to abolish courtesy on the road. However, there is no need to forget courtesy on the highway, urged by the United Highway Safety Council.

Beware of Unlicensed Crop Varieties

An unknown barley variety, which is not recommended for seed by the Alberta Department of Agriculture, is being promoted in this province at the present time.

Samples of the barley have already been mailed by the promoter to farmers and country elevators.

Farmers who buy varieties or kinds of crops that have nothing to recommend them other than exaggerated testimonials are asking for trouble.

In Alberta as in most provinces in Canada, research stations and universities are continually breeding and testing crops with the hope of improving on varieties.

The Alberta Department of Agriculture publishes a list of recommended crop varieties for particular soil climates and in the province. This publication, entitled "Varieties of Grain for Alberta" can be obtained from district agriculturalists or from the Extension Service of the Alberta Department of Agriculture, Edmonton.

Wye Ladies' Club Makes Plans for Installation of Executive Members

The Wye Ladies' Club met at the home of Mrs. L. Hansen during the early part of January. The unfinished business from previous meeting was taken care of and plans were made to have the new executive installed at the February meeting.

The ladies decided to have their postponed Christmas outing and attended the musical show "Singsong" at the home of Mrs. Hansen.

Visitors at the meeting were Mrs. E. Hansen and Mrs. O. Hansen. The next meeting of the club will be at the home of Mrs. Hansen.

Planned to hear Mrs. J. Hansen.

Former Residents Observe Anniversary
When their immediate family and many friends gathered them on their 50th Wedding Anniversary, Port Saskatchewan, Ontario, celebrated the anniversary of their marriage. The couple were married on January 24, 1912, in their home in that city. Mr. P. R. McCalla and Dr. A. G. McCalla of the University of Alberta Department of Agriculture were on hand to take part in the celebration.

Dr. and Mrs. McCalla came from Port Saskatchewan, Ontario, taking up residence in Bremerton in 1912. Dr. McCalla is a physician and Mrs. McCalla is a homemaker. They have three children and are active in the community.

Ken Galloway Oscar Winner
The Oscar Award at the January 17 Toastmasters meeting went to Ken Galloway for his speech "Co-operation or Die". In which he emphasized the necessity of working together for peace, not only internationally but nationally and personally. He said that the world could provide an abundant living for all mankind if only we would co-operate.

The fundamental objective of Toastmasters International is to educate its members through the process of self-improvement and leadership. The club meets every second and fourth Wednesday at 8 o'clock at the Brasserie Hotel. Visitors are welcome to attend these meetings.

Produce from one acre out of every six harvested in the United States last year was exported.

ABUNDANT LIFE

When God visited a general... During our Charleston, South Carolina Crusade, I had the privilege of visiting the Citadel, South Carolina's "West Point". General Mark Clark was my gracious host, and while I was there, he told me the following inspiring story which I believe he will be glad for me to share with you. God paid his ransom in a crisis and helped him through one of the most desperate problems of World War II.

At the last moment, before the invasion of Europe, orders came from Washington affecting the invasion plans and removing the protective covering of 15,000 paratroopers who had been designated to protect the landing of General Clark's men. The general tells in his own words how God helped the Americans to meet this emergency and gave their leader strength and wisdom to lead his men to victory.

These I was on the night of September 5, one minute before they knew we must lead the next morning. "Oh German how about the invasion? How did it turn out?" "All these things were running through my mind, and with the fate of so many thousands of men, as well as the hopes of the free world, resting upon the success of the invasion, I was literally overwhelmed with a sense of my responsibility. "Troubled and worried, I was to my very camp and was unable to get any sleep. I desperately needed help."

"I prayed for help, and the peace of God flooded my soul. I slept better that night. "We sailed out the next morning with a convoy of about 70 ships... Ten minutes before we landed, I stood with Admiral Hewitt on the bridge of the USS Ancon. The naval phase of the attack was underway. "Then the incomprehensible happened. The German officers and men of the Fifth Army started but then turned back. Their fierce fighting, their confident ingenuity, their sense of honor and their great victory are written in our nation's history—but this is another story. My prayers here I am to my very camp and was unable to get any sleep. I desperately needed help."

Mabel milks a cow...
Mabel's office desk in Calgary may seem a far cry from the milking barns. But Mabel, riding herd on two busy switchboards, is lending a hand with today's modern electrical milking. Mabel is responsible both for the P.B.X. switchboard and the radio communications board — providing direct contact between plants, district offices and radio controlled vehicles. Quick, efficient handling of the boards by Mabel and our other switchboard operators is a vital part of rural and farm electrical service. We're glad to have her on the Calgary Power team of "people who take time to be friendly".

Editorial Comment

Theatre Suffers from Vandalism

The local Rec Theatre, operated by the Sherwin Gordon Recreation Club, has in recent months suffered extensively at the hands of vandals, the latest episode being a stupid breaking of ceiling and wall tiles. Shortly before Christmas the club was damaged by a fire in the theatre which has been damaged by a fire in the theatre which has been damaged by a fire in the theatre.

Following this outlay for repairs further vandalism of the theatre is occurring. The club has a number of members who have kept the theatre open strictly for the benefit of local residents and not because any profits are involved. The club has a number of members who have kept the theatre open strictly for the benefit of local residents and not because any profits are involved.

A large number of small children enjoy week-end shows and are guilty only of making a little noise and a few hand at popcorn sprinkling—unfortunately they are the ones who will suffer from the actions of a few louts.

The reasoning, or lack of it, in the few who perform acts of destruction under cover of darkness, especially in the case of children, is a mystery. However, every community is stuck with a few of this type and the only hope is that one will be caught and punished.

Just some random thoughts this week. I've got depressed to write a regular column. It's been morning for 20 days. The temperature is in the 20s and the wind is howling. I'm a little bit of a pessimist. I'm a little bit of a pessimist. I'm a little bit of a pessimist.

Form District School Board

MEMBERSHIP NEWS

The 30th Convention was announced for May 18th and 19th. This will take place at the home of Mr. and Mrs. J. H. Smith at Johnson's Banquet Centre, Mrs. J. H. Smith will hold Open House on Sunday, March 6th on the premises of Mr. and Mrs. J. H. Smith.

Mr. R. A. Christie chaired the annual meeting of the Water Division. Contraband and called on Mr. J. H. Smith. The 1962-63 District Board will be announced at the time of the next convention.

Josephburg Teams

Register Two Wins

It was three Valley versus Josephburg at hockey on Monday the 19th. The teams played a very close game. Josephburg came out on top in the game of 4-3. Goal scorers for the home team were Gordie Hilly, Frank Bailey and Gerry Scherer. It was a well played game. A few more people in the cheering section would encourage the boys. Many you find your team just for fun.

The same night found the Valley and Josephburg two teams competing. Josephburg again came out on top in the game of 4-3.

Mr. Fred Rogers is in the University Hospital having undergone an operation. He has been in the hospital for some time and hopes that he will be able to be home soon.

The Val team will be in the district. Our sympathy to all other students.

You are cordially invited to attend . . .

**THE FIRST MEETING
OF THE

Attend Course

JOSEPHBURG NEWS

Quite a number of ladies and men thoroughly enjoyed the 19th Agricultural and Home Economics three-day short course held at the Bonanza Inn, Valdez, Alaska.

The theme was "A balanced agriculture in a changing world". Mrs. W. Woodruff presided on Wednesday for the ladies session. The morning speaker was Miss Anna Kernaugh, who is the representative of McGill's City, her topic was "Wardrobe Wisdom". After lunch Miss Shirley Wynn, Home Economics Forecaster, Alberta Department of Agriculture spoke on "Design Approach to Landscaping". A demonstration by Mrs. Greta Palmer, Home Economics and Dramatic Supply, on "Your Sister Bonnet, Madam" was shown after the lunch hour.

Miss Louise Mohr and Mary Ann Coleman attended on Saturday. "Variety Quits Weekend". Mr. and Mrs. David Krebs on Wednesday returned on Sunday from a week's visit at Fort St. John and Hudson Hope. At Fort St. John they were the guests of Mr. and Mrs. Buster Blatock.

Congratulations and best wishes are extended to Mr. and Mrs. John Johnson, two sons who were married on February 24th in the Reformed Church, reception also gave followed in the Fort Community Hall.

Mr. and Mrs. George P. Mohr of Chulivik, B.C. and Mr. and Mrs. Marvin Weisner of Portland, Oregon, were guests of Mr. and Mrs. Val Woodruff on Tuesday evening, prior to Mr. and Mrs. Albert Mohr's trip to the Yukon.

Mr. and Mrs. Albert Mohr is a brother of Albert and Mrs. Weisner. A son of Mrs. Weisner, a newly recovered is valued. Dated on Mr. and Mrs. Marvin Mohr who has been hospitalized at Archer House.

Mr. O. Shaw of Edmonton visited last week with her son-in-law and daughter, Mr. and Mrs. W. Woodruff and daughter. The district was shown at the anniversary of Ray Anderson of Lamont on February 21st, who had been the representative for the Barstich Company for many years. Dearest sympathy is extended to the family.

Congratulations to Mr. and Mrs. W. Woodruff.

Mr. and Mrs. Earl Devis of Edmonton held their sales for Bonanza on Sunday morning in the Leichner Church. W. J. Devis is the daughter of Mr. and Mrs. Elmer Schram.

The Leichner district is again wrapped in a blanket of cold. Temperature this Monday morning was in the 40 degree below range. With an overcast of snow this winter everyone is in an attitude with the snow report.

We are sorry to report that Mr. Edmund Kupchik is back in hospital again and get well wishes go to him. Allen Bonnet is also a patient at the Archer Memorial. Allen is doing well following surgery last week.

Mr. Edmund Kupchik received word that his brother Adolph passed away in Whitefish, Montana. Sympathy is extended to him.

R. Rouss and Betty Hennig attended the Leichner Laymen's Leadership Conference held in St. Peter's Education Building in Edmonton. Mr. Cecil Blatock, a former Leichner resident, presided. Betty Hennig was presented with the Laymen's Membership award ribbon.

GOOD NEWS NEWS
Cold Here, Too!
What is there to report these days, but snow drifts and cold, and a "rain" of degrees below zero. In Chud Lake this Monday morning! Chud up there is just around the corner!

A new member from this district attended the Leichner district meeting given in the Fort Community Hall on Saturday night. Mrs. D. Bonnet attended the Leichner district meeting given in the Fort Community Hall on Saturday night. Mrs. D. Bonnet attended the Leichner district meeting given in the Fort Community Hall on Saturday night.

On the arrival of a daughter, Sherry Lynn, 8 lbs. 9 oz., born on February 23 at the St. Mary's Hospital.

The Ladies Aid meeting of the Reformed Church will be held on Wednesday, March 7 at 3 p.m. in the rec room of the church.

ABROGAS NEWS
**Good Attendance
For Local Ass'n.**

Mrs. P. McNamee, Correspondent
There was a very good turn out to the Local Association of the morning speaker was Miss Anna Kernaugh, who is the representative of McGill's City, her topic was "Wardrobe Wisdom". After lunch Miss Shirley Wynn, Home Economics Forecaster, Alberta Department of Agriculture spoke on "Design Approach to Landscaping". A demonstration by Mrs. Greta Palmer, Home Economics and Dramatic Supply, on "Your Sister Bonnet, Madam" was shown after the lunch hour.

RAMBLER NEWS
The latest smiling member is Mr. Henry who recently took delivery of a new Rambler Station Wagon.

Did you know that the Rambler Station Wagon (per our capital in Fort Saskatchewan) is one of the best in the province. Also at the Port there is good dependable Rambler service available at Mical City Service.

Always remember there are many who copy and compare but none compare with Rambler for "us".

SEEDTIME AND HARVEST

Use Moisture Proof Seed Bags

Seeds of the following varieties available: **Baron, Albert, Prince, Norman, McGee, Fortin & Montclair, Inter-Corn, Elmer, Alfalfa and Quaker Oats.**

They are at it again! This is the time of year certain seedsmen "rich-poo" promoters attempt to fool farmers into buying seed. The seed of which is not inured for sale in Canada. A farmer who buys and grows an unselected variety is not only hurting himself, but what is more important, he is working against the best interests of his neighbors and the country as a whole. Obviously, the grower of unselected variety seed is himself at a better disadvantage than the plant scientist in the employ of federal and provincial departments of agriculture and universities. Two columns are in that only can also provide you with a list of 21 grain varieties to grow for your particular district. Don't waste money in purchasing unselected inferior varieties. Plain only licensed, recommended, superior crop varieties.

Editorial Comment

SPRING THAW THREAT

Town Council, we feel, is remiss in not devoting the efforts of the town workers and machinery to the task of removing snow from downtown and residential streets. The snow situation could be considerably improved if curbs were cleared and as much snow as possible removed.

Most residents have been completely happy with the town's efforts to remove snow following the heavy snowfalls of the winter—there's still effort invariably being made by another immediate storm. Roads are snow, however, still do the town and a sudden thaw could create an unhappy situation. Council could have been more of the inevitable complaints by making an all-out preventive effort now.

THE EDUCATION BATTLE

Educators today find themselves in a precarious position in Canada. Suddenly the nation in a single decade appears to be turning to its educational system for a solution to its great unemployment problem. In the same years our society has become increasingly complex and our need for superior methods, teachers, schools and universities is more and more apparent.

Unemployment is closest to home it must become the immediate battle in which our people must engage. We cannot buy ourselves out of our unemployment problem, all we can do is to make the most of the resources we have and have been trying to do a pretty good job at doing just as with our money.

In Canada today the great majority of unemployed citizens have a bleak outlook. Many of them did not go to high school and the great majority of those who did not have a few years or months of secondary education. To top this off they did not receive any trade or skill after their school days. Thus it is the unskilled labourer who the world does not possess enough education for proper technical training, who are the real problem of our society.

A study by the Canadian Conference on Education suggests that their 4,200,000 Canadians that are "functionally illiterate". The report goes on to explain that "bold and aggressive" measures must be taken for the socio-economic health of the Canadian community.

The study recommends more and better vocational courses in technical and apprenticeship training for adults, and imparting of more knowledge of the "world of work" in schools, especially for urban children who "lack the early experience of commerce and wide early acquaintance with different types of employment."

But not only must we educate ourselves out of our unemployment problems, we must at the same time improve our methods of learning, our methods of teaching and the facilities which serve the student and the educators. It seems obvious in this age of rapidly expanding horizons that our education today must not only learn more, but they must learn better.

To some extent our generation is finding that wars can be fought on different types of fronts. Today we must so equip our students that they will have the knowledge and ability to move into a world where many of the freedoms and responsibilities we have taken so much for granted are being challenged by individuals who are no longer illiterate and well equipped and trained to speak for their own way of life.

Our big battle to improve our own educational system is just beginning. We can only reach for victory when the least among us realizes the important part he or she can play by supporting the progressive programs in education which are beginning to be seen on the Canadian educational horizon. Our educational system must adapt itself with greater speed, if possible, to the new demands which are being placed upon it. The very future of the nation depends upon our ability to finance and understand the need for a great national effort in this direction.

Of Many Things

THE WEATHER

When our family moved back to Manitoba about six years ago, we made a lot of family and friends to talk about the cold weather. But now, after living in the south for a part of life in these parts, we have learned by the beauty of the province that the weather is not so bad. It is not so bad as it seems. However, we broke our rule the other day.

It has been a long cold winter day after day the mercury has been in the 20's and 30's. Last night, I guess I broke the family rule. I went out to see the world in one of these warm clothes. They didn't look like the family rule. I went out to see the world in one of these warm clothes. They didn't look like the family rule. I went out to see the world in one of these warm clothes. They didn't look like the family rule.

Once the subject was in bounds to the family rule, I went out to see the world in one of these warm clothes. They didn't look like the family rule. I went out to see the world in one of these warm clothes. They didn't look like the family rule. I went out to see the world in one of these warm clothes. They didn't look like the family rule.

As you can see by this, it has become gradually more evident to me how gradually and how slowly the weather is changing. It is not so bad as it seems. However, we broke our rule the other day.

I took the opportunity to point out to my young son that the weather is not so bad as it seems. However, we broke our rule the other day.

The man who has been able to live in the south for a long time has been able to live in the south for a long time. He has been able to live in the south for a long time. He has been able to live in the south for a long time. He has been able to live in the south for a long time.

I hope that lady leaders will get the message. We have been able to live in the south for a long time. He has been able to live in the south for a long time. He has been able to live in the south for a long time. He has been able to live in the south for a long time.

I like to see, for example, the young lady who could have been a great success in the south. He has been able to live in the south for a long time. He has been able to live in the south for a long time. He has been able to live in the south for a long time.

Imperial Oil will pay tuition and other compulsory higher education. He has been able to live in the south for a long time. He has been able to live in the south for a long time. He has been able to live in the south for a long time.

The usual annual lunch here was held on a charming snow day. The March meeting will be held at the home of Mr. and Mrs. Herby, New.

Students: William H. Usher, ten-month-old son of the Usher family, was born on February 21st to the wife of the Usher family, who is now in the hospital. The baby is a boy and weighs 10 pounds 10 ounces. The mother is doing well.

United 1911 Import tariffs were the principal source of federal government revenue in Canada. It was not until World War I and just after that Canadian paid income and corporation taxes and the main tax on manufactured goods.

Ken keeps you curling

"District residents will now be able to curl in their own indoor rink."

This is becoming a familiar news item in Alberta. Modern curling rinks are springing up in more and more communities — and Ken Noble, at his drafting board is helping to keep Alberta curling.

Ken's job is an important part of the planning that brings you dependable power service. Power to operate today's electrical ice-making machines. Power to light the rink. Power to provide a warming cup of coffee after the game. It starts its journey to you on the drawing boards of Ken Noble and his fellow draftsmen.

They are members of a team that is helping you to work and play better electrically — the Calgary Power team of people who take time to be friendly.

School Committee Meeting

The regular meeting of the School Committee of the City of Fort Saskatchewan was held recently in the Council Chamber with Mr. P. Parker, Mr. J. McElroy, Mr. A. McElroy, Mr. A. Wagon and Mrs. W. M. Parker. The Chairman was Mr. P. Parker.

Superintendent of Instruction and Maintenance Department were present. All schools have remained open throughout the winter in spite of inclement weather. It was reported only 5 of the school buses were not able to complete their runs during recent storms.

Josephburg District News

Mr. Bob Meyer was hostess to the Ladies' Committee Club meeting in the Curling Club on Wednesday, March 28. A short business session was held and one birthday celebrated. Establishment of the evening was won by the Josephburg ladies. The Ladies' Committee of the Curling Club was presented with a plaque and gave a presentation to the Curling Club on the 28th of March.

Ladies Aid meeting will be held in the Reformed Church on Wednesday, April 4 at 8 p.m. on Wednesday, April 4.

Lamoureux Family Night

THE Monday, March 11 a successful family night was held in the auditorium of the Lamoureux Entertainment Center. The entertainment was in the form of a concert, several draws at a Chinese auction, Door prizes were given to several lucky winners. Mrs. Rene Normandeau was the emcee for the evening. The card party winners were ladies.

March 28, 1962 The Record, Fort Saskatchewan, Alta.—3

Lamoureux Family Night

On Tuesday, March 11 a successful family night was held in the assembly hall at Lamoureux Entertainment was in the form of cards, a concert, several draws and a Chinese auction. Door prize winners were Mr. Rene Normandeau and Mrs. Peter Belair, second Pauline Coffin, Jasper Place, third Linda Jones, 114 Avenue, Commissioners Mr. Joe Rodrigue, Fort Saskatchewan. Men's prizes went to Mr. G. G.

Mr George Richardson won the Chinese auction, which was a doll dressed as a nun.

Entertainment for the concert included a song and dance "We and My Teddy Bear" performed by Eileen Kunk, Laurie Fry, Jeannette Benekquist, Judy and Debbie Demers and Cindy Smith, all after school.

Meeting

The use of community facilities by local organizations was considered at some length at the last regular meeting of the local Recreation Board. The discussion arose when Board members were advised that the Handcraft Guild had been requested to pay a monthly fee for use of a room being made available adjacent to the **Magistrate's Court** above the Town Office.

Draw winners were Port Claines
Mr Epychym, Mr K C McInnes
Mr Bob Goodbott, Mrs A Watt
Mr Roland Lamoureux, Mr Romane
Goodbott, Mr Pete Lamoureux
Margaret Lamoureux, Andrew La
moureux, Sisters of the Holy Cross
Blanche Langlois, Mr Leon Per
nary Clinic, Mr Larry Bourbon, C

The ladies of the C.W.L. extend thanks to all those who assisted in providing entertainment and in all those whose assistance helped make the event a success.

The Board will recommend to the Town Council that M. or name of other committee, be authorized to review the use of meeting spaces supplied by the town for various groups and activities, and the charges levied for such use.

WINE REVIEW

In examining recreation expenditures for the month of January and February, concern was expressed by the Board regarding skating rink expenses. It was felt that inquiries should be made regarding the cost of operation.

SUGAR and SPICE

By Bill Smiley

Long winter got you down? Feel a bit frazzled? Ulcer acting up? Worried about the bomb? Let's take a straight look at things, and see

If people paid any heed to the warnings, dire predictions and appalling statistics with which they are assailed on every hand, the human race would be made up of drivelling cowards, cringing under their respective beds.

Reach for a coffin nail with your morning coffee and paper, and a headline hits you between the eyes: **SMOKING LUNG CANCER**

LINKED ROSTERS PROVE. Turn on your car radio as you drive to work and the announcer tells you, triumphantly, that week-end fatalities hit 73, bettering last year's record by eight. He sounds happy about it.

Just look as though you feel like a beer, and somebody, probably your wife, will start reeling off the latest figures on alcoholism.

Start putting away something for your old age, and some cheerful future will inform you, with ill-concealed satisfaction, that the human race will be obliterated by nuclear weapons within the current decade.

Put in an honest, hard day's work, and some magazine article will trumpet the news that you're heading for a coronary.

NOTHING SACRED

Besides these fairly readily forecasts, we are subjected to a barrage of minor threats and insults, most of them of a personal nature. The ads leave nothing sacred. They

about that we have: body odor, loose scaly dandruff; unpleasant breath; slipping dentures; treacherous kidneys; acid stomachs, and that we are badly in need of a new truss for that old hernia. They don't leave a stone, not even a gallstone, unturned. They imply that we are sickening creeps.

Fortunately, there is a wonderful cluelessness, a deliberate obtuseness in human nature, that makes us go blithely on our way, recking nought of the Cassandras in our midst. And a jolly good thing, too, for life would be not only frightful but also frightening.

There is something gallant and dashing about the two-decks-a-day man who reads the lung cancer story, pales slightly, then lights a tag and blows out the smoke with the devil-may-care smile, the quic-kly-lifted eyebrow, of the com-danned spy facing the firing squad.

There is something heroic in the man who hears the week-end fat-ality figures while driving to work, and merely sets his jaw, frowns on

the gas, and bulls through the traffic, with all the skill, enthusiasm and disregard for danger of a Ben Hur at the reins of a chariot.

CAN'T HANNEL IT:
You can't help admiring the cool concern of the heavy drinker as he peruses the article on alcoholics, while getting through his fourth rye and water "Trouble is a lotta these people are weak, an' they get too fonda the stuff and they can't hannel it," he muses, as he reaches for the quart and knocks the lamp

It is difficult to withhold applause at the spectacle of the type who disdain the imminence of sudden annihilation; by H-bomb because he's too busy figuring out angles to duddie the government out of death duties on his estate

And surely one cannot refrain from a rousing cheer for the man with a bum ticker who, retired after thirty years in a sedentary job, immediately starts slaving like a navvy, building, tearing down, fetching and carrying, shoveling snow and cutting grass, and generally showing a fine scorn for living

It must be horribly exasperating to scientists, traffic authorities, temperance people, tax collectors and doctors, but there's something unbeatable in human nature. It's a sort of massive, charming stupidity, a superb recklessness, that has made people ignore all warnings and deliberately seek out disaster, ever since the day Eve was warned not to fool around with that apple.

Return from England

Mr. and Mrs. John Harrison returned by air Sunday from a month's vacation in England where they visited Mr. Harrison's sister and four brothers. The date of the couple's arrival home Sunday coincided exactly with the date 34 years ago when Mr. Harrison left England to make a new home in Canada.

Rec. Board Meeting

The use of community facilities by local organizations was considered at some length at the last regular meeting of the local Recreation Board. The discussion arose when Board members were advised that the Handcraft Guild had been requested to pay a monthly fee for use of a room being made available adjacent to the Magistrate's Court above the Town Office.

The Board will recommend to the Town Council that M. or name of other committee, be authorized to review the use of meeting spaces supplied by the town for various groups and activities, and the charges levied for such use.

WINE REVIEW

In examining recreation expenditures for the month of January and February, concern was expressed by the Board regarding skating rink expenses. It was felt that inquiries should be made regarding the cost of operation.

Patricia paints the barn!

Painting a barn may seem like a big job for a young housewife to tackle. Patricia, as the payroll clerk for Farm Electric Services Ltd., plays a big part in "bringing home the power." It is power that helps to get work done efficiently by operating paint sprayers, electric saws and other power tools — not to mention brooders, milking machines, water pumps and home appliances.

Patricia is proud of the job that she is doing, in helping to provide Alberta's farms and farm homes with this modern power service. She's another popular member of the Calgary Power team . . . a team of people who take time to be friendly.

Anticipate Start On ARDA Plan

Canada's Agricultural Rehabilitation and Development Act program may get under way this summer. A. T. Davidson, ARDA director, told delegates to the third annual conference on "Co-operation and Rehabilitation" at Kempenfelt, Ontario, that the program would involve alternative uses of land, and water conservation, and rural development.

The difficulties facing many areas of rural Canada as a result of technological and economic changes were cited by Mr. Davidson in his address.

COUPLE FETED AT SHOWER

A matrimonial shower was held at the Josephine Church of God on Friday, March 16th, in honor of Lynn Dillith and Larry Burnett whose marriage takes place April 6th. Following an evening of playing games, a devotional program, led by Mrs. Norman Cripps, was presented honoring the well-known couple.

Mr. and Mrs. Gordon Lake sang the first, "Be Thankful for the Small Things." The "Three Campuses" as a class sang the presentation of the gifts by Mrs. Albert Lake. After the young couple expressed their appreciation for the gifts, lunch was served by the ladies of the church.

CANADA AT WAR

A 15-week filmed series reviewing a significant decade in Canada's history, from 1940 to 1946, will be seen in Canada at War, each Tuesday on the CBC-TV network. The half-hour programs portray developments on the home front in addition to the role played by the armed forces in battle. Canada's distinguished record on the war front is recorded in films covering the St. Lawrence raid, Dieppe, Sicily, Italy, Normandy, Holland and Germany.

Increase Benefits for Alberta Pensioners Announced Recently

Increases for Alberta receiving benefits from three federal-provincial and three provincial pension programs have been made effective February 1, 1962.

The increase which raises maximum benefits \$20.00 per month to \$60.00 affects more than 12,000 persons receiving old age assistance, half-parent's allowance, disabled person's allowance, widow's allowance, mother's allowance and dis-

Soil Tests Urged

More than one tested at Provincial Soil and Plant Testing Laboratory at the University of Alberta. That is the advice to farmers of the province from Chief Analyst D. H. Laverly. Although out-of-the-province laboratory tests may be very satisfactory for the areas for which they were developed, he says, they can be misleading and costly when applied to Alberta soils and conditions.

There is more to it than the actual test, says Mr. Laverly. The sampling procedure is simple and not too exacting, although it must be done carefully and according to directions. District agricultural agents will sample him and can give information. They can also furnish copies of the bulletin "How to Sample Soil" which provides full instructions of sampling and of the soil testing system practiced here.

Right Before Your Eyes . . .

You see your dollars working for you, when you . . .

NOTICE

The Fort Saskatchewan Barber Shops will be Closed All Day Wednesday starting April 25th

SHOP AT HOME

Good schools and playgrounds, well-maintained streets and parks, excellent recreation facilities and churches . . . all these things you can see before your very eyes!

"Yes, but what has all this to do with shopping at home?" you may ask. The connection is clear, simple, direct. The dollars you spend at home are the dollars of community progress.

They help pay the taxes and make

possible the contributions on which all of these important facilities and services depend.

When you shop at home, you are helping your own community to grow, prosper, progress. Your dollars go to work making this a better place for you and your family to live. Day after day, month after month, your dollar shop, you'll see the results . . . right before your eyes.

YOU'LL DO BETTER IN THE END TO SHOP AT HOME IN THE BEGINNING!

This Suggestion by the Record in the Interest of Community Betterment

CARD OF THANKS

I wish to express my thanks to everyone for the cards, flowers and messages of good cheer sent to me during my lengthy stay in the hospital.

Jim Johnston, 1887-79 St. Albans

In loving memory of Gertrude Mary Johnston who passed away April 18, 1962.

Sweet are the memories slowly of one we loved and will never forget.

Though absent she is ever near. Still missed and ever dear.

Ever remembered by the family

RAMBLER NEWS

In the 1950's, in back of a cycle shop owned by Thomas Jeffery, an experimental rambling car was built. It was named a Rambler. When the cycle shop was sold and a Rambler plant was started in Kenosha, Wisconsin.

In 1954 Charles W. Nash resigned as President of General Motors and bought out Jeffery. He called a meeting of all employees.

"This statement," "We will put in a standard, not down to a price."

The achievement of the real is evident today in the high quality Rambler that is available.

Jim Nash and his family lived in a 1954 Rambler Wagon for one and found it fine—why don't you try the Rambler on for size.

Rambler Wagon—economical travel rate as standard equipment for extra gear for holidays, etc. Then when holidays are over you have a safe, economical and may be have wages for the other 50 weeks of the year.

You can test drive a 1962 Rambler right here in the Port—come test Larry at 405-2877, evening.

Head Office - Port Saskatchewan

ENGAGEMENTS

Mr. and Mrs. Walter F. Fisher of Port Saskatchewan are happy to announce the engagement of their daughter, Virginia Virginia Fisher, to Mr. Wilfred Samuel McMillan, Jr. of Edmonton. The wedding will take place at the Josephine and will be performed on Friday, May 11 at 10 a.m.

CARD OF THANKS

We wish to express our most sincere thanks and appreciation to our relatives, friends and neighbors for their many cards and messages of sympathy, flowers and special offerings during our recent bereavement.

Mrs. Joseph Larose and Family

We wish to thank our sincere thanks and appreciation to all my friends for their gifts of flowers, floral tributes, donations to the United Church and crippled children's funds during our recent bereavement in the loss of our beloved son and brother, Robert Frank, wife and Norman Stroh, Ardmore, Alberta.

I would like to thank all my friends for gifts, flowers and cards which I received during my stay in hospital.

I would like to thank to Mommy and Daddy's friends and neighbors, also Mr. and Mrs. J. H. Foster, Mr. Fisher and Grade 3 Class of the Berthelton Community Centre and Sunday School, J.A. and O.A. from Glenora and Bismarck.

Sincerely, Susan Bolton

Couple Honored On Anniversary

Mr. and Mrs. A. J. Thompson were guests of honor at a reception given by the members of the church to celebrate their 25th wedding anniversary.

A pleasant evening was spent playing cards after which the honored couple were presented with a small gift as a memento of the occasion.

Mr. and Mrs. Thompson expressed their appreciation for the gift and the remembrance of their anniversary and invited all to the next dance. Lunch was then served by the ladies.

Mr. and Mrs. Paul Brown were guests of honor at a reception given by the members of the church to celebrate their 25th wedding anniversary.

We were very happy to hear that Mrs. Helen Whitman is a patient in the University Hospital. We wish her a speedy recovery.

We note the passing of Mr. Clarence Horton of Edmonton. Mr. Horton was in this district 30 years ago. His parents, Mr. and Mrs. Arthur Munro, came with a young family from Ontario at the turn of the century and farmed on the farm where Mr. G. K. Kehler now lives. Mr. Horton was a resident of this district to the beloved family.

Proceeds from V.O.W. Coffee Party To go Toward Peace Research

Proceeds from the V.O.W. Coffee Party to go toward Peace Research. The party was held last Wednesday, April 18th, in the United Church Educational Building, will go toward support of the Canadian Peace Research Institute.

Dr. Norman Alcock and Peace Research are rapidly becoming familiar names across Canada. The Institute, with such well-known figures as Dr. Bruce Chisholm and Dr. Hugh Kennedy on its Board of Directors, plans to issue 100,000 pamphlets and distribute them to the members of the C.P.R.I. in order to explore such vital questions of prevention of accidents and the economic consequences of total disarmament. Findings will be sent to the Canadian Government and to the United Nations.

The cost of the first four years' operations of the C.P.R.I. is expected to be about four million dollars. It is hoped to raise half of this by government grants, and half by private subscription. Outcomes

A New Time Piece Will Help You Go On Time

JOSEPHINE NEWS

Josephine Rink Bonspiller Winner

Mr. and Mrs. Wm. Woodbridge, Mr. and Mrs. Herman Smith and Mr. and Mrs. J. H. Thompson were the winners of the week-end at Calgary where Norman Smith's rink with Mrs. Smith, Allen Thomas and Wm. Woodbridge, for the top prize, won the Leinster Trophy in the Independent Order of Foresters Rink which was held at the Winter Club.

Miss Karen and Margot Woodbridge spent the week-end with their grandmother and aunt. Mr. O. Shaw and Miss Mary Shaw in Edmonton.

Glad to report that Miss Peggy Perry is feeling better after several days at Archer Memorial Hospital.

Mr. and Mrs. Earl Mohr, army company commander by Mr. and Mrs. Frank Mohr spent Sunday at Golden Spoke with Mr. and Mrs. Glen Boley.

A speedy recovery is wished Mrs. Boley for the near future.

... promotes quick growth but not forced growth! Money Maker Chick Starter is a complete feed... economical because a little as two pounds per chick is ample to get young birds off to a fine start... to live and grow and give you the profits that make poultry raising a success.

Medical Payments
If you carry insurance under this section, you and your wife may now recover medical, surgical, dental, ambulance, hospital, professional nursing and funeral expenses necessarily incurred because of injuries sustained while riding in or driving another person's private car or station wagon.

This is in addition to similar insurance still provided for you, your wife and your family and other passengers while riding in or driving your own car.

Medical Payments Insurance "takes up the slack" and provides valuable protection against financial drain on your pocket book for many services not covered by Provincial Hospitalization Plans or after other forms of accident insurance have been exhausted.

School Committee Meets

Continued From Page One
 last meeting Mr. James O. White, Mr. D. W. Phillips, Mr. M. B. Adams and Mr. Irene O. Austin, and the following appointments on the committee were approved: Mr. Phillips, Mrs. Jean M. Bravda, Mr. Richard A. Adams. The superintendent recommended the appointment of the following members to the staff for the school year 1962-63: Miss Sharon J. Dehler, Mrs. James O. White, Miss Clara R. De Witt, Miss J. Karen Miller, Miss Sharon F. White, Mr. James O. White, Mr. Richard A. Adams. The superintendent recommended the appointment of the following members to the staff for the school year 1962-63: Miss Sharon J. Dehler, Mrs. James O. White, Miss Clara R. De Witt, Miss J. Karen Miller, Miss Sharon F. White, Mr. James O. White, Mr. Richard A. Adams.

ELKS CLUB ACTIVITIES

On Saturday morning the Elks team in the local Elks House League won the championship. The team was composed of the following players: Mr. James O. White, Mr. Richard A. Adams, Mr. D. W. Phillips, Mr. M. B. Adams, and Mr. Irene O. Austin. The team was coached by Mr. James O. White.

SALARY NEGOTIATIONS

The Salary Schedule Negotiating Committee attended the meeting of the Board of Education. The committee presented the results of its negotiations with the Board. The Board agreed to the committee's recommendations.

Mr. and Mrs. H. H. Smith

Celebrate 60th Anniversary

On April 22, 1962, Mrs. Anna H. Smith and Mr. H. H. Smith celebrated their 60th wedding anniversary. They were married on April 22, 1902, in the Methodist Church of Fort Saskatchewan.

A special dinner was served at the home of Mr. and Mrs. H. H. Smith. The dinner was attended by many friends and relatives. The celebration was a most successful one.

Mr. and Mrs. H. H. Smith have been blessed with seven children. Their daughters are Mrs. H. H. Smith, Mrs. H. H. Smith, Mrs. H. H. Smith, Mrs. H. H. Smith, Mrs. H. H. Smith, Mrs. H. H. Smith, and Mrs. H. H. Smith.

Red Sox Plan First Practice

Berry White, manager of the Red Sox baseball team, has named the first practice for Sunday, April 29, at 3 p.m. Anyone interested in making the team is invited to turn out.

Several members of last year's team will be back this year. Among the returning players will be Ray Emery, Skipper, Roger DeWitt, and Orlan LaRue.

Mr. White expects a quiet invasion by young ball players to attend Sunday's practice and work out with the team.

First season will be during the May 10th holiday tournament. High quality of their team with members of their family present.

ELKS CLUB ACTIVITIES

FIRE DAMAGES FARM BUILDING

Fire partly destroyed the rear house at the Elks farm on Tuesday evening, April 24. Two fire trucks from Edmonton and one from Sherwood Park were called before the fire was put out.

The final visit given for the season was held recently in the hall. Winners were Mrs. O. Watson, Lady first and Lady travelling. Consolation went to Mrs. M. B. Adams.

The annual meeting of the East Edmonton Hall Board is to be held Friday at 8:30 p.m. The April meeting of the Wye Township Board is to be held Thursday afternoon.

Tom hatched a hardy brood!

Surrounded by dials and recording charts at Calgary Power's Sebe Control Centre, Tom Crowder may seem remote from the egg hatchery. But just look at the brood of hardy "day olds" he has helped to incubate and hatch! Thanks to his control over Calgary Power's generating facilities, Tom ensures that there is constant, dependable electrical power for incubators. When the chicks arrive at the farm, Tom continues to "mother hen" them, by supplying the power necessary for the brooders — 24 hours a day — to help raise them into top-notch layers. Power for every type of job, from driving industrial machines to hatching chicks, is controlled by Tom from one of Canada's most modern and efficient Control Centres. Why not call in to see Tom at Sebe? He's one of the Calgary Power team of people who take time to be friendly.

SUGAR and SPICE

By Bill Smiley

Someone, recently, I was telling me that a wicked place The City has become? And of the dreadful parties which a windy, restless day from a small town can resemble particularly if it's at the dangerous age?

I've decided it's my turn to reveal the secrets and the perils that exist in the hope that you may be saved, should your first child be born.

WE DO MAKE OUR OWN Ice Cream

and here be doing so for the past 16 years
It's Richer
It's Smoother
It's Fresh Daily
Assorted Flavors
YOU CAN BUY VANILLA 4 PINTS ONLY --- 79¢

On the surface, these things—there are hell a dore, of them. The City now—look like dore of it. It's a wicked place. And of the dreadful parties which a windy, restless day from a small town can resemble particularly if it's at the dangerous age?

And yet, it's a curious town. What a wicked place The City has become? And of the dreadful parties which a windy, restless day from a small town can resemble particularly if it's at the dangerous age?

Editorial Comment

GOLF COURSE NOT FOR KIDS

A recurring problem for members of the golf club executive is the presence of children playing on the course and it appears that this year is no different from those gone past. The course has been attracting numbers of youngsters again this spring, causing concern for the club membership. Many of the youngsters have assumed that because the golfers were not yet out that children might roam at will on the course. This however, is not the case, and at least one of the new grass greens was badly marked with footprints while the ground was still wet earlier this spring.

The club executive asks parents to caution children against playing on the course and points out that when golfers get out in the next few days, they will be in a real danger of being mowed. The golfers get out in the next few days, they will be in a real danger of being mowed. The golfers get out in the next few days, they will be in a real danger of being mowed.

UNWANTED RECORD

Records are something to strive for and worthy of attainment in athletic fields, scholastic fields, production fields and many others including safety. However, in the safety field, the term record may be associated with two opposite ends, good or bad record.

Fort Saskatchewan people are building a bad traffic safety record. After having one death, eleven injuries and \$14,760 damage piled up against us in 1961 there is no change for the better.

In the first quarter of 1962 there have been 22 accidents, resulting in four injuries and \$4,510 damage to vehicles. All those involved in the 22 accidents were over 21 years of age. These figures were reported to the April meeting of the Fort Safety Council held in the Briart Hotel Tuesday night.

Our car insurance rates are based on the amount of claims paid by all companies in each area. There can be only one factor in the traffic accident records and that is increased insurance rates.

Whether you are personally involved in accidents or not you can help the community through your insurance premiums. Safety is everybody's business. Our unwanted record is of the desirable kind if more people would take an interest in safety promotion. The safety council is working hard through kindergarten training and school safety "Pushers" clubs to instill safety into the habits of our children.

Some education could be given the parents too if they would lend their support to the safety council movement. Your help is also needed to teach the children in our Public Youth Centre. If you would be willing to spare one hour per week for this work for five weeks please phone 543-2160 or 543-3462 and give your name and phone number. For Saskatchewan Safety Council.

HELP OF CITIZENS REQUIRED

Controlling hit-and-run accidents are all potential victims and may become actual victims at all times. And any time it may be necessary to make your own parked car visible marked by a hit-and-run victim or possibly by your own car at a hit-and-run victim left by a driver.

Write to the April issue of the Imperial Oil Review, Publicity Dept. It is a booklet that will be distributed to all hit-and-run victims in Ontario during 1962. There are 20 copies of this booklet available in the Fort Safety Council. It is a booklet that will be distributed to all hit-and-run victims in Ontario during 1962.

Some victims could help a lot more if they would write down the name of the driver on the vehicle. Some victims could help a lot more if they would write down the name of the driver on the vehicle. Some victims could help a lot more if they would write down the name of the driver on the vehicle.

Some victims could help a lot more if they would write down the name of the driver on the vehicle. Some victims could help a lot more if they would write down the name of the driver on the vehicle. Some victims could help a lot more if they would write down the name of the driver on the vehicle.

PARTRIDGE HILL DISTRICT NEWS

Mrs. A. W. Adair, Organist and Sunday School are attending the Easter show, music being held this week at Alberta College, Edmonton. Mrs. and Mrs. Doug Thompson and Miss Althea Lawrence visited Sister Sunday at the home of her mother Mrs. L. Lawrence, Edmonton.

Miss Cecile Schacht, who is a student at Red Deer is spending the holidays with her mother and Mr. P. Schacht. Miss Cecile Schacht, who is a student at Red Deer is spending the holidays with her mother and Mr. P. Schacht.

Mrs. and Mrs. Harry Smith presented at a family dinner Sunday. Among those present were Mrs. and Mrs. McFarland and family of Waterbury and Mrs. and Mrs. Bob Hestley of Edmonton.

Mrs. and Mrs. Stan Walker had at their guest house Sunday, Mr. and Mrs. Clarence Cissman and Gary of Edmonton. Mrs. Margaret Walker and Mr. W. Walker had at their guest house Sunday, Mr. and Mrs. Clarence Cissman and Gary of Edmonton.

Ah, Spring!

On Friday afternoon of the Easter week, we drove through the Park and found a lot of snow in the back and the lakes still from over. The wind was in the back and the lakes still from over. The wind was in the back and the lakes still from over.

Celebrate 60th Anniversary

A diamond wedding anniversary was celebrated by Mrs. C. O'Brien when she was born in Austria, in 1902 and came to Canada with her parents in 1907. They were married on April 13, 1902 at the Reformed Church in Johannesburg and made their home in the Fort Saskatchewan district until their retirement in 1940.

There are 18 grandchildren and 13 great grandchildren. Mrs. O'Brien was born in Austria, in 1902 and came to Canada with her parents in 1907. They were married on April 13, 1902 at the Reformed Church in Johannesburg and made their home in the Fort Saskatchewan district until their retirement in 1940.

Honour Bride - Elect

PARTRIDGE HILL, May 8. Mrs. Harvey Lawrence and Mrs. Bob Moore continued at a month-long dinner at the home of Mrs. Lawrence for Miss Margaret Allen (Peggy) Fry, bride-elect of this month.

Several couples were enjoyed with prizes going to Miss Fry, Dave Blackwood, Mrs. Margaret Allen and Mrs. Arnold Whitman, co-bridesmaids; Joyce McRae, Margaret Lawrence and Mrs. Allen.

Mrs. Lawrence, on behalf of the ladies, extended her wishes to Peggy and gave a reading, directions for a very cleverly arranged shopping trip, which started the bride-to-be on a number of shopping expeditions where she picked up shopping bags full of gifts. On returning home to her bridal chair, which was decorated with flowers and wedding bells, she and her bridesmaids opened the lovely gifts. Peggy very graciously thanked the ladies who had arranged the dinner and also the gifts and extended an invitation to all to visit them in their new home when they are settled.

A very lovely lunch was served

COOKING LAKE DISTRICT NEWS

Ms. Leda Collins, Correspondent

Due to the weather, April 28th, Mrs. and Mrs. O'Brien did not appear to conduct service at Mission and at the Cooking Lake United Church. The service at the latter church was held at a number of shopping expeditions where she picked up shopping bags full of gifts. On returning home to her bridal chair, which was decorated with flowers and wedding bells, she and her bridesmaids opened the lovely gifts. Peggy very graciously thanked the ladies who had arranged the dinner and also the gifts and extended an invitation to all to visit them in their new home when they are settled.

A very lovely lunch was served

Mr. O'Brien and his wife were also, including our previous student minister, Mr. Robert Shinde, B.A. received their graduation diploma in theology at the graduation ceremony at St. Augustine's College on Tuesday evening, April 26th. On that occasion Mr. Shinde received two awards, one for highest standing in his final year.

His ordination will be ordained by Rev. E. B. Brundage, M.A., D.D., at the Alberta Conference of Bishops to be held in Calgary this year at St. James' Highgate United Church May 15-18th.

The wedding family and their many friends are happy to know that Mrs. O'Brien is recovering quickly and satisfactorily after emergency surgery in an Edmonton hospital. A speedy return to her home is gladly anticipated.

The very untimely death of one of the early days of May delays the return to their summer cottages of our city friends.

Curling, Bowling Awards

The Press River Curling Club

Press River Curling Club held its annual Bowling and Curling Banquet at the Legion Hall on Saturday night May 6th.

In line of the president of the company, Mr. J. M. Proby, held away with the The Mr. D. Johnson manager of the reacting division presented the company trophies.

The PRCO Bowling Trophy was won by the A. Stewart team (The "Black Aces"), consisting of A. Stewart (captain), B. Shadrach, C. Pender, A. Brundage, and C. Brundage (captain). The PRCO Curling Trophy was won by the Stewart team, consisting of R. Stewart (captain), B. Shadrach, C. Pender, A. Brundage, and C. Brundage (captain).

SUGAR and SPICE

By Bill Smiley

This spring, I was confronted by a difficult decision. It involved making a choice between two very old, I wonder whom you'd have decided?

Oh, it wasn't a world-shaking decision, like giving up smoking, or drinking, or entering a marriage, or anything as serious as that. But it did require much mulling over, and I've wearied that the Old Girl and I get through about 400 cups of tea in the process of making up our minds.

It came about like this. An old acquaintance, and a very decent chap, had offered me an extremely interesting job. The salary was an improvement over my present one. The holidays and fringe just were as good. My training and background fitted me for the job, which was a challenge to me. Given light all the way, very attractive, even exciting.

Why didn't I grab it? Well, it was a matter of piling items on the scales—an advantage here, a disadvantage there—and in the end, my wife and I learned a lot about what we wanted out of life, for ourselves and our children. I can only mention that taking the

job meant moving to a large city. It meant the annual major relocation of our lives. It meant saying goodbye to new friends we had made in the past year or so, and to our own home. It meant leaving the things that took a little of the time and the effort to prepare.

But there were many things for the other side of the scales. It meant moving to a large city. It meant the annual major relocation of our lives. It meant saying goodbye to new friends we had made in the past year or so, and to our own home. It meant leaving the things that took a little of the time and the effort to prepare.

But there were many things for the other side of the scales. It meant moving to a large city. It meant the annual major relocation of our lives. It meant saying goodbye to new friends we had made in the past year or so, and to our own home. It meant leaving the things that took a little of the time and the effort to prepare.

Cultural Control Of Wild Oats

Last week we discussed chemical control of wild oats and advised of the new herbicide available on this subject.

However, don't forget good cultural practices. Many good farmers have held their own against wild oats and still plan on doing it.

Here is an item prepared by the Canadian Department of Agriculture at Perth, Ontario.

Delayed Seeding:
Proper tillage practices on susceptible, a two to three-week delay in seeding, use of the redwood after seeding and a good crop of oats are necessary for good control. When seeding is delayed, the first crop of wild oats can be destroyed by tillage. At Perth, Ontario, a 1950-51 experiment showed that May 30 allowed good control of wild oats and yielded 7 bushels per acre more than that seeded from May 1 to 5.

Catch Early Wild Oats
In southern Saskatchewan, 90 per cent of the wild oats are controlled by May 15. Using the redwood five to eight days after seeding, 50 per cent of the wild oats surviving without chemical control. This usually gives the wheat an advantage over the weeds.

Fail Control:
Wild oats should be kept under control on summer-fallow. A light disking of stubble in the fall generally promotes good germination of wild oats the following spring. During the summer the fallow should be tilled enough to prevent wild oats from seedling.

Watch Tertiary Outbreaks
Alberta's Supervisor of Soils and Weed Control, W. Leach, advises farmers in this province to watch tertiary outbreaks. Tertiary outbreaks are the most serious type of outbreak, as they are the most difficult to control. They are the most serious type of outbreak, as they are the most difficult to control. They are the most serious type of outbreak, as they are the most difficult to control.

Check Seed Counts
When commercial grade seed is used, it will pay the farmer handsomely to check the seed if there is any doubt about the seed count being present. A good way of checking is to spread the grain on white paper. If factory booklet is found you could be in for serious trouble later on. Very thorough cleaning of a good seed cleaning plant might remove this weed from oats and barley but complete removal from wheat is almost impossible.

Controlled Seed Counts
In wheat, a commercial grade seed that can be certified for export. Furthermore there is only a very small tolerance for tertiary outbreaks in commercial grain. For wheat, the tolerance for tertiary outbreaks of this weed are allowed in about a pound of top grade grain.

In commercial grade wheat, tertiary outbreaks darken the flour and in making barley it adversely affects the malt. Two years ago, a seedling this weed caused the loss of \$100,000 in seed and other products.

AND WESTERN WEEKLY SUPPLEMENT

FORT SASKATCHEWAN, ALBERTA

Thursday, May 31, 1962

Plan Political Forum Car Roaueo This Friday

A political meeting will be sponsored by the Fort Saskatchewan Community Hall on Friday, June 1st at 8 p.m. The speakers will be Mr. C. M. Carter, Mr. W. D. McLean (NDP), Mr. T. Nugent (PC) and Mr. S. A. Rowland (C).

There will be an opportunity for questions from the floor after the speakers. The Chairman of the meeting will be Rev. Peter T. Ream. The Session of First United Church will take place on Friday, June 1st at 8 p.m. The speakers will be Mr. C. M. Carter, Mr. W. D. McLean (NDP), Mr. T. Nugent (PC) and Mr. S. A. Rowland (C).

Couper Unreported

The cougar, whose appearance here recently caused a stir of excitement, appears to have been on about his wanderings elsewhere. According to Police Chief Roger Hume, the last information of the animal was that supplied by Mr. and Mrs. Norman Mahr who spotted the animal near Josephburg on Sunday, May 27th.

Takes Post In Manila

An interesting new market awaits Canadian exporters in the Middle East, says the Montreal Star in its issue of May 28th following an interview with William B. Walton, recently returned from two and a half years at that post as assistant commercial secretary in Beirut, Lebanon.

Mr. Walton is the son of Mr. and Mrs. W. B. Walton of Port Saskatchewan and retired his education here. He is now making a tour of Canada before going to Manila as vice-consul and assistant trade commissioner in July.

In the Montreal conference he said: "Middle East nations are turning to industrialize and raise their standards. There are plenty of opportunities for adventurous Canadian businessmen to get in on the ground floor."

Mr. Walton and children, Helen and John, are spending the summer in Port Saskatchewan with Mr. Walton's parents. They will leave in September for Manila.

Minstrel Show this Weekend

The last of the "Last Old Chair" Minstrel Show is to be staged in the Community Hall on June 8th and 9th, with a show on June 8th and 9th. The show will be presented by the club and will be a local show.

Candidates Speak at Ardrossan Meeting

Over thirty people in attendance for the first time last Thursday evening to hear the campaign speeches of four candidates for the 1962 election of the Ardrossan and District Division of the Canadian Union of Alberta. Mr. Ian MacNeil, who was chairman and called on the candidates, was assisted by Mr. MacNeil, who had been the Liberal.

Mr. MacNeil stated that it was evident that the election was being fought fairly, on the record of the Ardrossan Government, and recently on the programs and records of the other parties.

Mr. MacNeil challenged the P.C. government to record, fairly on the record of the Ardrossan Government, and recently on the programs and records of the other parties.

ELKS CLUB ACTIVITIES

Arrangements have been completed to hold two barn dances at the farm of Mrs. Harry Strickland, 1st first, de novo is scheduled for June 22nd and will feature Art Johnston's orchestra who is well known in the area.

Friday night at the Community Hall the 24th Annual Elks Banquet was held. The major draw prize of a 14-ft. van, motor and trailer was won by Mr. J. J. MacNeil.

The net income of the average Canadian family was the theme of a recent program of the Elks Club. The net income per family being \$100.

Mr. R. A. Brown, Social Credit candidate stated that the main aim in the election was "the downward trend in our standards of living."

Ardrossan Scout Wins Award

ARDROSSAN: A Scout Council led in the contest on the McCalla farm was a big day for Malcolm Davidson of the Ardrossan Scout Troop.

It was there that he was awarded with the Queen's Royal Scout Award for his participation in the contest.

Malcolm had earned to date 100 points in the contest, which is a record for the Ardrossan Scout Troop.

Malcolm is a student at Ardrossan High School and lives on a farm with his parents. Mr. and Mrs. W. Davidson are the Ardrossan Scoutmaster.

The Canadian Scout Society has 80,000 members - the number of which you contributed to their campaign last year.

Ardrossan High Notes

The Tropical Twist Dance held at the Ardrossan High School on May 24th was a tremendous success. The guest supplied by the Orpheus was very entertaining and everything had a wonderful time.

The highlight of the evening was the crowning of the Queen and the King. The Queen was Mrs. H. Davidson.

The Queen and the King were crowned by the students of the school. The Queen was Mrs. H. Davidson.

Local Team Victor in Two League Games

In the travelling Little League school grounds, commencing at 6:30. Baseball schedule the local Legion team is away to a good start. In the district league they have played two games, winning both, a squeaker against Andrew, 5-4; in the first inning on a home run by Richard Thorne and then against Lament. In the Lament game they were up a big lead in the first two innings and played good ball there on to win easily. To date Johnny Bland is the leading hitter followed closely by Raymond Holland.

In the District Pony League the local All Stars won their game against Andrew quite easily but at Lament went down to defeat when the Lament boys came up with a strong game.

In the Local Pony League there is quite a scramble going on to amongst the four teams for the league lead. At the present time, Sherwin Corbett leads the pack with three wins, a tie and one loss being to the Elks. The Little League who are also playing in the league are holding their own in this fast company and are in third place with two wins, one tie and two losses, followed closely by the Elks and Peace River Omas with two wins each.

Following is the schedule for both leagues for the remainder of the season, so how about coming out to support these future Big Leaguers. All local games are at the

GRASSHOPPER NEWS

W.I. Conference This Saturday

Mrs. E. J. MacVie, Correspondent. It is hoped that all Grasshopper W.I. members will remember about the W.I. Conference which is to be held at the Pleasant View Community Hall in South Edmonton, Saturday, June 9th. Remember to hand your handkerchief to Mrs. Joe Strong and she will see that all articles get there and put in their proper places.

The next regular Grasshopper W.I. meeting will be held at the home of Mrs. Joe Strong.

Mrs. Ted Wernicke and son arrived from Prince George, B.C., Sunday afternoon at the home of Mr. and Mrs. Alannah to visit. Mrs. Wernicke is the former Donna Alannah.

Mr. and Mrs. Willard Chumman of Edmonton were called at the home of Mr. and Mrs. Harold Chumman recently.

Congratulations to Mr. and Mrs. Larry Rhoadson on the birth of a son who was born May 28th. His weight was 7 lbs., 14 oz. and his name is Darren Leigh.

Mr. and Mrs. Paul Lindeman and family were visitors at the home of Mr. and Mrs. Rhoadson of Edmonton, Saturday evening. Mrs. Lindeman is Mrs. Lindeman's sister, Dorinda.

It is nice to report that Mrs. Esther Brown is seemingly steady from the accident she was involved in a few weeks ago.

Across Province

Grasshopper crop reports for the week ended June 1st indicate that showery weather has been general over Alberta during the past week except in the southeast and east central portion where precipitation was noticed. This area needs a good general rain to provide satisfactory moisture conditions. Over the rest of the province moisture supplies are satisfactory to good.

90% of all oil company product research in Canada is done by Imperial

At Imperial Oil's laboratories at Sarnia, Ontario, more than 2000 scientists and technicians are working to improve present petroleum products—and to develop new ones. Their research covers many fields, from gasoline to household detergents.

Another 130 scientists and technicians are working at Imperial's Calgary laboratories on ways to find and produce more Canadian crude oil and natural gas. Imperial does more research than all other oil companies in Canada combined.

ALWAYS LOOK TO IMPERIAL FOR THE BEST

Practically anywhere you look today you'll find things that are made from oil. Chemicals from petroleum are the building blocks for hundreds of things from plastic toys to automobile tires. Imperial Oil research chemists and technicians are working to develop more of these basic chemicals for Canada.

Is Volkswagen changing?

Have we decided to replace our familiar beetle-shaped car?

Are we going to stop making it? Definitely not. In 131 countries around the world, Volkswagen are still being sold faster than we can make them. Once over our features are being expanded so that production can be increased.

No, we are not discontinuing "old reliable". All we are changing our outboard policy. From now on you will have a choice of two models—our famous 1300 model and the new VW 1500.

IS THE VW 1500 REALLY A VOLKSWAGEN?
The VW 1500 is like its stable mate, it has an air-cooled engine in the rear, of course. It has a solid platform chassis. It has optional wheels and tires. And it is independently sprung front and rear by torsion bars. In other words, the VW 1500 has all the features which have made the VW 1300 a world success.

THE VW 1500 IS A BEETLE.

MAKES FORMERLY CAR.

There is no doubt that our new car is a Volkswagen. But it is bigger, better, and offers

more comfort. Once you have driven the VW 1500 fast just around the block, but over a longer distance you will discover that it offers a whole new standard of driving performance. It has the responsiveness and road holding qualities of a sports car, and yet it has the comfort and convenience of a full-size family sedan.

The transmission, (synchronized in all four gears) is a pure delight to shift. Buckle seats (only recently rediscovered by so many automobile manufacturers and delivered as an option at extra cost) are standard equipment and can be adjusted to 49 different positions.

LUXURY APPOINTMENTS INCLUDED IN THE BASIC PRICE.

The VW 1500 is loaded with extras: heater, windshield wiper, padded dashboard and cushions, crumple for all four seats plus a comfortable centre console in the rear, and many other items for which you would expect to pay extra. But they are all standard equipment. And you can trial to see to re-style the body each year to make your VW 1500 modern.

You can also expect to find the high standard of

quality for which the VW 1300 is rightly known. After all, you don't build five million cars of one model without knowing how to do it the right way. It is this constant improvement, rather than change for its own sake, that has made Volkswagen the third largest automobile producer in the world.

HOW VOLKSWAGEN HELPS CANADA'S EXPORT TRADE.

Volkswagen play a very important role in the trade relations between Canada and West Germany. Every Volkswagen sold in this country helps Canada to find more goods to West Germany, and in this manner the additional Volkswagen model will make another contribution to the flourishing interchange between two good trading partners.

SEE THE VW 1500, AND DRIVE IT.

Our 346 Volkswagen dealers, already service trained and supplied with parts for this new model long before the arrival of the first vehicle, are eager to show you the new VW 1500. If you would like to meet a new vehicle, contact your dealer, contact your dealer, and let us know you want a VW 1500.

The Trend Today is to IGA

Change Name HSA District Council

A meeting of the Clover Bar Council of Home and School Associations, was held June 4 at Silverwood Heights School with President Mr. H. O. Arpe in the chair.

In view of the fact that the Clover Bar Division is now known as County of Strathcona No. 28, it was decided that in keeping with this the Clover Bar Council of Home and School should change its name to the Strathcona Council of Home and School.

Lady Golfers Plan Tourney

Fort Saskatchewan Ladies Golf Club will hold the President's Vice-President Tournament, in the form of a two-day foursome event, on Sunday, June 17. Two-off time is 1 p.m.

Lola Patterson, Betty Darling, Irene Morrison and Joanne Goss attended the Ladies Golf Tournament and reported a very enjoyable time. Joanne Goss was the second winner.

An appetizer item in the Record this week for pre-school children and these items will continue Monday, June 18 at the pool. Registration time—10 a.m. Last year 180 pre-school children were instructed how to swim and this year the first 180 names will be accepted and then the registration will close. Mothers may use of this opportunity and have your child's name on the list, not later than June 14.

For our summer "Learn to Swim" classes in the Town of Strathcona, June 18 to 24, 1962, at the Silverwood Heights School. The classes can be arranged prior to Tuesday, July 31 when classes will end under the supervision of the Strathcona Council of Home and School.

Hats Displayed At Spring Tea

The Ladies Annual Spring Tea of the Fort Saskatchewan Club was held at the Golf Club on June 4. The supper and tea were served by the club members and guests. The tea was held at the Golf Club on June 4. The supper and tea were served by the club members and guests. The tea was held at the Golf Club on June 4. The supper and tea were served by the club members and guests.

Also discussed was the matter of sponsoring more interest in the local Home and School and in the pool work that a Council of Home and School can do, if it has the backing of the various local.

The next meeting of the Strathcona Council of Home and School will be held in the fall at the Autumn Dinner.

Congratulations

Congratulations are extended to Mr. and Mrs. Allan Roberts on the birth of a daughter, Susan Chloé, at the University Hospital on June 10. Weight 7 lbs. 1 oz.

Editorial Comment

It's Your Vote . . . Use It!

There's always some crank in every neighborhood who says voting is a waste of time. His theory goes something like this: "Why vote? Your single little vote can't possibly make any difference in the outcome of the election, and besides all politicians are crooked."

The world is full of people with silly ideas. They fail to give our democratic process the understanding it deserves. But don't let yourself get trapped into such false thinking. This nation depends upon the intelligent individuals who use their strength in our system, full of imperfections though it may be.

Government in a democracy such as Canada is made possible because our forefathers worked and fought for an opportunity to have a decision in the government, which controlled his way of life. The Monarchists believed that their right to government was handed to them by birth and divine providence. Today we believe that the right to govern is handed to a government by the will of the majority, and those voters who are Christian believe that such a system is the will of God.

Democracy has a way of humbling the mighty rulers of the world. Democracy does not usually prohibit healthy government for it is not only government by the consent of the majority but it is government that must continually live in an atmosphere of criticism and thus must continually justify its actions to those who are governed.

Next Monday you will be a part of the jury which will decide whether John Diefenbaker and his Progressive Conservatives will be elected another term of office. The sum total of citizens like you will decide the issue. You will in theory vote for or against the present government, even though more than two candidates court your vote in the controversy.

On election day you have a responsibility as a citizen. That responsibility is a trust that has been handed down from one generation to another. It is a trust that you must not let down. Go to the polls on June 18th and let the politicians hear your ballot drop. No matter how faint the noise of your ballot may be on election day you are really one of Canada's rulers. Don't miss the opportunity of having your say.

Residents Can Help

A drive along most streets in the north-east area of the town will verify the foresight of Town Council in undertaking the boulevard tree planting program and justify expenses involved. The north-east area is mentioned specifically here as it was the first completed and trees are well advanced although the entire town is included within the scope of the program envisaged by Council.

The straight rows of trees along grassed boulevards do much to enhance the appearance of the community and will add to the beauty year by year as they grow. The trees appear healthy and well established and give evidence of attaining splendid maturity.

It is hoped that home owners feel pride in the boulevards and trees adjoining their homes and accept the responsibility for them as their own. The death and replacing of one tree in a long line can spoil the overall effect and efforts of residents to safeguard those near them will receive appreciation of the community as a whole.

Though not necessary at the moment, there will likely be dry stretches during the summer when a pall of water might be necessary to carry trees through. The chance that town crews will be able to water all trees during dry weather is remote and continued success of the program—by providing water and protecting trees from damage—will fall on the shoulders of residents. No one is bound to accept the responsibility—many already have—and it is hoped that all others will freely assume a part in helping to improve the appearance of the town.

SUGAR and SPICE

By Bill Smiley

In trying to decide who was going to win the election, the voters were misled by the politicians' promises, plain falsehood, and downright deception.

Around election time, in those days, every male had a sugar, the women were like bees looking after their hives, when they belonged to the hives were lined three-deep with a red velvet rug.

Nobody was ever around asking, "Well, is there any real difference between the parties?" or "What do you think of the Government?" or "What do you think of the Opposition?"

Everybody knew what the issue was. They were either for Respublican or against it. Even though you weren't too sure what it meant.

Fifty years ago, a speech was given when you'd drive 10 miles with a horse and buggy to hear it. Anything shorter than an hour and a half was a personal insult.

Those things that come to the mind of a politician are the things that he wants to say. He wants to say what he wants to say. He wants to say what he wants to say.

Nowadays almost every type of business is trying to use drugs and medicine as a device to attract people. It's a device to attract people. It's a device to attract people.

If you are a real shrewd buyer and can recognize a low leader, you might be able to know everyone must make a profit. Because we charge a fair price for everything and not more than we deserve. May we recommend your savings money if you buy from us.

There was nothing really pretty about the elections. The speaker received personal knowledge of the voters' great, unadmitted corruption that would curdle your blood. He didn't say it right out, but he implied that his worthy opponent was a headless drum, a horse without a head, and had insanity in the family. And the politicians' promises in those days were a lot more interesting than they are today. They didn't talk about social welfare, and protect all increase in this, a rain in that. They gave you something concrete, like a new duck, or a post office—something you could see.

Remember what Mr. John A. Macdonald was like when he was trying to induce B.C. to join the "new confederation"? They said they'd join if the Government would guarantee a wagon road to the coast. Mr. John A. said, in effect, "Wagon trail, hell! I'll build you a railroad in 18 years!" And he did.

I can't help wondering what the old-time politicians would have thought of today's campaign, with its gaudy color pictures, its colorless candidates, its scarcity of clean-cut issues, and its complete lack of these basic elements of our election—a cheap whisky, strong cigars and a decent scandal.

Those things that come to the mind of a politician are the things that he wants to say. He wants to say what he wants to say. He wants to say what he wants to say.

Nowadays almost every type of business is trying to use drugs and medicine as a device to attract people. It's a device to attract people. It's a device to attract people.

If you are a real shrewd buyer and can recognize a low leader, you might be able to know everyone must make a profit. Because we charge a fair price for everything and not more than we deserve. May we recommend your savings money if you buy from us.

term loan meets many needs for ready cash at low cost

It's the simple, immediate, timely way to borrow. No hidden charges. No "traps". With a term loan you know to the exact cent what you're paying. And you'll often find it's a lot less than you are asked to pay elsewhere. Most times you need money to buy a major item or to meet unexpected expenses—in fact for any emergency. You don't need any more than you need in. See the Royal Bank about a term loan. Loan, any amount up to \$5,000; up to 36 months to pay. And it's life-insured. Just talk to your nearest "Royal" manager, or ask for our term loan folder.

Guides Hold Ceremony

An enthusiastic crowd was here for the last meeting of the Past Guides of Olds Chapter No. 100, which was held at the home of Mrs. Wendy Mahan, Wanda Pons and Mrs. Doreen Mahan, made this year's main and were escorted Wanda Pons and Mrs. Doreen Mahan. Mrs. Mahan was presented with her uniform, which she had worn for many years. Mrs. Mahan was given a gift of a new year's hat. Mrs. Mahan was given a gift of a new year's hat. Mrs. Mahan was given a gift of a new year's hat.

most enjoyable day. The Old Guides and Brownies of Ardmore recently held their first meeting at the home of Mrs. Wendy Mahan, Wanda Pons and Mrs. Doreen Mahan, made this year's main and were escorted Wanda Pons and Mrs. Doreen Mahan. Mrs. Mahan was presented with her uniform, which she had worn for many years. Mrs. Mahan was given a gift of a new year's hat. Mrs. Mahan was given a gift of a new year's hat.

Guides Captain reported on the activities for the year and the Brownies reported on the year. Mrs. Wendy Mahan, Wanda Pons and Mrs. Doreen Mahan, made this year's main and were escorted Wanda Pons and Mrs. Doreen Mahan. Mrs. Mahan was presented with her uniform, which she had worn for many years. Mrs. Mahan was given a gift of a new year's hat. Mrs. Mahan was given a gift of a new year's hat.

RETURN FROM COAST

Dr. and Mrs. W. A. Johnston and family arrived home from Vancouver where Dr. Johnston attended the 102nd Canadian Dental Association Convention. The program of entertainment was given for the ladies. After the convention the Johnston family enjoyed a weekend in the Okanagan.

All Province Cool and Cloudy

Our country was swept by a cold front from the north, which brought a cool and cloudy day. The temperature was in the 40s and 50s. The wind was from the north and the sky was overcast.

Mrs. Baptiste Returns From Conference

Mrs. W. C. Baptiste was a representative to Calgary where she was one of the delegates at the convention of the Alberta Division of the Canadian Club for the Month of May.

BALL & JACOBS AUCTION SERVICE

(Don Ball & Associates) Edmonton Public Storage, Ltd. 201, 2nd Avenue, S.E. We devote our entire time to selling LIVESTOCK & FARM SALES. OUR EXPERIENCE IS YOUR ASSURANCE. FOR A SUCCESSFUL SALE, GIVE US A CALL.

Donald Kelm Sigma Chi President

Mr. Donald L. Kelm, son of Mr. and Mrs. Henry Kelm of Fort Saskatchewan, has been elected President of the Sigma Chi Fraternity Chapter at Olds. Dr. Kelm is a member of the Olds Chapter of the Sigma Chi Fraternity. He is also a member of the Olds Chapter of the Sigma Chi Fraternity.

ELKS LODGE ACTIVITIES

We are very sorry to report that Mrs. Len Mahan and Mrs. Wm. Biggers are still in the Royal Albert Hospital in Edmonton. A visit from any of our Kins would be very much appreciated.

Several work bees are being scheduled at Mrs. Mahan's farm to ready the lot for our Barn dances. All volunteers are needed to get things ready. We would like to remind all our members that the leaders of the O.R.P. have extended an invitation to all Kins and they urge to attend their installation ceremony on June 18th. The installation ceremony will be followed by a social evening and supper.

Trips Available To 4-H Members

Three major award trips will be won this season by a total of nineteen active 4-H Club members from all parts of Alberta, sending their young representatives of the Province to Montana, Washington, D.C. and other parts of the United States. In addition, nineteen alternate winners will be given an invitation to attend Club Week at one of the schools of agriculture in 1962, and other activities will be enjoyed by club members throughout the summer holiday months.

The State 4-H Congress, to be held at Houston, Minnesota, in August has invited Alberta to send two boys and two girls as delegates. National 4-H Club Week in Toronto will host fourteen young people from the provinces during the Royal Winter Fair in November, while a visit to the U.S. National 4-H Conference to be held in April 1963 in Washington, D.C.

Club Weeks are scheduled for Fairview Community College and the Vermilion and Olds Schools of Agriculture. Provincial eliminations to decide the winners of the award trips will be held at Olds School of Agriculture in August, but a name of all delegates who will be competing must be submitted by July 14.

Week-long camps will be held in Edmonton, Calgary, Battle Lake and Elkhart, and three-day camps at most of the "R" Fair. The Provincial 4-H Dairy Show at the Deer, the Thematic Display competition at the Calgary and Edmonton Exhibitions, Public Speaking Competitions and the Domestic Science at Battle are all events which are looked forward to each year by 4-Hers throughout the province.

St. George's Setting for Wedding

St. George's Anglican Church, Port Saskatchewan was the setting recently for the afternoon wedding of Miss Phyllis Hiltz Simmonds and Mickey Roland Dewar. Rev. D. P. Moore performed the double ceremony.

Given in marriage by her father before an altar decorated with white gladioli and carnations, the bride and groom were joined in the holy sacrament of matrimony. The full length sleeves ended in a flip point.

Her show length veil was of nylon, tulle and lace and her hair was a crown of pearls and she carried a bouquet of red roses.

Attending the bride was her sister-in-law Mrs. Phyllis Simmonds as maid of honor, and her bridesmaids were Miss Orla Zylstra and Miss Arlene Hiltz. They chose identical short length gowns of mist green nylon over tulle, and net with their bouquets were yellow daisies and white carnations.

Debbie Simmonds was her sister's flower girl and wore a white nylon dress with yellow underlay of tulle. She carried a bouquet of daisies and yellow roses. Ring bearer was Master David Armstrong of Hinton. Ushers were Mr. Robert Armstrong and Mr. Burlington Eaton.

Attending the groom were Mrs. Louis Simmonds Jr. and Mr. Keith Simmonds, brother of the bride, and Mr. Don Johnston of Lamont. Mr. Lawrence Abraham was organist and soloist was Mrs. Audrey Hiltz.

Following the wedding a reception was held at the Port Saskatchewan Community Hall and a dance followed in the Brewster Community Hall.

During the 1961 calendar year, the United States exported a record 7.8 million bushels of wheat and wheat flour - some 120 million above the 1960 level. Most moved under government sanction programs.

Donald L. Kelm

HOW MANY PAY THEIR BILLS BY CHEQUE?

Nowadays most people do—because almost everybody has a bank account. Writing a cheque is safer than carrying cash and a time-saving and convenient way to pay bills. Every banking day Canadians write three million cheques, an increase in the past 10 years of more than a million a day in the number flowing through the banking system. This up-to-date cheque handling service makes possible the convenience you command every time you use your cheque book.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

PROSPERITY on the FARM

Look at what the Diefenbaker Government has done for farmers in the Vegreville Constituency.

HERE'S THE FARM RECORD:

Increased farm prices and improved farm income. Open delivery quotas. Increased loans to farmers. Stabilized market prices.

Payments in 5 years, totaling \$125,000,000 to farmers in Western Canada. This included 3 separate acreage payments and the 1959-60 "snowed under" crop payment.

Under the Progressive Conservative Government, of which FRANK FANE of Vegreville has been an active member, farmers of this Constituency have enjoyed:

- INCREASED PRICES on wheat, oats and barley.
- INCREASED AND STABILIZED PRICES on BUTTER.
- STABILIZED HOG PRICES.
- INCREASED RETURNS on BEEF CATTLE.
- INTEREST-FREE CASH ADVANCES on Farm-stored Grain.
- INCREASED P.F.A.A. PAYMENTS.

Besides That: . . .

Your Progressive Conservative Government has done a GOOD SELLING job in the marketing of your farm produce. When the Conservatives came to office in 1957, grain quotes were limited to a few bushels per acre. There were millions of bushels of unsold grain on the farms and farm income suffered. Today there are open quotas at every delivery point in Canada. That means MORE CASH and MORE MONEY in the pockets of farmers in Vegreville Constituency.

For Continued Prosperity on the Farm

VOTE Progressive Conservative

Fane, Frank J. W. Farmer

FRANK J. W. FANE

This advertisement is published by the Vegreville Federal Progressive Conservative Constituency Association

Like the Government Service, the Government of Canada is committed to the development of the Canadian Prairie Provinces, particularly in the areas of agriculture and the environment.

An intensive 3-year study of the economic losses from weeds controlled by plant scientists at the University of Manitoba shows that the average loss in yield alone, from weed competition in 146 farm grain fields, amounted to \$5.10 per acre. They found, however, that two-thirds of this loss could be avoided by spraying with 2,4-D or MCPA at the current rate at the proper time.

Successful chemical weed control depends on a number of factors. First of all, it must be recognized that the application of 2,4-D and related chemicals to small grain crops for weed control is a precision farm operation. To ensure good weed control results it must be done with reliable spraying equipment that is properly adjusted and carefully operated.

Some of the key factors in an effective chemical weed control program are: (1) Know your weeds. If your grain crops are infested with a number of different kinds of weeds use the hard-to-kill weeds as a guide in selecting the proper rate of chemical application.

(2) Time, early. No factor is more important than spraying a crop before the weeds are well established. Research has clearly demonstrated that the weeds exert their maximum influence on crop yields during the early stages of crop growth. Moreover, weeds become resistant to 2,4-D and MCPA with advancing growth. (3) Avoid crop injury by spraying in killing conditions when the time is in a "major" stage of growth. In general, MCPA is less likely to cause crop damage than 2,4-D. The use of MCPA on oats and corn is therefore strongly recommended. (4) Do not use the proper chemical dosage. (5) Use 2,4-D and other selective chemicals with care and avoid damage to nearby sensitive field crops such as rape and sugar beets, and garden crops and ornamental plants.

The final returns to dollars and cents you will receive from your weed control operations will depend on the care you give to applying the right chemical at the correct rate at the proper time. This year particularly, owing to low and unstable grain prices, the proper and timely application of weed-killing chemicals could very easily mean the difference between a good grain harvest and a crop failure.

Annual Meet Canadian H.S.A. Fed.

The Canadian Home and School and Parent-Teacher Federation held its annual meeting recently at the University of Saskatchewan, Saskatoon. C. M. Batters of Saskatoon was elected president, and O. R. Edwards of Regina, Sask., was elected vice-president. Dr. W. H. Young of Lacombe was elected secretary, and A. J. Batters of Regina, Sask., was elected treasurer.

The meeting provided an excellent opportunity for the better informed parents, more high school associations, reaching of courtesy by adult example, and study of school financing to ensure that adequate planning provides for the future. A number of reports were given, and a number of resolutions were passed, and a number of resolutions were passed, and a number of resolutions were passed.

Geislinger-Frey Nuptials At Josephph Nuch

In a setting of pink and white, the wedding of Miss Margaret Geislinger and Mr. Harold George Frey was held at the Josephph Nuch. The ceremony was performed by Rev. W. R. Frey, who is the pastor of the St. Mary's Roman Catholic Church in Regina, Sask.

Miss Geislinger, daughter of Mr. and Mrs. W. R. Frey, is a graduate of the Regina High School. She is currently a student at the University of Regina. Mr. Frey is a graduate of the University of Regina and is currently a student at the University of Regina.

The wedding was attended by many guests, including family and friends. The reception was held at the Josephph Nuch. The bride wore a white gown and the groom wore a tuxedo. The ceremony was a beautiful and memorable event.

The bride's table was laid in white with a three-tiered wedding cake decorated with white and pink ribbons. The cake was served to the guests. The reception was a success and the newlyweds are happy.

Volcanic Domes, a big hit with the troops during a recent tour of the Atlantic coast, is one of the many stars featured in the current CBC tour of the Atlantic that this summer.

Shelia Macpherson, cousin of the bride, was accompanied by Mrs. Charles Cranston, aunt of the bride. Miss Linda Frey, the bride's youngest sister, entertained the guests. The reception was held at the Josephph Nuch.

For a honeymoon trip to the World's Fair and Expo '67, the bride donated a navy suit trimmed in white and matching accessories. Her cousin was of red roses.

Mr. and Mrs. Frey will make their home at Fort Saskatchewan. Out-of-town guests came from New Westminster, Fort St. John, Drayton Valley, Lacombe, and Brudenheim.

CAN CANADA MAN A HEALTH PLAN? With or without a national health insurance plan, Canadians are determined they are going to pay more attention to their health. This is the only conclusion that can be drawn from a clear look at the national health picture today, says

the Financial Post in a feature report. Highlights of the picture are the varied and voluminous needs to be served, the expansion of voluntary health insurance plans, and the battle in Saskatchewan between the government and doctors over the first provincial health plan.

Medical Payments

If you carry insurance under this section, you and your wife may now recover medical, surgical, dental, ambulatory, hospital, professional nursing and funeral expenses necessarily incurred because of injuries sustained while residing in or driving another person's private car or station wagon.

This is in addition to similar insurance still provided for you, your wife and family and other passengers while riding in or driving your own car.

Medical Payments Insurance "takes up the slack" and provides valuable protection against financial drain on your pocket book for many services not covered by Provincial Hospitalization Plans or after other forms of accident insurance have been exhausted.

INDUSTRIAL TEAM WINS HOSE LAYING CONTEST

A team from Canadian Chemical, Ltd., Edmonton, captured third place in the first of the 1962 hose laying contests, held on June 10th at Ponoka. This is the first industrial team in future competition. The team is composed of

Mayn Stark, team coach Jim Turnbull, Bud Meyers and Mike James. The team was awarded the Shiny Plain Chamber of Commerce trophy.

May rains over a good portion of the watershed breeding areas have improved habitat conditions for the breeding pair population.

The report points out southern Alberta's "very dry state" and the fact that "the only waters in the basin available for breeding birds are irrigation reservoirs and Ducks Unlimited projects." Partridge and arena mice to the north are in better condition with good duck populations.

Report reveals that hatching on Canada Oms in the prairie provinces has been general for some time. Duck broods have been reported in Alberta and Saskatchewan, but there is evidence of late hatching in the south, states Oms.

A bright note emanates from a report reveals that hatching on Canada Oms in the prairie provinces has been general for some time. Duck broods have been reported in Alberta and Saskatchewan, but there is evidence of late hatching in the south, states Oms.

fewer Farmers produce More

Canada's ambitious corporate farmers are discovering that profits aren't come easily, report John Buehler and Carlyle Dunbar in "The Financial Post".

In agriculture as in other business, the trend is to larger, more efficient organizations. For farming, this is a new stage in the revolution which fewer and fewer farmers are consolidating North American food production in less than 30 years.

But large companies devoted to growing and marketing farm products, especially table vegetables, are finding their business is becoming literally these firms operate food factories. They view the land supporting their packing plants as being able to farm into supplying a paper mill with raw material.

The stock market has been torn between high confidence and re-provincial Hospitalization Plans or after other forms of accident insurance have been exhausted.

YPRES VALLEY DISTRICT NEWS

Mrs. E. Boushew, Chairman of the Ypres Valley District, is pleased to announce that the Community Club met on the evening of Tuesday, June 12th at the home of Mr. and Mrs. C. Davis.

There were 18 members and two visitors present. A very nice meal was served. A raffle was held and the proceeds were donated to the Ypres Valley District.

After business matters were disposed of a social hour was enjoyed and lunch served.

A commercial vegetable program was initiated by the Ypres Valley District. A number of vegetables are being grown in the district, including tomatoes, cucumbers, and eggplants.

A number of vegetables are being grown in the district, including tomatoes, cucumbers, and eggplants. The program is a success and the vegetables are being sold at a profit.

GOOD PROTECTION on any farm

The scarecrow may be more symbolic than effective, but there is never any doubt about the effectiveness of Esso Motor Oils.

Whether you're using a regular or high compression gasoline engine or a diesel unit, Imperial has the right motor oil for you. Marvelube, Escolube, Mineralube, or Mobilube, each is designed to meet specific requirements. Your engine will run smoother and more efficiently and there's less wear and tear with Esso Motor Oils.

Why don't you see your Imperial Esso Agent, he'll be glad to help you select the motor oil that's just right for you.

An apple is to company research experiments? As Imperial—yes. Research into new petroleum products used Canadian farmers and the largest petroleum research laboratories in Canada. 90% of all oil company product research in Canada is done by Imperial. At Imperial Oil's laboratories at Sarnia, Ontario, more than 200 scientists and technicians are working to improve present petroleum products and to develop new ones. Their research covers many fields, from gasoline to household detergents. Another 130 scientists and technicians are working at Imperial's Calgary laboratories on ways to find and produce more Canadian crude oil and natural gas. Imperial does more research than all other oil companies in Canada combined. ALWAYS LOOK TO IMPERIAL FOR THE BEST

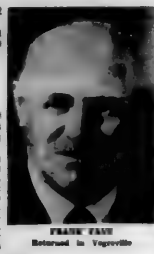

Piano Recital Held Recently

The annual recital by pupils of Mrs. Owen Montgomery, held in First United Church Hall at 7:30 p.m. on June 17, was attended by Mrs. Montgomery gave a brief outline of the students' activities during the year, stating that 13 had met for practical exams, four had written Theory exams and 11 musical composition. Two had won prizes. Prizes for showing the most improvement during the year were presented.

Cheryl Ramnath and Noel Fisher presented Mrs. Montgomery with flowers and the sum of \$10.00 was given by the students and parents to be used towards music awards at the next competition.

Students Awarded Scholarships

Presentations of awards at the high school this week will include two local students. In February, their education during the summer of 1961 scholarship was presented to Donna Montgomery who will take a music course at the Music School of Music, Minnesota, during July under the sponsorship of the Port Lorne Club. In co-operation with the Port Saskatchewan Women's Institute this club will send Chas Schreier to the U.N. summer at the Banff School of Pine Arts next month.

Wedding Vows Pledged At Josephburg Church

A pretty wedding was solemnized at the Josephburg Evangelical Church on June 19, when Mr. and Mrs. W. H. Taylor were united in holy matrimony. The bride, Miss Mary Ann Taylor, was accompanied by her father, Mr. W. H. Taylor. The groom, Mr. W. H. Taylor, was accompanied by his mother, Mrs. W. H. Taylor. The ceremony was performed by Rev. W. H. Taylor. The reception was held at the home of the bride's parents.

Alta. Tourist Information Service in U.S.

Visitors entering Seattle from the 1960 Pacific Highway South. The south will be encouraged to visit Alberta, and will have ample support from the Alberta Government Travel Bureau, which has been located at a strategic point.

son who have served in similar commanding capacity in previous years.

Officials of the Alberta Travel Bureau are anticipating a major influx of tourists who have been attracted to the Seattle World's Fair and who will be completing a circle tour during their holiday season.

Many from the east will travel west on the Trans Canada Highway and return via the States. Others will reverse the route. Many more are expected from the west and south western States and these people will be encouraged to travel north to Canada, into Alberta, by the new Trans Canada mountain route and return to the States on this side of the Rockies.

The Alberta Travel Bureau trailer located adjacent to the Seattle-Tacoma airport on a filling station property, is identified by large signs at the site and on the route leading to it. The mobile bureau will be open through June to September.

Indications of the extent of foreign travel to Alberta may be judged by enquiries received to date, largely compared with 1961 for the same period last year.

Winter wheat acreage in most Western European countries this season is substantially greater than last year of a year ago.

Regulations regarding the employment of children are strictly enforced by the Board of Industrial Relations, which is the enforcing body of the Department of Labour.

Most employers are now happy to comply with even the most rigid requirements of the Board and some even go so far as to extend their care of the children in their employ to providing meals and transportation.

However, the Board is constantly on the alert for conditions wherein, although the children are employed exactly according to the regulations, they are in fact being exposed to

Outline of Regulations on Young Workers

With the closing of Alberta schools for the summer, many boys and girls between the ages of 13 and 18 will be job hunting. While many children are normally prohibited from employment in a factory, shop or office building, or in any other employment without the written consent of their parent or guardian and the approval of the Board, there is in fact a regulation set forth by the Lieutenant Governor in Council which does allow for their employment.

This regulation states that "a child over the full age of twelve years may be employed as store clerk, delivery boy or girl, vendor of newspapers and small wares, clerk or messenger in an office, express messenger, shoe-shiner, waiter boy on a construction project, or gardener or landowner, providing that such employment is not likely to be injurious to life, limb, health, education or morals of the child."

Regulations regarding the employment of children are strictly enforced by the Board of Industrial Relations, which is the enforcing body of the Department of Labour.

Most employers are now happy to comply with even the most rigid requirements of the Board and some even go so far as to extend their care of the children in their employ to providing meals and transportation.

However, the Board is constantly on the alert for conditions wherein, although the children are employed exactly according to the regulations, they are in fact being exposed to

SPLASH NEWS
By Dave Craig

SPECIAL NOTICE

I am happy to announce that season tickets will now be issued at the swimming pool. The Recreation Committee and the Parents Committee of the swim team submitted a recommendation to Town Council Monday evening that season tickets be issued, and Council voted unanimously in favor of the motion. An individual season ticket will cost \$5.00 and a family season ticket will cost \$15.00. For those who have bought punch cards thus far at the pool, the money already spent on these punch tickets will be deducted from either an individual or family season ticket. I feel strongly that season tickets will stimulate a more active interest for swimming and it is my hope that families will swim as a group together when possible. Swimming now will not only be refreshing and enjoyable, but economical. I hope that all of you will now make full use of the fine facilities available for you at your swimming pool.

The Fort Saskatchewan swim team would like to thank the residents of the town for the fine response to our bottle drive last Saturday. We were able to surpass our objective of \$100 and I assure you that a worthy delegation from our swim team will compete in the Kalamata Regatta in early August.

Remember—for a cool summer and one filled with fun and relaxation—buy a season swim ticket.

the very dangers mentioned in the regulations. For example, a boy who is employed as water boy may be permitted to carry water to the men working with giant hoists or other heavy equipment, and his very proximity to this heavy equipment may place him in danger.

Newspapers are not subject to jurisdiction by the Department of Labour, as they are considered to be self-employed. They purchase the newspapers from the publisher, and read them at a profit to themselves, therefore are not classed as employees of the publisher.

Dark-haired, good-looking and talented—she still going to school! She's Paula Chapman, star pupil of Speaking French, the quality CBC-TV show designed to teach French the past few years. Producer Stan-Paul Viner is her television teacher.

To the Electors of the Federal Electoral District of Vegreville

I wish to take this opportunity to express my thanks and the thanks of the Progressive Conservative Party for the wonderful vote of confidence in the government and me which you showed in re-electing me as your member of parliament on June 18. It is a very great honor and privilege to represent this constituency in parliament.

I would also like to express my sincere appreciation to all the workers who assisted so capably during the campaign on my behalf.

Josephburg Ladies' Aid Midsummer Meeting

The Ladies Aid of the Reformed Church held its mid-summer meeting at June 29 at the dining room with business Mrs. Herbert Mohr, Mrs. Warren Thomas and Mrs. Thelma Thomas serving a delicious lunch at the close of the afternoon.

The devotional period was opened by the President, Mrs. F. B. Buehler, followed by Mrs. Bert Prey giving the prayer. An interesting feature was the presentation of the Ladies Aid pin to Mrs. Frank McEwen, the twenty-five years of loyalty and service. Mrs. McEwen received much attention, having only missed three meetings through ill health since Mrs. Prey joined her.

In honor of Marie, as everyone knows her, Mrs. Howard Mohr and Mrs. Becker accompanied Mrs. Prey sang "Marie on the Hilltop". During the business session it was decided to change the picnic date from July 11 to July 14. The next meeting will be on August 1.

Mrs. Joe Proulx of Ponoka, was a recent well-known guest of her son-in-law and daughter, Mr. and Mrs. Raymond Kippel.

Mrs. Harold Mohr, Jamie and Junior spent several days with her mother, Mrs. J. Duncan at Lacombe. Mr. and Mrs. Reinhold Berg of Calgary have as summer guests

Mr. and Mrs. Ray Schock left recently to visit with relatives in Manitoba. They will stop at the Calgary Bungalow on their way home.

Miss Irene Bushnell of Edmonton spent the long weekend at the home of her parents, Mr. and Mrs. J. H. Bushnell.

Mrs. Johnny Pike and children arrived unexpectedly on Monday evening to visit with her parents, Mr. and Mrs. Gordon Moore.

Wayne Plesner is holidaying with his grandparents, Mr. and Mrs. Alvin Strick of Lacombe.

the Reformed Church, Janice Lynn was the names given to the daughter of Mr. and Mrs. Norman Dahl by the baptismal rites performed by the Rev. W. J. Fry. The pastor, who under the direction of Mrs. Wm. Woodbridge, sang "Blessed Love" a Shepherd Lead Us. The church was enhanced with summer flowers. A bouquet of flowers from the Sunday School was given to Mr. Norman Dahl, who is a teacher. Mr. and Mrs. Lloyd Dittmer and family of Edmonton were recent Sunday guests of Mr. and Mrs. Harold Mohr.

Mr. and Mrs. Albert Mohr, accompanied by Mr. and Mrs. W. B. Buehler, spent the Dominion holiday week-end at Medicine Hat, guests of Mr. and Mrs. Frank McEwen and also visited their aunt and cousin, Mrs. Elizabeth Mohr and Mrs. Herbert Mosser and family. Bertha, who called on their uncle and aunt, Mr. and Mrs. Reinhold Berg at Calgary and cousin, Mr. and Mrs. Harry Buehler of Brooks. At the Sunday morning service in

Rain Mers Picnic

Mrs. B. Buehler, Correspondent
In spite of the severe storm that struck just at the supper hour the Yvelle Valley Women's held a successful picnic last Saturday. The ball game between the Brookville and Good Hope Ice Wren ended in a tie. The game scheduled for the evening between Brookville and Good Hope ladies had to be cancelled. Our sincere thanks to everyone that braved the storm to eat a somewhat soggy supper.

Mrs. Robert Reynolds was the winner of the bean raffish by the Yvelle Valley Community Club. Mr. Bill White won the game Thanks to all who bought tickets.

Congratulations to the students who made the grade and to the graduates. Best wishes for success in your career.

The district extends congratulations to Mr. and Mrs. Glen Reynolds who celebrated their 30th wedding anniversary recently.

The July meeting of the Yvelle Valley Women's will be held at the home of Mrs. M. Buehler on Thursday 10th, at 2 p.m.

90% of all oil company product research in Canada

is done by Imperial

At Sarnia, Ontario, and Calgary, Alberta, Imperial operates the largest petroleum research laboratories in Canada. At Sarnia, the company's scientists and technicians are working to improve present products and to develop new ones. Their research covers

many fields, from gasoline to household detergents. At Calgary, Imperial research personnel are exploring means to find and produce more Canadian crude oil and natural gas. Imperial does more research than all other oil companies in Canada combined.

Bruderheim News

Continued from Page One
shown at the Centre recently. The guest of honor was Miss Peggy Hunsbaker, daughter of Mr. and Mrs. Dan Hunsbaker.

Mrs. Howard Kippen has sold her farm and taken up residence in town. She recently spent a few days visiting her daughter in the hospital and another daughter in the States.

The D. Bandel family spent their summer vacation in Banff. They report pleasant weather.

Mr. and Mrs. Cyril Strauss and the Norman French family spent their holiday travelling through the Peace River country. They visited Dawson Creek and Fort St. John.

The J. B. Bunch family spent a week in Kamloops, B.C. with a trip to visit at Cranston. We were fortunate to be able to go on a guided tour of the Bullwin Mines at Kamloops. We were to the 4000 foot level to view the open pit where ore has been removed without going underground, and were great views of ore are still to be seen. We visited the work shop where the drill bits are sharpened, the electrical shop and the machine shop. One of our companions was an old gentleman from Holland. He is a retired shipyard worker here on vacation, and his wife spoke beautiful English and was so impressed with the mine and the vast beauty of Canada. Something that we perhaps take for granted.

The 10th annual sports day was held at the Centre. We were fortunate to have the dance was held in the evening at the Centre. Later, during the first week of July a winner race was held at the grounds. Miss Mary McIntyre was presented with a beautiful gift. She has been a teacher at Walker for several years.

Make Your Money Work

If you have money now is the time to save and to lend wisely. Neville Hunsbaker in The Provincial Post, Canadian with cash to save can get a better deal than ever now at 4 percent bank and trust companies. Following June 1st, 1962, interest rates paid on money deposited with most trust companies are now down to 3 percent on their regular investment certificates (fixed term deposits) for a term of one to five years. Two months ago the rate was only 3 percent. Chartered banks recently increased interest rates on savings deposits to 3 percent from 2 1/2 percent, credited half-yearly on the minimum quarterly balance. Most trust companies pay 3 1/2 percent on minimum half-yearly deposits.

Typical-conscious savers and investors are finding higher returns from all types of bonds, from deposits at banks and trust companies, from mortgages and other debt securities. The return on Canada savings bonds is likely to be higher this fall when the next issue comes around.

Grain company crop reports for the week ended July 15th state that rains fell in southeastern Alberta but many crops were too far advanced to derive much benefit. Crops in this area will be light except for irrigated land. In the southwest only light precipitation occurred and rain is urgently needed to protect crops which are still in fairly poor condition.

In central and northern areas heavy rain of up to 7 inches has improved crop prospects. Heavy rain was needed but has caused flooding of fields and lodging of crops in other districts. The Peace River District received good rains and crop prospects are good. In the general Edmonton area the weather has been cool and unsteady with heavy rain over most of the week.

When it is the area is reported to be about 50 percent landed with approximately 80 percent of coarse grains landed. Generally speaking, conditions in this crop district are very good, the present need being suitable and weather.

When it is the area is reported to be about 50 percent landed with approximately 80 percent of coarse grains landed. Generally speaking, conditions in this crop district are very good, the present need being suitable and weather.

Minor League Finals Scheduled To Start

The Fort Saskatchewan Pony and Little League teams journeyed to Lacombe on Thursday, July 12 to play their final games in the district playoff schedule. The Ponys had only eight players on hand and lost to Andrew. Fort Saskatchewan (later the Little League) played the Little League Champions while the Ponys were on their way to Lacombe.

The Little League players won their game 14-1 by virtue of two big innings in the 4th and 5th. Johnny Black and Terry Orser led the attack with three hits out of five. The Little League players won their game 14-1 by virtue of two big innings in the 4th and 5th. Johnny Black and Terry Orser led the attack with three hits out of five.

DAMAGE BY HAIL REPORTED

The Bruderheim Club had the Good Hope team in the park last Sunday afternoon. The team came out on top. When the weather turned—there was no rain. This is something of a novelty as there has been so much rain here.

However, temperatures are many months so everyone is hoping for good weather for the balance of the month. Several farms received rain. We had another good storm about an area north-east of town.

Conversations to Mr. and Mrs. David Lushchinsky who were married here on Saturday, Mrs. Lushchinsky is the former Peggy Schultz. Mr. Allen Hansen was home for a few days from the army. He is stationed in Calgary for an indefinite period.

4-H Calf Clubs Hold Successful Program

The club members of the Fort Saskatchewan District 4-H Calf Club held a successful evening of the club calves and joint competition for Best Crammed Calves with all the animals in the ring.

In the Fort Saskatchewan Club, Champion Calf was won by Joyce McKnight, Reserve Champion Calf, Stewart, Alannah, Showmanship, Prime, 1st Joyce McKnight; 2nd Gary Lawrence; 3rd Stewart, Alannah; 4th Joyce McKnight; Judging Competition, 1st Stewart, Alannah; 2nd Gary Lawrence; 3rd Jim Smith; 4th Jim Armstrong.

A start was made at the newly put competition, under the direction of Mr. Morrison. The highlight of this was the contest of putting of Walter Bock who took out of three pots; quite unusual for the good doctor, of course.

When the rats put out the competitive everyone moved inside, there were three teams and three Thompsons quickly organized an impromptu picnic which everyone enjoyed.

The next event planned is the Ladies Open on July 29th and on Saturday, August 4th, the members are urged to attend the calf show.

It is a most ceremony at the school of Fine Arts awards were made to several students. Among them were Arthur Hobbs, Women; Lillian Brown; Brenner; Mrs. Williams; Lillian Brown; a gift from the school of Fine Arts awards were made to several students.

SUGAR and SPICE

By Bill Smiley

Isn't it odd how the weather changes with your age? Take summer, for example. The older you get, the shorter and colder the summer gets.

When a boy is ten years old, and school lets out, summer arrives and he is about for approximately six months. That's probably the best age of all for a boy. He hasn't yet started worry in the world. He doesn't care what he looks like. He doesn't have any work to do. He can't do it. He is in the happiest. He lives in a wonderful world in which the boundary between fact and fantasy is merely an imaginary line.

He can stay for hours, until his eyes are blue as his eyes. Or he can go on his back in the grass and watch the clouds sail by. Or he can play ball in the burning sun when nobody else would collapse. He can eat an entire meal in four minutes and he can do it.

He can drink eight bottles of pop and eat ten ice cream cones without turning a hair. He wouldn't be afraid to be ten again, when summer lasts forever and is always

fun. It isn't the best of all possible ages for a boy, but it is probably the worst. Especially in summer. It is the best age for a boy, but it is probably the worst. Especially in summer. It is the best age for a boy, but it is probably the worst. Especially in summer.

When a boy is ten years old, and school lets out, summer arrives and he is about for approximately six months. That's probably the best age of all for a boy. He hasn't yet started worry in the world. and pleasure. By then, he should be able to take plenty of holidays, go fishing whenever he feels like it, or just sit on the veranda and rock in 30 years he'll learned how to handle his wife and his life, or should have his children have grown up and are living in the city. Summer should be a time of dreamy peace.

So what does he get? Grandchildren? No, that's not it. He's not in the city for the little daddies, so summer brings them to visit their granny. For the whole, terrible summer. They live up to the name of "terrible" because they are grumpy, flowerless, dumb as a brick, and he never has to see them on days when the sun would suit him.

So, the manhood have some time and some to summer. For summer, it's different. They love summer. Whether they're 3 or 33, they go around with practically nothing on, reduce the cooking to soup and peanut butter sandwiches, and have little runs in the pool of the house while their males are out doing battle.

For Information

Practically anywhere you look today you'll find things that are made from oil. Chemicals from petroleum are the building blocks for hundreds of things from plastic toys to automobile tires. Imperial Oil research chemists and technologists are working to develop more of these basic chemicals for Canada.

While in the City
the place to shop
for all your men's wear

W. L. Borg

Why don't you ever see a Volkswagen boiling?

Simply because there's nothing to boil. The Volkswagen is cooled with air.

And air can't boil (or freeze) so there's no need for a radiator. Not having a radiator really helps you keep cool when you're into a jam.

On a hot day.

And it's nice to know you haven't got one of either those too.

You never have plumbing problems. Or water pump repairs. Or hoses to replace.

Apart from the troubles you don't have, here's the money you don't spend.

And this applies to three that quite often go better than 40,000 miles the car. The

they may before the price changes.

Fort Saskatchewan

Well, the Sylvan Lake Regatta has come and gone, and I'm sure the swimmers wearing their red swim suits from Fort Saskatchewan are much the wiser for it. The competition was so tough as we had anticipated with swimmers present from Portland, Oregon, and Vancouver, as well as from many towns and cities in Alberta. The coaches and parents who attended the regatta were extremely pleased with the fine showing of our swimmers.

The following swimmers brought honor to our town—Dave Pinnell, Rod McEwen and Marty Klammen placed in the top three of their individual races. This is significant as approximately 14 swimmers swim in every race.

Our 12-14 boys relay, which will travel to Kelowna next week, swam splendidly and earned a gold medal with 17 minutes 11 seconds. The team members are Michael Hamon, Mitchell Lamoureux, Ian Maddow and David Pinnell. Our other boys relay succeeded in placing third in the same event. Joe Fisher, Ted Leggat, Bert Klammen and David Galt.

Our girls relay in the same age group, also competing at Kelowna, won third position. Jo-Anne Hamilton, Maria Thompson, Lynn Jensen and Gerry Osh.

As the Kelowna Regatta approaches the excitement of the 14 swimmers representing the Fort St. John Club in Kelowna is steadily rising. The following people will make up the selected swim team: Oshay Osh, Jo-Anne Hamilton, Lynne Jensen, Maria Thompson, Cord Wallard, Rod McEwen, Judy McEwen, Ian Fisher, Ian Maddow, Michael Hamon, Mitchell Lamoureux, David Pinnell and Malcolm Turner.

For the time being the best swimmers will accompany the team to the Pacific North West Championships which will be held in Kelowna August 10th to 12th.

The swimmers from Red Cross failed to appear last Saturday as they took swim lessons in the last two weeks so they will have their exam this Saturday, August 4th.

The time of the exams will be identical to the time of the individual swim lessons. Please take note of this.

Until next week—

"A swim or two in our Fort Pool. Is a wonderful way to stay cool!"

RAY SHORTAGE POSSIBLE

O. O. Bratvold, Supervisor of Alberta's Crop Improvement Service, advises farmers to put up all the hay they can this summer. Despite modest hay crops in northern and central Alberta, there could be an overall shortage because reserves are very low.

The demand last winter from the southern part of the province and also from Saskatchewan for hay is responsible for these shortages. This should be built up again. Also a demand for hay from the south and western parts of Alberta is expected again this year although it may not be as heavy as it was in 1961.

Mr. Bratvold also stressed that he would like to see farmers pay more attention to the quality of their hay. Any hay crop which has not already been cut with only a few days in quality from now on. Storage is an important aspect of hay quality. Stacks of bales should be covered to prevent weathering the hay and quality. There has been a considerable increase in hay prices.

Green Acres

Club, from Park Drive
are given in full detail, and the results made known.

THE AGRICULTURAL DEPARTMENT OF AGRICULTURE is submitting the co-operation of the farmers of the province in the Green Acres campaign to be a success. It is essential to have the full co-operation of all farmers, railway, highway and irrigation organizations, to the success of the campaign.

The Committee
There are numerous ways in which the farmer can contribute to the success of the campaign. On cultivated fields, one season of intensive tillage will do a great deal of good. This means cultivating the soil as much as possible, not just once a year, but as often as the weather allows. The farmer should be prepared for the rest of the season.

Mr. Lohrey stresses that the value of fertilizers in the control of weeds should not be underestimated. Fertilizers of L-6-D and MCPA at 1 pound per acre, or L-6-D and MCPA at 1/2 pound per acre, can be used to control weeds. It is essential to apply the fertilizer at the right time and in the right way. The farmer should be prepared for the rest of the season.

Large Glade Infections on non-crowd should be treated, with the disease now starting to beat, with L-6-D and MCPA at 1/2 pound per acre, or L-6-D and MCPA at 1/2 pound per acre. Small patches can be eradicated with L-6-D or MCPA or both. The farmer should be prepared for the rest of the season.

Mr. Lohrey, Supervisor of Soil and Water Conservation, has had a survey covering a large number of municipalities. The results of the survey are being used to develop a plan of action. The farmer should be prepared for the rest of the season.

Pee-Wee Results

Mrs. Huest Macdonald
The Pee-Wee Playoffs games are in full swing, and boys are few come to date in the semi-finals.

Recent developments at our Pee-Wee play-off games make one wonder why they ever started the league. The real purpose of having started the league was to have recreation for our youngsters, not to win it is a waste of time to do so. Our youngsters playing in the league are very happy and are enjoying the game. They are playing the game for the fun of it, and not for the sake of winning. We are very proud of them.

Ardrossan District News

Mrs. K. McCallin, Correspondent

The Ardrossan Vacation Bazaar, which was sponsored by the women of the M. E. Church, was a great success. All money brought by the children was given to the M. E. Church for missionary work in Hong Kong.

Total enrollment was 50 children with 100 helpers and 1000 visitors.

Parents came to visit the children on the last day when all prizes and table manners were presented to the children. While Mrs. McCallin and others treated the children to ice cream, the mothers were served by the church members. For the day were grateful to Mrs. McCallin for her help.

The ladies board reports on the purchasing of the junior shirt and the expenses and other things of the table school. Mrs. McCallin gave an account of the afternoon bazaar each day by the pupils for which we thank them very much. We thank all the teachers, helpers and those who donated their money and goods to generously.

A special thank to Miss Judy McKay and Phyllis Currie for playing the piano for the singing which we all enjoyed.

Mrs. and Mrs. Harvey Hanson and their family, including Mrs. Hanson's mother, Connie MacNeil, returned on Sunday from a wonderful vacation trip to Calgary, Banff, and returning by plane. They enjoyed the trip very much. They enjoyed the trip very much.

Miss Wanda Poulos is holding a bazaar, while her brother, George, is in Sweden enjoying his holidays.

Miss Betty Hiett is away on a holiday at home. Her family is to be having a most wonderful holiday.

Miss Helen Kennedy and Henry are enjoying a long holiday at their grandparents.

Mrs. Johnny Anderson and parents, Mr. and Mrs. John Anderson are enjoying a long holiday at their grandparents.

A visitor read and plans to be here Sunday afternoon. The improved crew for the Ardrossan was very busy and people.

Wang Wang Wang. The children were treated to lunch rides by Mr. and Mrs. McCallin. They also enjoyed the day by the children and their families.

Blackie Vain, Correspondent

Over thirty men, women and children from here attended the 18th Annual Agricultural Fair Day, sponsored by the Edmonton Chamber of Commerce on August 1st.

The day started at 10:00 a.m. with the Williams Co. Ltd. feed lot and racing stable, then to the Provincial Turfway at Oliver. At noon each had their picnic luncheon with the beverage and refreshments provided by the Williams Co. Ltd. and the Alberta Dairy Producers' Association.

The monthly meeting of the W.A. was held at the home of Mrs. J. McCallin on Sunday, August 5th. Mrs. J. McCallin was the hostess. The meeting was held at the home of Mrs. J. McCallin on Sunday, August 5th.

Plans are being made for the evening to begin with work at the club and everyone with a portable radio. The day was very successful.

The auxiliary is also planning a winter rodeo for members and their families. The auxiliary is also planning a winter rodeo for members and their families.

Best wishes for a speedy recovery are extended to John Shuchan who is home again after spending several weeks in hospital.

changed courses offered at School of Agriculture is available at District Agriculturalist offices. This calendar of 1985-86 also contains application forms which can be filled in and sent to the School of Agriculture concerned.

In Olds and Fairview, Girls' Courses start September 24, 1950.

In the United States it is claimed that four out of every ten jobs in private employment relate to agriculture. Ten million persons have jobs along, transporting the products of agriculture and in

SEEDTIME AND HARVEST

By
Dr. R. J. Gosswey, Wheaton,
Live Elevator Farm Service, Winnipeg, Manitoba

Sponsored by the following companies: **Poland, Pioneer, Alberta Pacific,**
Intermark, McCain, Porvix & Hainbuehler, Inter-Ocean, Wilson Milling and Quaker Oats.

W. H. Johnston, Cereals, Experimental Farm, Brandon, Manitoba, one of Canada's outstanding barley breeders, says that "the use of quality malting barley fit only for feed. He has prepared a list of the precautions that should be taken in threshing barley."

Precautions:

1. Keep cylinder speeds moderate.
2. Do not use too much moisture.
3. Use high for malting barley. (1) Adjust concave clearance in accord with cylinder speed; that is, the

use of poorly conditioned grain can seriously reduce the market value of the crop.

If just down to thresh, grain should be conditioned to insure high malting content. Immature kernels in wheat and grain-green kernels in barley, for instance, are serious and costly degrading factors. They don't "weigh up" on the scale, and the result is a loss of yield.

If you want to obtain the best possible returns from the grain you produce in 1962, harvest, thresh and handle it with care.

and periodically no damage to life if operational changes are necessary. In very warm weather it may be advisable to restrict combining of barley to the morning and evening.

Save Now; Want Now!

There are many natural hazards grain farming — insects, rust, drought and hail are a few of them.

Bowling Results

control over the losses they suffer. There are other hazards or risks, however, which the farmer cannot avoid. One of these is the loss caused by careless harvesting.

For instance, the market value of crops can be seriously lowered as a result of incorrect adjustment of the combine. Barley, wheat and

A five-year-old boy came into the house with a black eye, blood on his nose and all the marks of a tough fight. As his Dad was passing him up, the father asked, "What happened?"

"Well," replied the boy, "last week I challenged Jimmy to a duel and he gave him the choice of 'swords' or 'clubs.' Gee whiz! I never thought he'd

FOR T

Fort Little Leaguers Win District Title

The Fort Saskatchewan Little League team came through with two straight wins over Chipman to win the district title. The team was led by David Phillips (C.O.F.), Ross Young (S.S.), Edger Holland (3B, O.F.), and Donald Mann (1B).

and the league trophy. The Port Beaulieu team is sponsored by the Beaulieu Boat Club, the Canadian League Branch No. 37.

The district league consisted of teams from Lacombe, Andrew, Chipman and the Port Beaulieu team. Chipman going through the schedule undefeated to take first place in the Port Lakes division.

It might be noted that the only two games that Chipman lost all season were the play-offs.

In the semi-final the Beaulieu team defeated Lacombe, two straight while Chipman disposed of

the Port Lakes team in two straight. Port O. Cbeu finished second and Lacombe third.

Jerry Lupul & Neil Kelly Jr. of Sherburne 28, 28; Clarence McEachie & George McIntyre of Young

Batteries, 1st Game: Port Beaulieu v. Lupul and C. O. Chipman, Hershuck and Malcolm

WATER HOCKEY

1 2 3 4 5 6 7 8 9 10

In the first game of the final playoffs, the Port Sea team defeated the Port Sealakers with a 7-3 going into the 5th inning, for Chippewa coach and manager, Ed Lamm, and his team were able to get a run for their head, the Port boys were able to get a run in the 5th with 4 more in the 6th and came out with a 7-3 victory. The game was started by the Seal's and Sealakers, 3 runs in the 3rd, the Sealakers managed only one run in their half of the 3rd leaving the final score for Sealakers 8, Seal's 5, Chippewa 8.

They played, on left hander, pitcher, and right hander for the Port team in this game.

REAL TRENDS

The second game played at the Seal's was the last game of the season. The Seal's won the game, the scores going into the 5th inning were Seal's 4, Sealakers 3, Chippewa 3.

PLAYERS

The Port's League play-offs now in progress and right now the Port team is leading the league game each. The third and 4th games will be played at Lamm's and the Seal's will be the 5th and 6th. The Seal's manager, Joe Templeton, the team's manager, and supporters of the team will be in the Port team to Lamm's in this game.

The Port team has very strong support behind the Port Sealers and help their team to win the game. The Seal's manager, Joe Templeton, the team's manager, and supporters of the team will be in the Port Sealakers this year.

complete control—Blank for Chipman allowing only a Bill and Coin Order for Port Saskatchewan allowing only 1 hit up to this point. Chipman then picked up one run in the top of the 8th on a walk.

KATCHEWAN, ALBERTA Thursday, August 23, 1962

Fish Stocking Program in Full Swing

Good fishing still will be found readily in many Alberta lakes and rivers, thanks to the fish stocking program of the recent years. The Alberta Department of Lands and Forests fish stocking program moves lake full every year.

Each Fish and Wildlife Branch's 200 gallon tank truck, specially fitted with oxygen equipment, releases 100,000 rainbow trout fingerlings into the watersheds of Edmonton and surrounding to the west, 50,000 rainbow trout fingerlings.

The healthy young fish, which were raised at the Department of Lands and Forests Fish Hatchery at Lac Beauport, were transported directly from the southern city and poured by helicopter into the lakes.

The problem of winter kill was more severe than usual this year. A gill net test of Cottage Lake in the early spring resulted in only one perch being caught where in previous years 100 or more had been yielded several hundred of perch. There was no sign of rainbow trout.

Lands and Forest Chief Fisheries Biologist Martin Pratt estimates the new stock will be ready for angling in the fall. The next year's stock will be a great one.

The program of stocking Alberta lakes will cost approximately \$10 million fish ranging in size from five to five pounds. The hatcheries and seven 1/2 acre ponds donated to Alberta waters from the Calgary Fish Hatchery this year.

Program Closes Vacation School

Another venture in Christian unity was successfully concluded last Friday evening with the closing program of the combined Anglican and United Church Vacation School. The basement of St. Paul's Church was crowded with parents of the primary and junior children who demonstrated in recitation, choral speech, play and skit the many things they had learned during the past week. Many more and more in a song of songs and spirituals. An inspection of the children's hand-work concluded the evening.

Parents of the kindergarten children had raised the Vacation School as Friday morning for a very short program and display of work done up to the time.

There was a total registration of 147, with an average daily attendance of 113 children. Leaders from St. George's were: Mrs. C. Rodd, Mrs. Lyle Hamilton, Mrs. R. LePage, Mrs. R. Coo, Mrs. R. West and Mrs. C. Thompson as substitute.

First Chained were Mrs. R. Conway, Mrs. R. Thompson, Mrs. R. Clark, Mrs. R. Kent, Mrs. A. Arnold, Mrs. R. Coo, J. Cramer and Miss D. Galloway. There were also twelve full and part-time team-work helpers: Elaine Shanderson, Elaine Thompson, Marion Oglethorpe, Elaine Orr, Dorene Alda, Linda Smart, Shannon Olson, Eleanor Galloway, Cynthia Henry, Dorothy McMillan, Cheryl Edwards and Shirley Jost. On the lunch committee were Mrs. J. Bryson, Miss A. Shanderson, Mrs. R. Coo, J. Cramer, Jeffery and Mrs. L. Patten. In the daily worship services, Rev. McLean made stories and characters from the Bible very alive and real to the children. Mrs. Carl Johnson was the organist.

As a mark of appreciation from the children, Jacqueline Mary and

Queen Anne presented pretty bouquets to the teachers on Friday evening, and the director, Mrs. R. Coo, expressed the thanks of all concerned for the many hours of hard work and devoted effort that went into making the Vacation School such a pleasant and rewarding Christian experience for the children. Mrs. Coo was also most appreciative of the lovely cup and saucer presented to her by Mrs. Coo on behalf of the teachers.

Expenses incurred for the school were approximately \$600. On Friday morning, an act of sharing the children's offering of \$6.00 was especially meaningful for the refugee children of Hong Kong. Other offerings during the two weeks totaled \$11.00. The surplus was being sent to the special offering and sent through the World Council of Churches to Hong Kong.

DATE OF MEMORIAL SERVICE AT FARMER'S PHARMACY

Province's Overall Crop Picture Appears to be Quite Favorable

United Grain Growers crop report for the week ended August 17 states that Peace River and areas west and north of Edmonton received heavy rains over the week-end which were not needed and will retard ripening. The balance of the province remained dry, with only minor rain over the weekend. Progress towards maturity with the area south and east of Calgary receiving cooling and condensing becoming general.

The overall picture for the province looks quite favorable at this time for a total production considerably higher than last year.

In the general Edmonton area weather during the past week has been favorable with conditions changed from fair to good. More moisture is still required from late rains to fill later crops but the balance of District 8 has sufficient moisture for this crop.

CURRENT CROP ESTIMATE

Wheat: 15.9 5,007,000 110,000,000
Oats: 6.7 3,200,000 16,000,000
Barley: 10.2 5,000,000 80,000,000

1961 WHEAT PRODUCTION
(Combined Harvest of Manitoba)

Total Average Production
Wheat: 15.5 5,200,000 84,000,000
Oats: 28.9 2,800,000 100,000,000
Barley: 27.9 3,107,000 84,000,000

Rec. Club Plans Golf Tourney

Plans have been announced for a B.O.M. Recreation Club golf tournament open to all members, men and women, of the club. Entry fee is \$100 with qualifying rounds to be played August 26th. A pot has been set up in the club house for score cards.

Playoffs will be posted as soon as possible with matches to be played within a week of the posting date. Further information may be obtained from members of the tournament committee who are: C. B. Bouché, Mike Matheson and M. McLean.

MEMORIAL TRIBUTES

The following are tributes in memory of Mrs. Summons who passed away recently: Mr. and Mrs. Tim Moore, Mrs. Jim Coo, and Donna, Babs and Don; Mr. and Mrs. Alex Hannah and family, and Miss and Mrs. Bess.

Pawn wages this season are up only slightly from a year ago. The Bureau of Statistics reports that as at May 16 average wages of male farm help in Alberta was \$143 (plus board) per month compared with \$143 a year earlier.

Bob W. A. Nohel

Trochu Youth Wins Award

C. L. User, Supervisor of 6-11 Clubs for the Government of Alberta, has named Robert A. Trem, 18, of Trochu, as Alberta winner of the 1961 Canadian National Exhibition Scholarship selection is made on the basis of the student's activities during a minimum of two years' membership in 6-11, his participation in other community organizations, his social and his academic achievements.

Robert A. Trem, 18, of Trochu Valley High School for the past four years, where he was this year, vice-president of the Students' Council and Editor of the Year Book. Participation in other community activities has included the M-C Club in which he served as president and program chairman in 1960-61, the Trochu Community Band, the Trochu Curling Club and the Trochu Golf and Country Club. He has been a member of 6-11 for a number of years, and during this time has served as president, treasurer, secretary-treasurer and junior leader of the Field Crop Club and as secretary of the Beef Club.

The C.M.E. Scholarship is valued at \$600, and this year's winner plans to use it to attend the University of Alberta in Edmonton. In addition to the scholarship itself, Robert has also been awarded a winner's trip to the Canadian National Exhibition in Toronto, as guest of the Exhibition Board.

THE AUCTION SALE for Ross Cernie on Saturday 25 will commence at 1:00 p.m.

80th Birthday Celebrated

Mrs. E. McLean, Correspondent

Mr. and Mrs. James Prid celebrated on the friends and relatives from far and near on the occasion of Mr. M. Prid's 80th birthday. His youngest son Prid and wife and their son were present from Calgary. A telegram of congratulations was received from his daughter and son-in-law, Mr. and Mrs. Maynard of Toronto.

Your correspondent regrets to have omitted separate congratulations to Mr. and Mrs. T. Crumley on the birth of a son.

Congratulations to Mr. and Mrs. Barnard on the birth of a son.

A speedy recovery is wished Mrs. M. M. M. who underwent an operation on her eyes in the Boys' Alexander Hospital.

Mrs. Shelia Coo and sons, I. and Wayne, of Edmonton were visitors of Mr. and Mrs. R. Hamilton.

Miss Elaine Thibault is holidaying for a few days in Edmonton with friends.

A number of residents of the Delta Department of Agriculture, has named Robert A. Trem, 18, of Trochu, as Alberta winner of the 1961 Canadian National Exhibition Scholarship selection is made on the basis of the student's activities during a minimum of two years' membership in 6-11, his participation in other community organizations, his social and his academic achievements.

Miss Esther Cravenagh has been holidaying with her grandmother, Mrs. Esther Fraser R. C.

Clad to report that Mr. John Crayson is home from hospital.

We are pleased to see Mrs. Harold Parker back in our midst after a lengthy stay in hospital.

Mr. and Mrs. George Thibault, Mrs. Dr. Bruce Thibault, Mrs. A. McLevy and Patsy and Linda are planning on a blueberry picking trip.

Congratulations to Mr. and Mrs. Cyril Jacques on the birth of a son.

Mrs. J. Lawrence and the children are holidaying with her sister for a week at Midland.

Mr. and Mrs. W. McLean and family motored to Marwayne on the week-end to attend the marriage of Mrs. McLean's nephew, Cecil James Campbell to Miss Iona Parker B.N. who is a graduate of the Archer Memorial Hospital.

MARKETING LAMBS

The current weight to market a lamb is between 90 and 100 pounds, but many are sold over this weight because their owners try to give the weight of the animals by their appearance. At their present stage of growth, early spring lambs on good feed should gain between 1 and 2 pounds a day.

In many places the discount on animals weighing over 100 pounds ranges between 7 and 9 cents dressed. On this basis those who had would average around \$2.41.

In compete in the Alberta Provincial. The Fort Saskatchewan Polo team were triumphant against Grande Prairie 4-0, but lost to Camrose 7-4 and to Jasper Place 1-0. The competition was tremendously keen and hard as many games were played to determine the winning team. We are proud to have come third and you can be assured that the team will try even harder next year.

Schools to Open Sept. 4

It is a bulletin to principals in the County of Strathcona, P. H. Percy, Superintendent of schools, announced that schools will re-open on Tuesday, September 4th with pupils to be dismissed at 11:30 a.m. that morning.

Staff meetings will be held in each school during the afternoon.

Winter Bowling Starts Sept. 10

The Recreation Bowling Alliance are accepting entries for winter bowling leagues. Play in the winter leagues will start on September 10. All interested parties are asked to please register at the bowling alley before September 10.

Anyone interested in bowling in a 10 pin league is asked to please register at the alley.

The Rac Club require pit attenders. Bore interested are asked to apply at the alley.

Bride-Elect Honored At Recent Shower

In honor of Miss Dorren Town of Edmonton, bride-elect of Mr. Wayne Underchultz on September 1, a magnificent shower was held in the room of the Reformed Church.

Backing the bride's place of honor was a set of gold at the end of the rainbow. The table was covered with a lace cloth centered with swirles and bouquets of pink and white gladioli were arranged in the room.

A reading "Joy of Golden Moments" was given by Miss Arlene Schneider. Mrs. Bert Fry gave an enlightening talk and concluded by singing "Wonderful Pease". Then a poem "The Golden Peas" composed by Mrs. Ed. Underchultz was read by her, after which Miss Town found it at the designated time.

Assisting the bride was her bridesmaid Miss Marilyn Stevin and her sister-in-law, Mrs. Henry Town. Miss Town graciously thanked everyone who assisted and came, and especially the hostesses, Mrs. Edward Underchultz, Mrs. Allen Schneider and Mrs. Carl W. Underchultz.

A delicious lunch was served at the close of the evening.

C.W.W. MEETING

The Afternoon Group of the First United Church will meet in the C.W. Building on Wednesday, September 10th at 5:30 p.m.

School Attendance Areas Listed

The following are the temporary areas for the Fort Saskatchewan Elementary Schools:

PARK PRIMARY SCHOOL

GRADE 1

The children in grade one and live in the following areas of town attend Park Primary School.

a. North side of the C.N.R. tracks.

b. Third Street east and south of C.N.R. tracks.

c. Main Street, Valley Drive, Main Street, Elmwood Drive.

d. No. 10 to No. 34 Range Drive.

e. No. 10 to No. 18 Low Avenue.

PARK ELEMENTARY SCHOOL

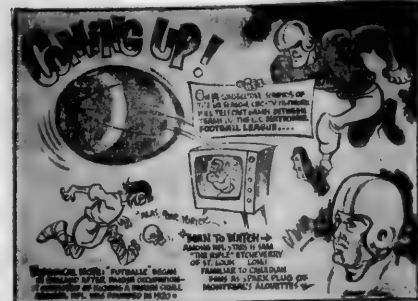

GRADE 2, 3, 4 AND 5

The children in grade two, three, four and five living in the following areas of town attend the Park Elementary School.

b. South of C.N.R. tracks, north of Main Avenue and south of Main Avenue.

c. Main Street and Main Drive, south of Main Street in the area that contained grade four in the

Guides Attend Camp

Guides from Fort Saskatchewan, Ardrossan and Hare Hill recently attended a 7-day camp at Sandy Lake. Mrs. T. Gail was the Guide in charge and her assistants were Miss L. Harco and Mrs. W. Herald.

One thunder storm during the week did not dampen the spirits of the girls as they all reported a very enjoyable camp. Camping is a necessary part of Guiding and the new Guides discovered just how much fun it can be.

Sandy Lake is the Girl Guide Camp for this area, and this year was pleasing to note the many improved features. The site is maintained from proceeds of the Annual Guide and Bronze Coffee Party, which was held this year in the Jubilee Auditorium On the same site there is a lovely "Pony Ring Cottage" where our Brownies held their pack holiday in July.

Brownies will start their meetings this year as follows: 1st Pack September 11 at 4 p.m. in the Park Elementary School and 2nd Pack September 18 at 4 p.m. in Park Elementary School.

Guides will start their winter meetings September 17 at 7 p.m. also in Park Elementary School.

Good Results In Grade 12

The results of the Grade XII examinations were tabulated this month. Of the Grade XII papers written at the Park High School 73.3 percent received a passing mark. This compares very favorably to the Provincial average of 60 percent. In three subjects over 80 percent obtained a passing mark. Parents and teachers may feel justly proud of this achievement.

Honor Students At Ardrossan

Congratulations to the grade 9 honor students of Ardrossan High. Out of 25 honor students in Strathcona District, 7 are from Ardrossan. They are Donna Alexander, Louise Herrington, Patricia Daly, Alana Hargett, Owen Kowdowski, Randall Olson and Mary Postholder. All enter high school this year.

There is no great achievement that is not the result of patient working and waiting—J. O. McLeod.

Ladies' Aid Meets At Josephburg

The Ladies' Aid held its monthly meeting in the reception room of the Reformed Church on Wednesday, September 13. The devotion was led by the president, In a series, the time on Egypt. Mrs. Albert Mohr spoke and showed hand-made articles from that country.

One of the highlights of the young ladies came when the following started singing: Laurel Hadden, Michael, Goodman, Laurie Frey, Debbie Kay, Bessie Oliver, Tracy Schultz, Lorne Thomas and Nelson Weisman.

The sermon was by Rev. W. E. Frey of the Reformed Church on Sunday morning was taken from Luke 18: 9, "Who can be saved." The Junior Choir sang a special number and the verses which beautified the sanctuary were placed there by Mr. and Mrs. Herbert Rajce.

Sympathy is extended to the Mohr family in the death of Mr. Frank B. Mohr on September 10th in the Archer Memorial Hospital. Mr. Mohr was born and raised here and some years ago moved to Wetzlar, where he resided until he was hospitalized at Archer Memorial Hospital after having a bad fall.

Funeral service was held in the Reformed Church with burial in the local cemetery.

90% of all oil company product research in Canada is done by Imperial

The Nifty car was in the future as being designed today. It is a two-door coupe with a sleek, aerodynamic design. The car is shown from a side profile, highlighting its modern lines and compact size.

At Imperial Oil's laboratories at Burnaby, Ontario, more than 250 scientists and technicians are working to improve present petroleum products—to develop new ones. Their research covers many stages from gas to the finished product. Another 130 scientists and technicians are working at Imperial's Calgary laboratories on ways to find and produce more Canadian crude oil and natural gas. Imperial does more research than all other oil companies in Canada combined.

ALWAYS LOOK TO IMPERIAL FOR THE BEST

May We Have Your Support

Today one of the very few major industries in this country which does not operate on a five day a week basis, is the Retail Trade.

Other enterprises such as governments, professional people, wholesale and building trades, etc., operate Monday through Friday with Saturday and Sunday off.

It is felt by the Retailers that Saturday closing would be an inconvenience to their customers and others.

The Retailers of Fort Saskatchewan, therefore, suggest closing all day Monday and operating five unbroken days, Tuesday through Saturday, with provisions for Friday evening shopping.

The Retailers feel that this arrangement will be a definite advantage to the Buying Public of Fort Saskatchewan and District, and trust that it meets with your approval. We hope that we may long be favored with your valued patronage under these new hours.

ADDRESS NEWS

Mrs. E. Hoffman, Correspondent

Scout to Attend Jamboree in Greece

Congratulations are extended to Malcolm Davidson who has been selected to attend the World Scout Jamboree to be held next summer near Athens, Greece. Malcolm is a member of the First Andersons Boy Scout Troop. We are sure his parents and members of the community are all proud of him and the past and present leaders.

First Anderson Scout Troop held its first organization meeting on Tuesday, September 11th in the church hall. The troop is organized in five patrols with Glen Patton and Jim Robertson the new patrols. The leaders Mr. L. Roberts and Mr. A. Jacques welcome all boys who would like to join.

The evening was brought to a close with a winter feast and several good games.

Mr. and Mrs. J. Beggs and son Douglas of Minneapolis were recent visitors at the home of Mr. and Mrs. Alvin Latham for a little over two weeks. Mr. and Mrs. Latham and the visitors enjoyed the time which was greatly enjoyed by the Beggses.

We are proud to hear that the Beggses think Canada is a wonderful country.

We are happy to see the Burdett girls back home safely after a good long holiday with their grandparents, Mr. and Mrs. Robinson of Westlock.

Congratulations to Mr. and Mrs. Cheryl of Lethbridge for the birth of a son.

Good to report that Mrs. W. E. Egan is now employed in the office of the Blue Cross as a stenographer. Phil is also taking night classes at Alberta College.

Miss Carol Le Will is teaching a grade three class at Sherwood Heights. This is her first year at teaching. Good job!

Anderson boys and girls who took swimming lessons from Ian Johnson, send him congratulations on receiving the Award of Distinction from the Royal Life Saving Society.

Anderson Sunday School teachers held their first fall meeting in the church hall on September 10th. Many important business matters and plans were discussed under the chairmanship of Mr. D. Rice. Mrs. R. Carver who is leaving was presented with a plaque from the group in appreciation of past service she has given to the Sunday School.

Sorry to have reported the wrong names. Mr. and Mrs. C. Carver do not intend to sell at the home of the doct. I would also like to report that Mrs. Carver has donated a certain for use in the small church.

Mr. and Mrs. Bruce McConnell spent a few days with Bruce's parents, Mr. and Mrs. D. McConnell, before taking over the operation of the Mayflower Restaurant in Edmonton. Mr. and Mrs. Bruce McConnell have sold their business in Westlock. We wish them luck in the new venture.

We take great pleasure in welcoming Mr. and Mrs. D. Elliott and family who have taken up residence in our community at Remembrance Place sub-division.

We are all glad to hear Mrs. Mack Latham is recovering from her operation. "Help Mrs. Latham — Give Help"

1,160 Students Attending Ft. Saskatchewan Schools

Vol. 18, No. 38. PORT SASKATCHEWAN, ALBERTA Thursday, September 20, 1962

The Port Saskatchewan Junior and Senior High School opened its doors September 14 to 425 students, made up of 160 Grade 9 to 12, 170 Grade 10 to 12, 10 Grade 11 and 10 Grade 12.

This represents an increase of 27 students over the attendance on June 18, 1962. Attendance in the Junior High School section has increased by 4 while that in the Senior High School has increased by 21.

The teaching staff for the coming year is made up of the following:

A. H. Elliott, Principal, P. U. 120

Plan Classes

The Port Saskatchewan Junior High School classes are organizing for the 1962-63 year. Registration forms are available at the high school office and elementary school office. 8:30 to 11:30 a.m. and 1:00 to 3:00 p.m. daily, or evenings from the school principal, D. L. Clark, Grade 7, Mr. R. B. Mundell, Grade 7, and Mr. G. Orlick, Grade 7, Mrs. R. Robinson is the secretary.

PARK ELEMENTARY

Park Elementary has a total enrollment of 180. The Principal is Mr. G. Orlick. Other members of the staff are: Mrs. M. Malcolm, Grade 2, Mrs. M. Villerose, Grade 2, Mrs. R. Rips, Grade 3 and Mr. B. Spolde, Grade 3.

4-H Members to Attend Convention

Fourteen members of Alberta 4-H Club, representing all parts of the province, will visit Toronto and Ottawa during National 4-H Week, November 18 to 19. These young people will gather with 125 4-Hers from other provinces for a week of activity and discussion which will better acquaint them with Canada and their role as citizens. The delegates pictured with the Hon. B. Stinson, Minister of Agriculture and Food, are: Brenda Bell, Missinippi; Jennifer Brown, Chertsey; Doug Buggy, Ryley; Dan, R. Bessard; Irene Bullock, Cornsation; Jackie Hays, Irronsa; Jack Roy left to right: Willie Brummett, Ryley; Wayne Lambie, Thorold; Arthur Webb, Edson; Jack Craig, Onda; Barry Hays, Chertsey; Stewart Goshie, Laska; Donald Wood, Tofield; Donald Matheson, Edmonton; and Ed Deane, Hinton.

Announce Band Training Plans

All plans for band instruction and training for the coming year are nearing completion, with one at full strength, this group is expected to exceed 60 members, but the group already started on its rehearsal on September 18, 1962. The band was made up of students from the Junior High School who have not had any band instruction in the past year. Mainly they will be students from grades 7 and 8, starting band for the first time. The rehearsal in the High School. This band will be made up of band students from the Junior High School who have had previous band and playing experience. Like the Senior Band, each Monday in room 105 in the high school, commencing at 7 p.m. as a credit course to students.

Anniversary Celebration

Arrangements have been completed for the 1962 Anniversary of the First United Church of Port Saskatchewan, at which Rev. Elliot H. Burdall of Kelowna, B.C. will be the special guest speaker. Next Sunday, September 23rd, the morning service at 10 a.m. will include the dedication of two plaques. One replaces the memorial plaque in the year of 1962 honoring the Rev. Peter T. Bevan, who will be in memory of Mrs. Gertrude Clark.

Meet Again After 40 Years

A separation of four years was made with a happy reunion here recently between D. C. (Donny) Walter and his wife, Mrs. Jean Walter, who had been separated for 40 years. Donny Walter, 74, of Kelowna, B.C., had just returned on a trip to Japan, Japan, Vancouver and the Maritimes.

Don KREBS

Don Krebs, 74, of Kelowna, B.C., had just returned on a trip to Japan, Japan, Vancouver and the Maritimes.

Funeral Service For Clair Kelly

Funeral services were held in Port United Church on September 19 for the late Clair Lawrence Kelly, who passed away at the age of 48.
Mr. Peter Means officiated and interment took place in the Fort Saskatchewan Cemetery.
He is survived by his wife Mary; three sons, Beverly, Robert and Harry; two daughters, Barbara and Margaret; his mother, Mrs. J. Kelly; all of Port Saskatchewan.

SEA CADET ORDERS

Ship's company of HROSC Albatross will parade at the Community Hall at 11:00 on Thursday, Sept. 20, King of the day No. 1.

Rebekah Lodge Holds First Fall Meeting

Princess Rebekah Lodge No. 512 held the first meeting of the fall on Wednesday, Sept. 22, with a 20-1 turnout of members and visitors from Edmonton.

The raspberry tea and home bazaar held on August 15, sponsored by Marie Kay Pearson, was a very successful affair.
On August 16 members gathered at the home of Noble Grand, Sister Rose Spill, to bid farewell to Mrs. Bill and Sister Hazel Thomas, who left for Kelowna to make their new home. Our host goes with you folks and was a lot of success in the jewelry business.
The 11th anniversary of the Rebekah Degree will be observed by all members by attending district worship at St. George's Anglican Church on Sunday, Sept. 20 at 11:00 a.m. All members take note and meet at 10:45 a.m. at church.
Mrs. Arthur Young, Past Grand Master and chairman of the central

Josephburg News

Mr. Carl Strahlen and Marie Prude and Anna Strahlen returned from a motor trip to Montreal where they visited their cousins, Mr. and Mrs. Wain and daughter.

Mr. and Mrs. George White and Mr. Alvin White of Edmonton spent a week recently with Mr. and Mrs. Ernest Krue at Station Hope, B.C.

Other guests at the Krue home were her sisters, Mrs. Robert Durbin, Mrs. William Durbin, Mrs. George, and Mrs. Kenneth (Grove) Telling, Mr. Ridding, Judy and Allan, and a number of others.

Scott, son of Mr. and Mrs. Wm. Oliver, is home after having undertaken a convalescent at the Ancher Memorial Hospital.

At the Ancher Memorial Hospital, Dorn, son of Mr. and Mrs. Ray Schepke, and Jeffrey, son of Mr. and Mrs. George Johnson, had been convalescing.

A speedy recovery is wished Mr. Edward Pray who is at the Ancher Memorial Hospital.

Guests of Mr. and Mrs. Philip Pray on Monday were Mr. and Mrs. Charles Myers and her son and daughter-in-law, Mr. and Mrs. Philip Myers of Edmonton.

Mr. and Mrs. Edward Mohr had at their home for several days this week officers will take place with Sister Frances Young, P.M.O. from Edmonton, doing the honors.

The annual tea, bake sale and bazaar will be held on Nov. 2. Watch for future announcements.

VEGETABLE PROJECTS
At present ten thousand carloads of the type of vegetables grown at Brooks are being imported annually by the four western provinces.

Larry Jorgensen, Special Crop Supervisor at the Brooks Horticultural Station, says the reason why local growers cannot share in the market when they know how to put their produce before the public in a manner comparable to the imported products.

This means vegetables must be properly graded, structurally packed and promoted to maintain the high quality. Mr. Jorgensen also added that the Brooks station has shown that first class vegetables can be grown here.

GUARD CREDIT CARDS
If you've got a wall of credit cards in your wallet, guard them with special care. The reason, writes Maurice Sadoff in his Financial Post, is this: In the hands of a thief, they could cost you a fortune.

Most credit card organizations hold you responsible for any charges made on your credit card by anyone else until you have notified the company in writing.

If you notify the company, you're safe, even if a thief does go on a spending spree with your card. But the big danger is that you won't realize the card is missing.

Funeral Service at St. George's For Oldtimer of Bruderheim

Funeral services for Mrs. Ethel J. (Violet) Howditch of London, Ont., Mrs. J. (Violet) Howditch and Mrs. G. Howditch, 887-180 Street, were held at St. George's Anglican Church, Fort Saskatchewan, on Saturday, Sept. 30. Mrs. Howditch lived for many years in Bruderheim where she came as a war bride with her husband Henry August. After her first world war during her many years in Bruderheim Mrs. August was active in community work and her children all attended school. After moving to the city, she lived a number of years in Birch Mountain and later moved in with her daughter, Mrs. McRae. She died on September 26 in the hospital.

She leaves to mourn her loss five sons, Allan of Lethbridge, Lawrence of Edmonton, Stanley of Dunham, B.C., Douglas of Whitecourt, and Nigel of St. John's, four daughters, Mrs.

Sherwood Park Church Setting for Ceremony

Sherwood Park United Church is setting for a wedding ceremony for the wedding of Sharon Elaine Page, daughter of Peter and Phyllis Page, 10000 100th Street, and Miss Joan Norton, daughter of Mr. and Mrs. J. (Violet) Howditch of London, Ont. The ceremony will be held at 2:30 p.m. on Saturday, October 6, at the church. Rev. Peter Hearn performed the double ring ceremony with Mr. M. Bedford officiating. Miss Joan Norton was organist.

Given in marriage by the bride's father, Mr. Clifford Ward the bride was lovely in a floor-length gown of white tulle with a long train. She carried a bouquet of white roses and carnations. Her bridesmaids, Margaret Topinka and Joan McMillan, wore dresses of aqua chiffon over tulle. The bridesmaids carried bouquets of white roses and carnations. The bride wore a train of white tulle and carried a bouquet of white roses and carnations.

The groom was attended by his best man, Mr. Dave Smith. The bridesmaids were Miss Summers and Miss Haggerty. The bride's mother, Mrs. Norma Haggerty, mother of the bride, chose a blue lace dress with white accessories and a long train. The bride's bridesmaids, Margaret Topinka and Joan McMillan, wore dresses of aqua chiffon over tulle. The bridesmaids carried bouquets of white roses and carnations.

After the ceremony, a family reception for fifty guests was given by the bride's mother at the home of Mr. and Mrs. Violet Page in Sherwood Park. This was followed by a dance in the Fort Saskatchewan Community Hall. Guests from distant cities included Mr. James Jardine, Prince George, B.C.; Mr. and Mrs. Harold Winkler and Mrs. Grace Trent from

High School Flashes
The new student Council for the 1962-63 school year was installed recently at Sherwood Park High School. Wayne Adams was president; Wayne Adams, vice-president; Dale Schuster, secretary; and Donna McKay as secretary. Representatives from the school, clubs and various activities were also elected.

The grade nine was welcomed to high school on September 31 with a song and a student dance commencing at noon hour. A banquet court was held in the gymnasium on Friday night and a dance followed with Don Mackenzie and the Lightning provided the music. Everyone enjoyed themselves, even the first initiation.

A lot of excitement is already arising in the students as graduation draws near. We hope everyone will attend the graduation exercises at 8 p.m. on October 5. A banquet will be held for the graduates and their parents preceding the exercises. The public is cordially invited to the dance which begins at 10 p.m. Music will be played for 40 and young.

Try to expect to have an exportable surplus of barley amounting to 14 million bushels this year. This is twice the amount of last season's exports.

Funeral Service Held For Mrs. Kate Dunham

The funeral service for Mrs. Kate Dunham, 887-180 Street, was held at the funeral home of Mr. Harold Dunham, 887-180 Street, on Saturday, September 30. Mrs. Dunham was 88 years of age. She was born in England and came to Canada with her husband, Mr. Harold Dunham, in 1910. She was a member of the Methodist Church and was active in church work. She was preceded in death by her husband, Mr. Harold Dunham, who died in 1955. She is survived by her son, Mr. Harold Dunham, and her daughter, Mrs. Mary Ann Dunham. The funeral service was held at 2:30 p.m. on Saturday, September 30, at the funeral home of Mr. Harold Dunham. The burial will be in the Westview Cemetery.

Not only was Mrs. Dunham highly respected and loved by her family and friends, but she was also a devoted and affectionate mother. She was a member of the Methodist Church and was active in church work. She was preceded in death by her husband, Mr. Harold Dunham, who died in 1955. She is survived by her son, Mr. Harold Dunham, and her daughter, Mrs. Mary Ann Dunham. The funeral service was held at 2:30 p.m. on Saturday, September 30, at the funeral home of Mr. Harold Dunham. The burial will be in the Westview Cemetery.

Workshop Planned by Ardrossan UCW Group

The Ardrossan United Church women are holding a workshop at the church on October 10 and 11, both afternoons and evening, to prepare for the annual bazaar. They welcome all new ideas; patterns for aprons, doll clothes, novelty items, etc. Come and bring your friends, to make new friends. We would like to make our bazaar a real success in order to improve conditions for our Sunday school and other church activities. Your help is urgently needed if only for a short time in the afternoon or evening. Please bring your handiwork, needle, scissors and pins.

Contributions of any kind will be gratefully received and will be much welcome.

Mr. and Mrs. P. Schultz of Brant, Alberta, are visitors at the home of their son, Mr. and Mrs. A. Schultz. Mr. and Mrs. Don Williams returned to Calgary recently to visit E. C. and Mrs. Barry Prater.

A speedy recovery is wished for Alvin Latham who is now in the hospital after being in an accident with the power take-off on the tractor.

Thanksgiving 1962

A very lovely dinner was held at Ardrossan Hall last Monday evening in honor of Clara Harbison and Ralph Smith, who will be married this Saturday, October 6 at Ardrossan United Church. An enjoyable evening was had by all.

Ardrossan Brewster started their meetings on Sept. 18 with 30 attendees and Mrs. Hight and Mrs. Gentry as leaders.

Travis Britton and Joan Kosta received their Golden Hand badges. The Brewsters are collecting their paper for a little blind girl who lives in Ontario 29 lbs. for a sewing-age. Also old toys, jewelry and tin for the mental institute.

Cub Auxiliary Hears Reports

The Ladies' Auxiliary to the Victoria Trail Club and Scouts held its first meeting of the season on September 25 at St. George's Place.

Mrs. J. Carr gave an interesting report on the Cub Scouts which was held at St. George's Place.

An organization meeting of night school classes will be held on the Home Economics room of the High School on Wednesday, October 10 at 6 p.m.

All people who have registered please attend this meeting as classes will be divided up and other pertinent matters discussed. Days of instruction will be set and times decided.

Please plan to attend. Please your friends and pass this information on to others whom you know are interested.

Mrs. Carr and Mrs. Dumbold will pass the Cub on their Tuesday. The next auxiliary meeting will be held on November 27.

Meeting Called

Toastmasters Seek More Members for New Season

The Fort Saskatchewan Toastmasters Club held its second meeting on Wednesday last in the Royal Hotel. Eight members were present. The meeting was interesting and enjoyable despite the low attendance.

Topics for impromptu speeches ranged from the European Common Market to a political description of a Saskatchewan ploughboy.

Steve Bunka gave a fine speech on the alarming increase of traffic accidents in the Fort and how everyone should strive to become a better driver. Henry Powell gave a

colorful, off-the-cuff account of his recent vacation in Europe.

President J. Ross urged all present to recruit more members for the Toastmasters. A membership campaign will be started within the next two weeks.

Meetings of the toastmasters are held every second and fourth Wednesday at 6 p.m. The club is anxious to recruit new members and anyone interested is invited to attend the meetings.

Fire Prevention Checks Planned

The week of October 1 to 13 has been proclaimed Fire Prevention Week in Canada and in order to ensure its success locally plans have been announced for the inspection of all business premises in town.

Residents who may wish to have their homes inspected for fire hazards may phone either 464-3100 or 464-3101 or 464-3102.

The fire commission's staff are all working in support of a full week of fire prevention activity. They acquire all possible information about the latest government, industry and municipal projects and they select all speakers in the context of a thorough fire prevention week program.

There is good reason for review every year of the fire commission's work. In Canada 6,000 fires were lost in the last five years, and in Alberta, 400 fires were lost in the same period. A high monetary loss is incurred every year which must be recognized as serious waste and a threat upon the money and resources of the nation. Conditions in every business and residence are different in some vital way and someone every adult and youth must appreciate the need for greater fire prevention, drill and care to other means for prevention of fires.

Soil Testing Tells Story

The only way a farmer can be sure that his type of soil management is the best for his land is by taking an annual soil test, to support this statement, A. W. Guellet, assistant supervisor of soils and weed control with the Alberta department of agriculture, pointed out that, without a test, it is impossible

to know how much nitrogen, phosphorus and potassium will be available for next year's crop because the nutrient level of the soil is affected by the amount of moisture as well as other factors.

The many management practices used on Alberta farms can greatly affect the fertility of the land. Continuous cropping to control rapidly depletes the nitrogen and phosphorus levels and leaves crop yields while income crops generally increase the supply of nitrogen. But fertility can also be increased when organic matter, which is continuously decomposing, is replaced by straw, manure or green crops. As well as increasing fertility, the addition of organic matter prevents soil losses from wind and water erosion.

Soil testing involves taking some samples in the fall from each field or from every 30 to 35 acres in large fields. An analysis of these samples will determine whether the soil is acid or alkaline and will give the time, soluble salt and organic content as well as the amount of nitrogen, phosphorus and potassium available for plant use.

GOVERNMENT OF ALBERTA
Department of the
Municipalities
A. W. GUELLET, Minister
M. A. S. HARRIS, Deputy Minister

SUNDAY SHOPPING

The federal government has announced that the subsidy paid toward storage of above-normal carry-over of grain will be discontinued, in keeping with the austerity program. This will mean an additional cost to private farmers for storage of about \$12,000,000. The PUA considers this decision to be unnecessary and unfair. From 1946 to 1961 net farm income in western Canada has dropped by 14.6 per cent. At the same time living and operating costs have gone up by 30 per cent. The net farm income of 1960 was considered to be only fair. This income in 1962 would only be classified as poor.

DURUM PRICES DOWN
The Canadian Wheat Board has dropped the price of durum wheat by 10¢ a bushel. At the same time the U.S. price dropped by 14¢. This move of the Canadian Wheat Board must not be considered as competition with the U.S. but as only a reflection of the much reduced prices of durum wheat available for export this year. Last year there was a shortage of this kind of wheat and world prices moved sharply upward.

Canadians Blue Printing World Food Program

A last report on the operations and proposed activities of the World Food Program will be given to 30-member Interdepartmental Committee meeting in Rome, October 28 to 31.

At a pleading conference in New York last month, the World Food Program, proposed by Canada, was given the "thumbs up" to begin operating on a global scale. The service was sponsored jointly by the United Nations and the Food and Agriculture Organization.

Agriculture Minister Alex Hogg, who spearheaded Canada's leading role in establishing the program, committed his country to a contribution of \$5 million over the next three years, one-third in cash and the balance in food products. The minister said Canada's support of the program would consist of the expense of its other assistance activities. The program was another step forward in helping to raise the levels of living in the developing countries. It was a multi-lateral

effort and contained safeguards against interference with bilateral operations or commercial trade.

He emphasized that Canada did not regard the World Food Program as a surplus disposal agency and he hoped that the committee director and all those involved with the program would "think in terms of food use and food assistance."

The United States pledged \$5 million, West Germany \$3 million, Britain \$5 million, and 33 other countries the remaining 15 million of the total \$28 million pledged.

The scene shifts now to Rome, where the 30-man Interdepartmental Committee appointed by PAO-UN will go over details of projects proposed to be undertaken. Following the pleading conference, Dr. A. H. Borman, executive director of the World Food Program, planned to take immediate steps to meet any emergency food needs. He said his staff have organized the projects to be studied by the Inter-governmental Committee for economic and social development and for pre-school and school feeding.

Canada is represented on the committee and its members will attend this month's meeting.

Notice to Public

Beginning October 15th, the Fort Saskatchewan Post Office will be closed for business on all Monday afternoons from 12:30 p.m., instead of Wednesday afternoons, as in the past. There is no change in the Lobby hours.

JOHN GIDYCH,
Postmaster.

NIGHT SHOPPING comes to Fort Saskatchewan

Effective Monday, October 15th, revised shopping hours will be as follows:

1. CLOSED ALL DAY MONDAYS
2. OPEN ALL DAY TUESDAY THROUGH SATURDAY TILL 6 p.m.
3. FRIDAY NIGHT SHOPPING TILL 9 p.m.

The foregoing hours have been drawn up to enable retailers of Fort Saskatchewan to serve the Public more effectively.

Bruderheim Ladies' Community Club Starts Busy Autumn Activities

It was evident at the October meeting of the Bruderheim Ladies' Community Club that a full calendar of activities will continue. The club will conduct a bazaar for the bled this week and in early November will make its regular bazaar. Later in November it will be responsible for planning the get-together of the ladies of the club and the community Centre and will also make for an anniversary supper in December.

Mrs. R. Hume chaired the meeting and Mrs. G. Schultz was hostess. Mrs. Lemme was welcomed as a new member.

In observance of Fire Prevention Week the local firemen distributed material door to door stressing safety in and around the home.

Mrs. Helen Kroming spent the long weekend visiting her daughter and son-in-law, Mr. and Mrs. Dan Lemme in Lethbridge.

Mrs. Helen Kroming and children visited her sister in their department in Australia. They will be at home from October 18 to 20. Mrs. Kroming is also visiting her sister in law, Mrs. Helen Kroming, who will make their home.

Mrs. Mary Nelson was hostess for the October meeting of the Bruderheim Ladies' Club. The meeting held in her home was well attended. Mr. and Mrs. Dan Lemme spent the weekend in Red Deer where Mr. Lemme celebrated 70th and 71st birthdays.

On Monday evening the Bruderheim Club was well filled for the organ

brother Mr. Herman Hume.

With Halloween rapidly approaching and the idea of trick or treat in the air it is a good time to give some thought to less fortunate children. The United Nations Children's Fund under its "Halloween" program sends thousands of youngsters out on October 31st to collect money to buy milk, food and clothing for children in Asia, Africa and Latin America. Coin boxes are made available through UNICEF and are distributed to interested children who go door to door in their neighborhoods for the Halloween attire. Some carry the boxes only, others carry a bag for goodies as well. The program has been held each year at the Oliver Memorial Hospital for the past several years and is a great way of introducing it this year.

Mr. and Mrs. Rocco Knapik were pleasantly surprised when a number of relatives and friends called on their home last Thursday evening on the occasion of their twentieth wedding anniversary.

Congratulations to Mr. and Mrs. Marvin Rocco and Mr. and Mrs. Ray Knapik on the birth of daughter Rosalyn.

Mr. and Mrs. Dewett Kroming are visiting here this week on their way to Ottawa where they will make their home. Mrs. Kroming is the former Miss Barbara McCollough of Ottawa where the wedding took place on September 18th.

Mr. and Mrs. Kroming together with some of her brothers and sisters moved to the U.S. to be with their

Canada Savings Bonds

easy to buy
simple to cash
good to keep

The new Canada Savings Bonds pay 4 1/2% interest for each of the first three years; 5% for each of the next three years and 5 1/2% for each of the final eight years — an average interest to maturity in 14 years of 5.11% per year. In dollars and cents every \$100.00 you invest will grow with accumulated interest to \$172.00 at maturity.

You can buy a \$100.00 bond for as little as \$50 a day, through the convenient Payroll Savings Plan where you work. Canada Savings Bonds can also be bought for cash, or on instalments at any bank, investment dealer, stock broker, trust or loan company.

They are available in amounts as low as \$50.00 to any Canadian resident — adult or child — up to a limit of \$25,000.00 per person.

Missionary from India Speaks at Address

On Monday, October 22, Miss Mary Mathew, a missionary from India, was the guest speaker at the address given by Rev. J. J. Mathew, minister of Central United Church in Edmonton, at the meeting of the Indian Women's Guild. Miss Mathew spoke of her experiences in India, where she has been working for the past 15 years. She described the conditions of the Indian people and the work of the missionaries. She also spoke of the importance of education and health care for the Indian people. The address was held at the Central United Church in Edmonton. Miss Mathew is a member of the Indian Women's Guild and has been working for the past 15 years in India. SUGAR and SPICE By Bill Smiley

Senior or later, someone is going to realize that we Canadians are not the most deeply serious in the world. When this happens, you can say goodbye to the cold war, and you can be glad you're a citizen of the nation that is about to become a more serious one.

Our leaders have stumbled to the devastating potential of this weapon, but I have, and I'm willing, with all the frolic in the world these days, to let them in on it, to unleash it on the troublemakers, and to put an end to the perpetual wrangling among the major powers.

It is a weapon that makes our leaders look like cowards. It strikes them morally, mentally and emotionally. My only doubt is that, have Canada's leaders the ruthlessness necessary to turn it loose on the world?

I'm referring, of course, to The Flu. As I sit here tapping out this ringing call to arms with shaky fingers, my nose dripping a steady stream of sweat, I can't help but think it is a shame to let such a weapon remain strictly for home consumption.

All our Flu would have to do is round up the world, and we would be suffering from The Flu. They could be found at any time of the year and in any numbers in any part of the country.

Put them on planes and send them on state visits to world trouble spots. Let them single file at diplomatic cocktail parties.

I guarantee that within a few months 90 percent of the people in the world will have The Flu. Wars would cease. International strife would end. Everybody would be too busy with The Flu.

Personally, I'd rather be hit by a hydrogen bomb than The Flu. With the former, you can only be blown to bits or burned to cinders. With the latter, you die a thousand deaths, a couple of times a year, for life.

Can't you see these Russian missiles rolling around with fever, runny noses and hoarse, rough voices? They wouldn't have enough energy to overcome "The Flu" at the UN. We have them on our hands because you could say, "Disrespectful."

When you have The Flu, you're just not interested in fighting anybody. In the first place, you're so weak you can't lick your lips. In the second you don't want slaughter; you want sympathy. You may think this is a bit fanciful.

While in the City the place to shop for all your needs is at Valberg's. Valberg's is at 10125 - 162nd Street Opposite the Bay.

Final Responsibility Rests Upon Publisher

This is the fourth in a series of articles explaining how a weekly newspaper functions. The person who has final responsibility for any paper is the publisher. He has control of the newspaper's policy and has supervision over its editorial staff.

The publisher's responsibility extends to every word printed in his newspaper. He is held responsible for all news items and editorial comments and has secondary responsibility for paid advertisements and circulation. Publication of a letter over the publisher's name does not bind the publisher for its responsibility.

All Provinces Sign Agreements

All provinces have now signed agreements to participate in the Agricultural Rehabilitation and Development Act program. Agriculture Minister Alvin Hamilton announced recently.

Latest to sign general agreement with the federal government are Ontario, Manitoba and Newfoundland. They join the other provinces in the program to develop rural areas and resources.

The agreements call for the approval of a wide range of industrial projects which would be carried out jointly by federal and provincial governments or by private industry with federal assistance.

Nearly 40 types of projects are outlined in the general agreement. These embrace new types of marginal or submarginal farm land, rural development, and aid and water conservation measures.

Bad driving, not bad luck causes traffic accidents.

Buy your Canada Savings Bonds

(Average Yield to maturity 5.11% Per Annum)

Ask for an official application form at your nearest "Royal" branch (there is one nearby). Fill it out and we'll take care of all the details. You may pay for cash, or by convenient instalments, whichever you prefer. Canada Savings Bonds never fluctuate in value, can be cashed anytime for their full face value plus interest.

at the Royal

The editor has the day-to-day task of carrying out the paper's policy as laid down by the publisher. Writing for the news columns is under his direction and the space and treatment any particular story receives will depend on his judgment. Broadly speaking, therefore, the publisher lays down the policy of the paper and the editor carries it out. However, on most small papers, the duties and responsibilities of editor and publisher are combined.

Couple Honored at Partridge Hill Hall

Mr. & Mrs. W. Atwood, Coquitlam

A post-capital dinner was held at the hall on Saturday night in honor of Mr. and Mrs. W. Atwood, who were guests of the hall. The dinner was given by the hall and was a very successful one. The guests were very much enjoyed and the evening was a very pleasant one. The hall was very well decorated and the food was excellent. The evening was a very successful one and the guests were very much enjoyed.

Weekly Livestock Report

Receipts at the Edmonton Stockyards for the week ending October 23rd were cattle 7760, calves 5800, sheep 7760 and sheep 1000.

With the continued increased volume of cattle on offer at the Edmonton Stockyards during the week and through lack of local demand for butcher steers, trading was slower and prices sharply lower by mid-week on killing kind. Choice steers and heifers comprised a very small percentage of offerings and were under pressure throughout the week to close the 50 lb. lower on plain and medium kinds and 50 lb. lower on the better grades. One price suffered the greatest under offer marketing and the better quality ones were as much as 50 lb. lower by mid-week, but rallied 50 lb. as the week closed. Steers were 50 lb. to 60 lb. as the week advanced. The large volume of replacement cattle were unusually lower. Good stock steer calves in good demand held fairly steady at 50 lb. to 60 lb. lower. Medium and feeder heifers and stock better calves, along with the medium quality offerings, were 50 lb. to 60 lb. lower than the previous week's close. In comparison with one year ago, good steer calves were selling 50 lb. higher per cwt. while choice butcher steers were selling 50 lb. per cwt. higher.

Both Cheating Sales

laughter cattle, Choice steers 25.00 to 27.00, good 24.00 to 26.00, medium 23.00 to 25.00, common 22.00 to 24.00. Good heifers 22.00 to 24.00, medium 21.00 to 23.00, common 20.00 to 22.00. Good cows 12.00 to 14.00, medium 11.00 to 13.00, common 10.00 to 12.00. Cows and calves 10.00 to 12.00, steers 7.00 to 9.00. Good heifer calves 12.00 to 14.00, plain and fat 10.00 to 12.00.

Replacements. Good feeder and cleaner steers 25.00 to 26.00, common to medium 17.00 to 20.00. Good stock steer calves 24.00 to 27.00, common 23.00 to 25.00. Good and feeder heifers 10.00 to 12.00. Good stock better calves 10.00 to 12.00. Stock cows 12.00 to 14.00.

Other. Good and choice veal 25.00 to 26.00, common to medium 24.00 to 25.00. Heavy butcher calves 24.00 to 26.00. Sheep and sheep. Grade A lamb head up to 10 lb. good 27.00 to 28.00, common 26.00 to 27.00. Grade B lamb head up to 10 lb. good 25.00 to 26.00, common 24.00 to 25.00. Grade C lamb head up to 10 lb. good 23.00 to 24.00, common 22.00 to 23.00.

Lamb and sheep. Grade A lamb head up to 10 lb. good 27.00 to 28.00, common 26.00 to 27.00. Grade B lamb head up to 10 lb. good 25.00 to 26.00, common 24.00 to 25.00. Grade C lamb head up to 10 lb. good 23.00 to 24.00, common 22.00 to 23.00.

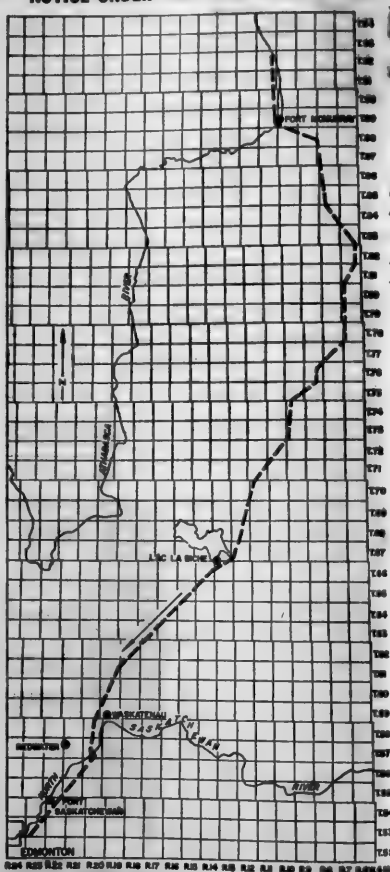

ASK RILEY MULLEN ABOUT THE MODERN WAY TO BUY HOME INSURANCE

If you know about the insurance policy designed especially for families who own their own home? It's THE RILEY MULLEN Homeowner's Policy, which gives you protection against all important risks and liabilities in a single, simplified policy. And it's actually costs you less than any other policy you would pay for the same coverage brought separately.

The OUV of First United Church held their Christmas tea and bazaar on Saturday, November 19th, in the Church basement. Circle 3 was in charge of Christmas decorations. Circle 1 served, Circle 4 home baking, Circle 5 bazaar articles. Circle 1 covered the tea.

Ones were received by the leaders of the Circle or their representatives and the OUV president. Those receiving were Mrs. Fred Young, Mrs. A. Leroy, Mrs. D. Clark, Mrs. E. Charnock, Mrs. Fred Young and Mrs. J. Ferguson.

The OUV would like to thank all those who helped make the bazaar and tea such a success by their contributions and attendance.

Weekly Livestock Report

Weekly report from the Edmonton Stockyards for the week ending November 18, 1962.

Headings for the week were 6254 cattle, 6255 calves, 6256 hogs and 755 sheep.

The week's opening cattle trade at the Edmonton Police Stockyards was heavy and lower selling on most classes. Choice steers, with the exception of cows, were lower than last week. Good and choice butcher steers were the lower with medium trade being best. Choice butchers were steady on the week's basis. Butcher cows were lower but 11000 good cow prices were higher than compared to Tuesday's sale at 14.75. Some bulls saw a practical top of 15.50. There was not much action for heavier calves with prices steady at a practical top of 20.00. All classes of calves on the meeting trade sold about steady with last week but at close they averaged 1.60 lower. The good calves want for export with about 400 more on test and on ready for shipment. 250 went to Saskatchewan and B.C. Good feeder steers were 100 lower with medium and medium kinds steady.

Best Choice Sales
Slaughter cattle — Choice steers 24.00 to 27.00, good 24.00 to 26.00, medium 22.00 to 24.00, common 20.00. Choice butchers 24.00 to 26.00, good 22.00 to 24.00, medium 20.00 to 22.00, common 18.00 to 20.00. Good cows 14.00 to 15.00, medium 12.00 to 14.00, common 10.00 to 12.00. Cows 12.00 to 14.00, common 10.00 to 12.00. Calf steers 12.00 to 14.00, common 10.00 to 12.00. Plain sale fat cows 14.00 to 15.00.

Replacements — Good feeder steers 20.00 to 22.00, medium 18.00 to 20.00, common 17.00 to 19.00. Stock cow calves 18.00 to 20.00, stock cow calves 16.00 to 18.00, stock cow calves 14.00 to 16.00. Good feeder butchers 18.00 to 20.00, stock cow calves 16.00 to 18.00, stock cow calves 14.00 to 16.00.

Calves — Butcher calves 27.00 to 29.00.

Hogs and Sheep — Circle 4 local hogs opened the higher at 20.00 closed weight and lower at 19.00. Thursday and Friday. The market was steady to last years price of 20.00. There were some local hogs at 20.00. The market was steady to last years price of 20.00. There were some local hogs at 20.00.

From information from the Producers and Marketing Branch of the Government of Canada, the following prices are in effect for the week ending November 18, 1962.

Alberta Junior Citizen Award Winner

BEVERLY THIRSK

Kelley, Alberta

A muffled cry help interrupted the quiet of the hot summer's day. Six-year-old Beverly had been playing with her dolls. She had not seen her ten-year-old brother for a few minutes.

Now, the cry for help sent her rushing in the direction of the pump-house. When she went in the door she saw her little brother lying unconscious on a mat beside the pump.

With great presence of mind, Beverly ran to the motor . . . turned off the switch and ran into the house for help.

Later, after the doctor had arrived the story was pieced together. When the little boy had gone into the pump-house for a drink of water, he had climbed up to turn the motor on. He slipped and fell on the motor and received an electrical shock due to faulty wiring.

The little boy has fully recovered and all was well. But Mr. and Mrs. James Thirsk are truly thankful for their small daughter's quick action.

To such a little girl, with such a big share of perception, we and Alberta's weekly newspapers say: "Congratulations, Beverly!"

SUGAR and SPICE

By Bill Smiley

Can anyone tell me why women are so fierce about money? As Bruce said, I guess for a reply, the answer? Well, then can anyone tell me why women are so absolutely clueless about perfectly straightforward handling of the lovely stuff — money? I know there wouldn't be.

For years, I handed the money in our family, and everything ran smoothly. A couple of years ago, I was asked to come back when I agreed to turn the family finances over to the Old Man, and since then, we have endured fiasco.

The trouble is, she panics. I use to solve the problem of bills by putting them all in my hip pocket and letting them age for a while. She gets half a dozen bills and goes into a tizzy.

She spends everything out on the table, checks and checks of paper bills, pencils, bank book and cheque.

ASK RILEY MULLEN ABOUT THE MODERN WAY TO BUY HOME INSURANCE

Do you know about the insurance policy designed especially for families who own their own home? It's THE HOME'S Maintenance Policy, which gives you protection against all important risks and liabilities in a single, straightforward policy. And it's actually costs you less than you would pay for the same coverage bought separately.

Uncas Group Planning Christmas Event

Bibley Vador, Correspondent

The Uncas Women's Auxiliary held its monthly meeting at the home of Mrs. Freda Hahn. The Christmas party on Dec. 22 in the Community Hall were discussed.

At that evening the word studied quilt will also be raffied. Tickets are available from all of the W.A. members at 50c each or 2 for \$1.00. Proceeds from the quilt raffle and other activities will be used for the Community Centre.

The president, Mrs. M. Hanes, urged more members to join the W.A. and help in providing recreation for the members.

At the next meeting, the members will be asked to bring a gift for the members who are unable to attend.

The Uncas W.A. sponsored a Christmas party for the members. The party was held at the home of Mrs. M. Hanes. The party was a success and the members enjoyed the evening.

The evening was spent playing cards and the members enjoyed the evening.

Insulation For Poultry Houses

Properly insulated farm buildings for poultry houses prevent drafts and can be well recommended. They reduce dairy losses, keep hens and poultry healthy.

Here is what Prof. Helen Walker says on insulation at a poultry day held at the University of Alberta.

The house with insulation has insulation. To remove moisture, artificial heat is not essential in commercial plants so we must conserve the heat loss of the birds. It is possible only with proper insulation. Insulation in the poultry house is not possible and it is not possible to be advised. Insulation in the poultry house is not possible and it is not possible to be advised. Insulation in the poultry house is not possible and it is not possible to be advised.

He added that there must be some ventilation in the house to keep the insulation dry. Small holes to let air through the water will do this without a mechanical ventilation system.

Prof. Walker said one point that a lot of us have missed in our building operations. A concrete foundation is built at four level will cost the floor for two feet with realistic dampness of floor. He advised five glass insulation between the concrete wall and the floor. He did not think much of changes to insulation. They settle and, in many cases, will not mix with moisture in two years or less.

There is no room left for argument as to the value of insulation in our climate. It is still very easy to get a good deal of insulation. The cost of what is now a highly competitive business is just about the same. The cost of what is now a highly competitive business is just about the same. The cost of what is now a highly competitive business is just about the same.

COOP OF BURNING STRAW is being a great asset in the rapidly depleted with repeated collection, most agricultural soils in Alberta have a medium to low level of organic content. The addition of organic matter to the soil through the use of straw, manure, green manure and straw will greatly improve this content.

Couple Honored On Anniversary

Mr. and Mrs. Joe Miller celebrated their silver wedding anniversary recently with friends and neighbors calling during the afternoon and evening to congratulate them. Their lovely home was beautifully decorated with bouquets of flowers for the occasion.

During the afternoon Mrs. Miller, mother, and Mr. Miller, father, were present.

Regarding plant materials, Mr. Miller said that he had about 10 pounds of phosphorus and 10 pounds of potassium. At present, the value of the phosphorus is about \$1.00 an acre. The value of the potassium is about \$1.00 an acre. The value of the phosphorus is about \$1.00 an acre. The value of the potassium is about \$1.00 an acre.

He added that there must be some ventilation in the house to keep the insulation dry. Small holes to let air through the water will do this without a mechanical ventilation system.

MYRICK SACHARNO, 17-year-old Brudenbury resident, was the World Old King title at the World Youth Fair, in shown here receiving his trophy and 1962 cheque

Couple Honored on Occasion Of 50th Wedding Anniversary

Mr. and Mrs. D. Paul Dravder held open home at the Bonito Dunes Community Hall, Edmonton, on Friday, Nov. 2, on the occasion of their 50th wedding anniversary.

Some 200 friends and neighbors came during the afternoon and evening to congratulate the happy couple and shower them with many lovely gifts.

Mr. Floyd Baker, M.L.A., presented the couple with signed messages of congratulations from the Lieutenant Governor and from Premier R. C. Manning.

Present at a family dinner were Mrs. Betty Hill, sister of the bride and bridegroom fifty years ago; Mr. and Mrs. Ralph Ball of Abbotsford; Mrs. Ruth, Christine of Vancouver; and Mr. George B. Ball, relatives of the bride. Also Mr. and Mrs. A. E. Dravder and Mrs. Isabel Dravder of Lacombe; Mr. and Mrs. C. W. A. Dravder of Victoria; and Mrs. Winifred Shook, relatives of the groom; together with three daughters, two sons, and 18 grandchildren.

The bride's uncle, Mr. George B. Ball, was called upon for a toast to the bride. Mr. Ball, now 81 years of age and the oldest surviving member of the Ball family, very ably replied with reminiscences of his bride's childhood in the pioneer days of the West.

Entertainment was provided by a piano and a disk, written by Mrs. R. Alexander, prominent daughter of the couple, and by musical selections by various members of the family. Mrs. Dravder is the former Isabel Ball, daughter of the late Mr. and Mrs. W. B. Ball, early pioneers of the old Edmonton district east of Edmonton.

Mr. Dravder's family were pioneers of the Lacombe district. They were married on Dec. 19, 1912 in what was then Billabish district and have since resided in the

from B. M. Lockington, manager of the grain and livestock section of the Greater Edmonton Co-operative Ltd.

Awards Night at Ardrossan

The first of what is hoped to be an annual Awards Night was held Friday, Nov. 2, at Ardrossan High School. The program was opened with the House color party march, performed by members of the Ardrossan First Trump of Boy Scouts under the direction of Lionel Barber. A troop leader Malcolm Davidson Malchin was later presented with a \$40 cheque from the Ardrossan High School Students' Union and a \$50 cheque from the Ardrossan High School teachers to help defray expenses of his forthcoming trip to Greece.

Recognition certificates were presented to the following by Mr. Ryan: George Simpson, Warren Kennedy, Ruth Smith, Dorothy Medford, Thomas Peterson, Edward Day, David Moore, Eric McGowan, Elaine Kennedy, Ronald Lawrence, Jason Olson, Karl Olson, David Smith, David Bauer, Marilee Storma, Marilyn Warnock, Jacqueline Kennedy, and Mary Turner.

One of the students presented by Gary Trelatoff to the following: Lynn Neilson, Lynn Houston, Anne Peterson, Marion Jones, Gloria Leinders, Henry Pechala, Judy Matheson, Dennis Williams, Lynn Leach, Lorraine Stanford, Blaine Peterson, Julie Miller, Lynn Walker, Donna Thompson, Marlene Foster, Cecil Thompson, Joyce Matheson, Wayne Jackson, John Scholtz, Jack Kennedy, Mike Olson, Margery Matheson, Emily Williams, Linda Brail Smith, Brian Main, Pauline, Janet Dett, Lynn Brukschoten, Willy Jonker, Donna Alexander and Sandra Rich.

Senior and Junior Athletic awards were presented by Mr. Phillips, with the Senior awards going to Lillian Lake and Edward Kohn. Junior awards went to Nancy Penhale and Edward Day.

Academic awards in the form of certificates were presented by Mrs. Trelatoff. David Olson, Henry Ball, Gary Lawrence, Doug Joy, John Maun, Laurel Dittich, Ralph Olson, Jim Robertson, Geoffrey Bristall, Don Paulsen, Maurice Deane, David Hutton, William Beckwith, Fred Fischer, Les Dietrich, Edwin Hoddin, Leonard Stone, Gerald Paulsen, Gary Dietrich, and Brian Storma.

Church service for the men's club of St. George's Anglican Church will be held Sunday, December 2, at 8:30 a.m. The service will be followed by breakfast in St. George's Hall.

PUBLIC NOTICE

By the Council of the County of Strathcona No. 20 of the Province of Alberta

WHEREAS it is deemed expedient by the Council of the County of Strathcona No. 20 of the Province of Alberta that the sum of Three Hundred, Thirty Thousand (\$330,000.00) Dollars should be borrowed on the security of the said County by the issue of Debentures repayable to the lender in 25 consecutive annual installments with interest at the rate of not more than six per cent per annum for the following purposes, namely:

1. Erecting and equipping a 14-room Elementary Junior High school in Ardrossan S.D. No. 523
2. Landscaping and Professional fees.

THEREFORE, notice is hereby given by the Council of the said County that unless a poll by the proprietary electors of the said County for and against the said debenture loan is demanded as provided by The School Act, the said Council will apply to the Local Authorities Board for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

M. R. PARKER (Chairman)

Dated at Edmonton

this 23rd day of November, 1962.

Instructions to Proprietary Electors in a County

A poll may be demanded in a County by a demand signed by:

- (a) five proprietary electors, or
- (b) fifty percent of the proprietary electors,

whichever is the lesser number, of each of at least twenty percent of districts in the County.

Every demand for a poll must be delivered to the secretary of the County or, in his absence, to the Clerk, within fifteen days after the date of posting of the last publication in a newspaper of this nature.

Proprietary electors make an election who is liable to assessment and taxation for school purposes in respect of property situated in the County.

Weekly Livestock Report

Weekly report from the Edmonton Livestock Market for the week ended November 28.

Receipts this week: cattle 588, sheep 366 and sheep 765.

Summary: This week's continued high volume of receipts from the Edmonton Livestock Market was composed of approximately 80 percent replacement cattle for feeding. The balance of arrivals were mostly cown, heavy bulls and lower grades of butcher bulls and heifers. Prices on butcher cattle opened fairly steady with the previous week's close but a soft undertone became evident as the week advanced. Average choice steers opened steady at 20 but were 50c lower toward the end of the week's trading. Steer quality butcher heifers were scarce but raised about steady. Butcher cows were unevenly bid at higher prices in the week but finished the week's general price recession on butcher cattle for choice steers at \$12.50 lower. Bulls were about steady. Veal calves steady. Heavy butcher weight cows were unevenly bid at lower. Replacement cattle values for good calves continued steady with the previous quality kinds under pressure, heavier feeder cattle were in good demand throughout the week but were easier at the week's close. Over 100 stock calves were shipped for export to the U.S.

Alberta Junior Citizen Award Winner

LINDA BOCHEK

Strathmore, Alberta

Imagine you have complete charge of a household. You're cooking, cleaning, washing and ironing and keeping a big household garden. You're getting your brother, your father and yourself off to school and work each morning . . . and you're only thirteen years old! This is what our award winner Linda Bochek did this year, while her mother was sick in the hospital for two months.

Yet during this time Linda was also taking her first year of music lessons and she advanced to quickly that she passed her Grade Four Royal Conservatory examinations with honors.

She also found time to win first prize in an art contest. And not to ignore her sports activities Linda took part in the annual school track meet and passed her Red Cross-Senior swimming test.

Now you think with all these activities and responsibilities something would suffer — but not so! She achieved outstanding scholastic success too, passing Grade Seven at Samuel Crouther School with honors in every subject.

We join with editors of Alberta's weekly newspapers in congratulating this girl and her parents Mr. and Mrs. J. Bochek, on her outstanding achievements under adverse conditions — truly a "Junior Citizen of the Year."

MEETING OF FARM GROUPS

Meeting of Farm Groups

The FGA and FWIA held their first joint meeting of the season last Wednesday evening at the home of Mr. and Mrs. George Ombelstein.

The meeting of a delegate to the annual convention was also the agenda. It is hoped that two or three members will attend.

Mr. and Mrs. Logan Humeau of Edmonton were Saturday afternoon guests at the home of Mrs. Anderson's luncheon—see Mr. Joe Smith.

Mr. and Mrs. Bob Moore, Kananis and Wendy, were guests on Sunday at the home of Mr. and Mrs. Mrs. Bevanston of Edmonton.

The ED-G Group would like to express thanks to everyone who supported them on Monday evening. They are sorry they were not able to supply all requests. It more are available they may call again.

We would like to extend congratulations to Mr. and Mrs. Jack Grayson of Edmonton who celebrated their Golden Anniversary on Sunday.

Correspondents Serve Their Local Communities

This is the last in a series of articles on how a weekly newspaper functions.

Without its district correspondents a weekly newspaper would contain little news of the area surrounding the community in which it is published. Correspondents provide this essential district news gathering service.

This is particularly true of the area served by this paper. We try to report happening throughout the whole of the surrounding area—an impossible task for one small staff to attempt to cover from one office. Local men and women, living in surrounding communities are the ones who see and do, gather our district news.

These correspondents are performing a public service to their communities. They circulate the desires of the people and report the activities of community organizations. A good district correspondent is a valuable aid to the functioning of a free, definite democracy.

Alberta Junior Citizen Award Winner

LINDA HERON

Ottawa, Alberta

At a recent Downtown Kinsmen Club luncheon in Calgary, the guest speaker attracted special notice. She was only fourteen years old.

Unusual? Maybe, but Linda Heron of Ottawa is no unusual girl in many respects.

A popular student at the Ottawa school she was awarded in Mathematics and Language and Immigrant studies in Literature and Science.

A poem she wrote won a place in the school year book and a story she submitted received high commendation.

Linda earned the 4-5 Public Speaking award for Southern Alberta where she won that prize over eleven other contestants, one of whom was a second-year University student.

A neighbor of Linda's, Mr. David Lewis, had a serious accident this spring. Public speaker Linda telephoned, shared and took charge of his large flock of sheep. Later she shared them in the annual Sheep Show at the Calgary Exhibition and Stampede.

Before and after school each day Linda helped at home by selling convention coins. This past summer she helped to take 200 cases of hay for her father and a neighbor.

We commend the efforts of Alberta's young women and commend Linda on her well deserved Junior Citizen of the Year award.

This is one of our correspondents about the 1962-63 Junior Citizen Award winner, Calgary Power Ltd. graciously acknowledges the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen Award possible. For this winner we spend the day with her. This was the day when she met Mr. A. C. Clark, the man who made the award possible.

Serving the province of Alberta

Bruderheim Honors Oat King

A turkey dinner was held in the Oat King title to this community. About 50 persons attended along with government, grain representatives and other dignitaries. The occasion of the celebration was well as to pay tribute to Myron Zacharia who brought the World Oat King title to this community.

MYRON ZACHARIA, OAT KING, and other guests at the World Oat King title at the Royal Winter Fair. It shown here receiving his trophy and \$100 cheque from S. M. Lockington, manager of the grain and transport processing department of the Quaker Oats Co. Ltd.

Dec. 8, 1962 The Record, Fort Saskatchewan, Alberta—8

Myron, 32nd at the age of 18 has one son, a fourth grade in the Alberta middle and seven dogs.

She leaves to learn her painting daughter Irene (Mrs. Stuart Harrison) and four grandchildren. She was pronounced by her husband in 1964, and also her son. Regularly is attended to the family.

Sympathy is also extended to the relatives of Mr. Anna Kryst of Bruderheim who passed away at the age of 70. She is survived by seven sons, Fred and Paul of Bruderheim, Peter, John and Bill of Lacombe and Andrew of B.C. His daughters are Mrs. Leo Shumak of Bruderheim and Mrs. Glenora of Edmonton.

The Moravian Ladies Aid met at the home of Mrs. H. Prochaska for 13th to OCEA at 11 a.m. or to a sewing box last week. The project CROCH at 3:00 p.m.

Mon. Dec. 10, 9 p.m.—McIntyre - Smith, ice 1

Mr. and Mrs. James Priel and Mr. and Mrs. Martin Priel gave a dinner party in honor of Mr. and Mrs. Michael Priel on their fifty-fifth anniversary.

Miss Donna Parker was home from college for the week-end.

Any parents who did not get to the board meeting on Dec. 4th are urged to contact the Board leaders because there is a shortage of working members on the Board of Directors.

I think you and your wife that this is a worthy organization on, come on parents, let's do our part.

Congratulations to Mr. and Mrs. Lloyd Rios on the birth of a new baby, Dale, on Nov. 26th.

Mr. and Mrs. A. Schultz and children celebrated the wedding of a relative held at Summit and were very happy.

Congratulations to Mr. and Mrs. O. Williams on the birth of a daughter, Sherry Lee, on Nov. 26.

We are glad to report that Mrs. Maitland is home from the hospital. Mrs. Maitland is home from the hospital last week.

Successful Tea

The ladies of the Royal Purple Lodge held a successful tea, bake sale and bazaar in the Community Hall on the 1st. The hall and tables were tastefully decorated in the Christmas theme.

S. MacLachlan held the lucky ticket on the annual Xmas cake raffie. Convent Lady D. Henderson and Lady R. Hay would like to take this opportunity to thank all who helped make the venture a success.

Club-8's Deadlocked At Top ... and Bottom

In Club-8 action last Sunday, 7 and 1 records. Major and White have won 2 and last 3 for 4 points and in a terrific jump in the earlier game. Deacon, Deacon and Bush with 1 and 3 records for 2 points.

Major and White were tied 6-6 after the 10th with Major having had rock point home. White was tying two, well guarded, one tally in the four first end, but Major played a cold draw right to the bottom with his last rock to win the game.

In the Patience game with Madryte skipping for Patience, the Patience rink pointed out to a four point lead in the first end. They being an impressively as Major scored in the 10th, 10th and 10th end to tie up the game at 5-5.

In the 10th with last end Madryte was able to bring Major into his last hole in the game.

In the Bush-Deacon game with Perry skipping for Bush, the Bush rink scored four in the first end, then counted the rest of the 10th. Deacon called it off after the 10th.

Lash and Blaxland were all tied after five ends, then on the 10th, Lash scored four, gave two to the 10th, then got two more on the 10th and two more on the 10th for a comfortable lead going home.

Blaxland skipped the Lamb rink, while Kent Clark was on the bottom for Blaxland.

As a result of Blaxland game, Lamb, Blaxland and Blaxland are in the 10th with 1 point each on the 10th.

As a result of Blaxland game, Lamb, Blaxland and Blaxland are in the 10th with 1 point each on the 10th.

As a result of Blaxland game, Lamb, Blaxland and Blaxland are in the 10th with 1 point each on the 10th.

SUGAR and SPICE

By Bill Smiley

Angled nerves.
Sugars nerves.
Jangled all the way.
Through the muddled
holidays.
Proceeding Christmas Day.

If people tried to go to the same clip during the rest of the year they do in the few weeks before Christmas, the world would soon be populated by a race of wild-eyed, suffering mutants. Even mental constitutions attuned to an era of suicidal murder in the hands of misguided mortals couldn't stand that pace much longer.

Never mind, chaps, we're in the home stretch. Our numberless days of Christmas cards, concerts, carols and carousels, Christmas pageants, puddings and parties, Christmas trees, turkeys and tinsel, and we can go back to being the realistic, selfish folk we are the rest of the year.

For kids, the pre-Christmas weekend is just dandy. They are left to write to St. Nick. There are concerts at which to be miraculously and temporarily transformed from small devils to small angels. There are glass balls to be shattered while decorating the tree. There are packages, waiting mysteriously, to be ripped open in drawer and clasp.

For the elderly too the Christmas season brings excitement. The sound of carols, to bring back the memories of rich, good times of the past. There are lights and decorations to put a dash of color into the drab days. And there is a little extra warmth and humanity abroad to make people pay some attention to the old folk, for a change.

But for everybody in the so-called prime of life, it seems that Christmas, or at least the couple of weeks before the big day, has become an orgy of shopping, mailing, cleaning, scrambling and worrying that producers still but tension, tiredness and tears. Especially among the women. Well, isn't it?

Late most men, I'm about 50-60 on Christmas. At times, The day is in favor of the whole business, as others violently opposed. Knowing that it puts me in debt every year, until about the following June, I'm pretty bitter about it all and the first of December I put my foot down. I state flatly that we are to put down on everything, cards, gifts, and especially "stuff for the kids."

But for the week before Christmas I'm running around like the rest of the lunatics, grabbing a scrumptious, attaching tough turkey, planning impossible parties, holding whispered conversations with the Old Girl and throwing money around like one of the new rich presidents of a new African state. One aspect of Christmas that I

Weekly Livestock Report

Weekly report from the Edmonton Stockyards for the week ending December 11. Receipts this week: Cattle 100, Calves 170, Hogs 430 and Sheep 10.

EDMONTON

Prices on butcher stores rise to \$1.10 lower at the Edmonton Public Stockyards this week. Butcher buyers were also able to bring lower. Butcher cows opened slowly and held this way all week, with not many good kinds offered. Medium closed stronger Friday. Quality calves showing breeding and condition were quite scarce with butcher calves reported steady. A few bulls sold on a steady basis. This week's lighter receipts on cattle were below 4,000 head for the first time since mid-August. By mid-week prices on feeder stores were stronger due to a lighter supply and sustained demand. A good percentage of the steers were particularly finished and drew little interest on the part of packer buyers. These were kinds of good finishing cattle at prices making 22.50 to 23.50. Butcher calves went up to \$14.00. A few good stock calves sold up to \$16.00 with average price \$15.00 to \$16.00. Receipts of cattle and calves this week were 600 head, mainly calves.

BELE CLOSING HERE

Slaughter cattle — Choice steers 25.00 to 26.00, good 23.00 to 24.00, common to medium 21.00 to 22.00. Good and choice heifers 23.00 to 24.00, medium 21.00 to 22.00, common 19.00 to 20.00. Good cows 18.00 to 19.00, medium 16.00 to 17.00, common 14.00 to 15.00. Good bulls 13.00 to 14.00, medium 11.00 to 12.00, common 9.00 to 10.00.

Replacements — Good feeder steers 22.00 to 23.00, medium 20.00 to 21.00, common 17.00 to 18.00. Good steer calves 22.00 to 23.00, medium 20.00 to 21.00, common 17.00 to 18.00. Good heifer calves 22.00 to 23.00, medium 20.00 to 21.00, common 17.00 to 18.00. Good cow calves 22.00 to 23.00, medium 20.00 to 21.00, common 17.00 to 18.00.

Calves — Butcher calves 21.00 to 22.00. No real calf prices are available.

Hogs and Sheep — Prices on market hogs are still holding strong although they dropped a bit for the week. Grade A local hogs brought 26.00 Monday, 26.50 Tuesday, 26.50 Wednesday, 26.50 Thursday, 26.50 Friday. Hog slaughterings in inspected plants in Alberta up to December 1st were still down as compared to the same period last year, although total slaughterings for 1962 are 21 percent below that 1958 because of heavier spring marketing. Few sales were light with the bulk of prices 12.00 to 13.00 live weights. 1,000 feeder hogs sold from 12.00 to 13.00 per cwt. depending on weight and condition. Butcher sales were light with good kinds available. Slaughtered hogs in inspected plants in Alberta up to December 1st were still down as compared to the same period last year.

Information supplied by the Production and Marketing Branch, Canada Dept. of Agriculture, Edmonton, Edmonton.

Alberta Junior Citizen Award Winner

JUDITH WALTERS

Pelgus Colony, Hutterite Brethren of Leithbridge

Judith won her award for the unique contribution she made in the field of social integration. By word and deed she proved to members of her colony and to non-Hutterites, that it is possible to retain the traditional dress and customs that are integral to your profound beliefs, yet become a popular public school student.

In the Fall of 1961, Judith had to make a decision. Their colony school had to close. She had no alternative but to attend the large Kate Andrews Senior High School in Coaldale. Could Judith face these students fifteen miles from home — would they accept her in her traditional clothing? She was not worried about her school work for she had always been a good student. Judith with her quiet friendliness and understanding made a real place for herself at Kate Andrews. She modeled clothes she had made and acted as commentator at school football shows. She was the photographer responsible for putting together the school year book. She sang in the school Glee Club. She passed her Grade 12 in one year and obtained a matriculation standing.

Judith is now attending Leithbridge Junior College where she is enrolled in Education. Judith has led the way for other members of her colony to continue their education in public schools. For her great contribution in the cause of social integration, we thank you, Judith on behalf of all Albertans.

This is one of six announcements about the 1961-1962 Junior Citizen Award winners. Calgary Free Press. Judith Walters, the active participation of Alberta's weekly newspaper editors, whose enthusiasm has done so much to make the Alberta Junior Citizen program possible. For this winner our special thanks to Mrs. W. Andrews of Leithbridge who nominated Judith for the award.

Cont. from Page 1

Jouled and his free throws wrap it up for the Port. The Port held 8-8 first quarter score and drop behind 16-14 at the half. The quarter saw the Rebels lose 20-21.

Jim Fisher led the scoring with 17 points, followed by Dave Goss with 6 and John Fisher with 5. Warren Schneider led the team with 7 points. Randy Wolcott and Crowley scored 6 each. Twenty-two fouls were called and the Redjacks up 18 of these.

In league play on November 10, Port Saskatchewan girls defeated Comox 54-34. Louise W. scored 26 points in this contest. Port boys just as easily won the game 64-14 with Dave Quinn notching 24 points.

In the boys' contest, the suffered their only defeat in young season. They were 64-54. J. Vertinsky was top scorer for Salisbury with 16 points. Quinn and Jim Fisher scored 13 11 points in a losing cause.

In other league action on 14, Burrhead boys and girls both their contests over Westlon. St. Anthony's College, who have won three straight games, sealed the Alberta School for Deaf.

St. John's College defeated Carleton 26-23 while undefeated Carleton edged St. Albert 26-23.

Deaf, and the Port Saskatchewan teams will be at Westlark. By that time, it is hoped that Orville Fisher, who hasn't seen action in the last two outings and J. Vermilyea from Salisbury who was injured on Dec. 14 at St. Albert, will be back in action.

Garden Club Meets

The regular meeting of the Colchester 4-H Garden Club was held on Dec. 4 in the Colchester School. The meeting was chaired by president Laverne Werner and opened with O'Canada and the 4-H Pledge. The 21 members present answered the roll call by naming a section of their Project Book.

Mrs. M. Atkinson, District Home Economics, Marie Owens and Marjorie McLaughlin, also Home Economics, were present.

Atkinson gave a talk on junior leadership and showed a film "All Within 4-H" then she divided the members into discussion groups for an etiquette quiz. She was thanked by a member on behalf of the club.

Club Leader Mrs. A. Switzer spoke to members and asked them to make articles for a bazaar booth in January. Ruth Hickman led a show entertainment program and the girls were exchanged.

SUGAR and SPICE

By Bill Smiley

times, read stories at bedtime, and sliding on the hill with them and make them eat anything they did not like, hug and kiss them when they were hurt and while the rest of them when they needed

On Christmas morning I'd persuade to all and people a three month reprieve from all their aches, pains and ailments. I'd give them a good appetite and a rare fine set of new crumpets to go with it. I'd give the lost and found in large measure from a veritable host of grain, children. And I'd throw in a round-trip ticket to Miami, paid in advance reservations at a push hotel and a sizeable cheque to let them play the races get married again or whatever else they wanted to do.

To all clergymen, whatever the color of their cloth, I'd give a special present: They'd get a church packed to the doors with people who came lustily, listened attentively

All mothers of large families would get something they really truly wanted for Christmas. I give them families who appreciate

What would I leave under the tree for the farmer? You guessed it. I'd grant them a whole year of exactly the kind of weather they wanted, regardless of the consequences of convenience of the rest of us.

Amateur golfers would be disappointed one season in which they caught nothing, nor did they hook, or changed everything right down the centre. All anglers would be given one year in which they were as smart as the fish. All weeks

ed. All wives would be given one year of absence from the boring, insensitive, callous, inattentive creature they are married to. And all husbands would receive a similar period of absence from the nagging, complaining, spendthrift, over-bearing harridan they married. Serve them both right.

Joy and Reverence Mark Season

Cherish and reverence, parents and parents (in devotion) were as Christmas celebrants, at the birth of Christ, with its message of new life, hope and promise of "Peace on Earth, Good Will Toward Men." Finds expression many ways.

In choir singing the praises of the Babe of Bethlehem, in songs symbolizing the birth of a Child in a manger, in the glow of candles reflecting the light of a Star, in the sound of voices joined in song gathered from around the world and showing the true brotherhood of men, Christmas in all its beauty and glory goes out to hearts young and old.

"Christmas Mean"

To Western Christian believers, December 25 carries all the deep religious meaning appropriate to the anniversary of the birth of Christ. As the date for the celebration of "Christmas Mean," the Mean of Christ, it was selected from a number of possible dates, among them January 6, March 31, March 25, April 6, May 24, September 29 and November 17.

In some Eastern Orthodox churches, Holy Night comes on Jan. 6, Christmas Day on January 7. The Armenian church celebrates Christmas on January 18.

Generally, researchers are agreed that the correct date and year of Christ's birth are lost in the past, although some tentative conclusions can be drawn. Since it is the meaning of the day that counts, the date has for centuries symbolized the coming of the Son of God who would continue his holy significance to humankind.

To those who like to ponder on the world as it was when the Infant Jesus was born, and on the growth of Christianity, some delight in the researches about Christmas can be a rewarding experience. Any tendency to take Christmas for granted disappears in the fascinating study of the early Christian church and its growth in the face of resistance.

A comparison of biblical references with astronomical and historical researches discloses that Christ was probably born before 4 B.C. — in other words, the present year is not 1962 of the Christian era but at least 1965.

Evidence to support this relates to the reign and death of Herod. An eclipse of the moon in 4 B.C., which coincided with a Jewish religious festival, has helped historians to fix the death of Herod at about this time — and where he died, according to the New Testament, the young Jesus, Anna and Mary were living in Egypt.

That the birth of Christ may have

Re-creating The Nativity

Re-creating the Nativity scene at Christmas, with Mary, Joseph, the Infant Jesus and the animals of the manger, originated, many scholars believe, with St. Francis of Assisi on Christmas Eve 1223 in the little mountain town of Greccio, Italy.

Wishing to dramatize the birth of Christ for his parishioners, St. Francis and his helpers set up a realistic representation of the manger scene.

In Northern Europe, where Santa Claus arrives on a white horse, the few good girls put out food for the

School Committee Meeting

The regular meeting of the school committee of the County of the high schools attended the Christmas meeting in Edmonton on Dec. 19 and 20.

There will be a meeting of representatives of the Local Teachers' Bargaining Agent and the school committee to discuss teacher salary negotiations.

The library report showed that over 1,000 books had been circulated in October and over 1,000 in November. This was an increase of approximately 1,000 books over the same months last year.

A report on the bids for Fort Saskatchewan Junior High School was discussed. It was recommended to the County Council that W. J. Bennett Construction Co. Ltd. be awarded the contract at a price of \$28,141.

A review was made of the bids received for the construction of the Sherwood Park Elementary School and the addition to Sherwood Heights School.

A motion was passed that the school committee recommend to the County Council that Bennett Construction Co. Ltd. be given the contract for the construction of the Sherwood Park Elementary School at a cost of \$28,141 and the addition to Sherwood Heights School for \$28,141.

It was reported a meeting had been held with the School Buildings Board regarding the building of a school at Ardmore. The board had recommended that additions to the present building be constructed instead of a new school. It was reported there will be another meeting this month of representatives of the school committee of the County Council and the School Buildings Board, regarding this matter.

Marzipan has Sweet Story

Sweet is the history of marzipan, a confection that is a seasonal favorite. It is a Christmas candy today, it is still being made with the same ingredients as those used hundreds of years ago.

It consists of freshly ground almonds made into a paste, whole eggs or whites of eggs, sugar, egg yolk and flavoring. Sometimes honey is added.

They are many legends concerning the word "marzipan," says the Candy, Chocolate and Confectionery Institute. One old tale attributes it to the bread eaten by St. Mark in the desert — "Mazapan," the Arabs.

Records show that Bartholomew, a confection that is a seasonal favorite, is still being made with the same ingredients as those used hundreds of years ago.

WRITING CAROLS

Men from many walks of life have contributed to the Christmas carol. Francis Scott Key was not only a lawyer and the author of the Star Spangled Banner; he also wrote carols. And the comedian, Harpo Marx, authored a card now sung in many churches, "Ourselves in the Desert — 'Mazapan,' the Arabs."

Greetings for Christmas

"THE MADONNA AND CHILD. ENTHRONED" is a 14th century representation of a favorite subject for artists. Painted in tempera on wood. It is the work of Fra Filippo Lippi, a Florentine who is known for his use of color and graceful line. From The Metropolitan Museum of Art, The Jule S. Bach Collection, 1960.

It's time again to wish our
good friends all the warmest, every
excitement and wonder that the Christmas Season
can bring... and to express our sincere appreciation!

MACLEOD'S

Corby Cup Competition

The Ellis play-off for the Corby Cup competition is at hand again and any number of the local Lodge No. 399 wishing to play in this competition must enter their risk with Leroy Shadlock or O. McIntyre. Entries will close January 2.

Evergreen Still Tops as Tree

No doubt, Christmas trees are made out of almost everything, from aluminum foil to plastic — but the world's favorite Christmas tree is still the evergreen.

Many legends explain how the evergreen became associated with Christmas and Christmas One is a story of St. Wilfred, according to The Book of Knowledge.

According to a group of experts, the saint sought to illustrate how they had broken away from the heathen worship of the Druids.

He chopped down a giant tree—an oak, since this kind of tree was one of the chief objects of Druid worship. As it fell with a crash, it split into four pieces. From the centre a young fir tree sprouted.

St. Wilfred told the converts that the fir should from then on serve as their "holy tree."

"It is the sign of an endless life," he said, "for all its leaves are evergreen, and it points toward heaven."

It is the worst of pests, for all your house are built of the fir. Let this be called the tree of the Christ Child, gather about it, not in the wilderness, but in your home.

'62 NEWS HIGHLIGHTS REVIEWED

Recorded in the following columns are the day-by-day events that told the story of life in this community and surrounding districts during the past year. A few of the events recorded here were important enough to make news in other parts of the country — most, however, are commonplace occasions with little significance elsewhere — all, however, are important to the residents of this area whose names and activities "make the news."

Not Only Gold, But Frankincense, Myrrh Were Precious Gifts, Too

And when they had given their treasures, they presented unto Him gifts, gold and frankincense; and myrrh.

These St. Matthew describes the first Christmas gifts of all brought to the Christ Child by the three wise men. Gold, frankincense and myrrh were rare and precious Oriental spices.

Gold, the most precious of metals, was used in the East for centuries as a symbol of wealth and power. It was also used in the making of idols and statues.

Frankincense, a resinous substance obtained from the bark of a tree in the East, was used in the making of incense and perfumes.

Myrrh, a resinous substance obtained from the bark of a tree in the East, was used in the making of incense and perfumes.

These three gifts were brought to the Christ Child by the three wise men, who were known as the Magi.

These three gifts were brought to the Christ Child by the three wise men, who were known as the Magi.

Christmas time
May the Christmas horns of plenty overflow with blessings for you and yours.

"BETHLEHEM" IN WATERBURY. The western re-creation of the Town of Bethlehem spreads across Pine Hill, near Waterbury, Conn. Permanent scene is intended not as a shrine but as an inspiration, with the time Christ was born.

MUSICAL SALUTE — Honoring two of Broadway's top musical creators, the Ice Capades and the Ice Castles present the "Ballet Your Way" program in the spectacular "Palais de Lerner and Loewe" in the 32nd New Faces Edition of Ice Capades, the Greatest Show on Ice, Anywhere! scheduled at the Edmonton Gardens from January 1963 to 1964.

Christmas Around the World

Christmas comes but once a year — and this time means "merry" and "peace" and years of well-wished traditions. Christmas means feasting, bells, and merriment, and much, much more.

Up goes the tree and on go the ornaments and lights. In many a home and in many a school, too, there is a sense of peace and goodwill, and a feeling of unity and brotherhood.

The ancient Romans celebrated the winter solstice, a festival of light and warmth, and a time of giving and receiving.

Children eagerly await Santa Claus, his sleigh and his reindeer, and gifts, gifts wrapped in the spirit of Christmas.

How did it all begin? The answer lies in the story of the birth of Jesus, the Son of God, who came to bring peace and goodwill to all men.

Pipeline Demonstration

A demonstration of the feasibility of pipeline transportation of solid material in capsule form was recently carried out through a 6-inch diameter pipeline between Calgary and Winnipeg.

The capsule experiments were carried out in the course of normal pressure testing of the new pipeline prior to its being put into regular use.

The project was planned primarily as a demonstration of the feasibility of the technique more than scientific test, although some useful measures were obtained.

Kisses Numbered

Matterings figure in many legends from pre-Christian times. Druid diviners believed it was the magical power of kissing that could be used to determine the future.

Today, kissing beneath the mistletoe remains a happy holiday custom. Current procedure is that a berry must be removed for every kiss, and when all the berries are gone, there are no more kisses available.

CHRISTMAS JOY

May the age-old Miracle of Christmas again fill your heart with the greatest joy and peace!

Good Fall Weather Aids Govt. Highway Construction Projects

Don O'Brien, E. Taylor, manager completed in 1961.

Highway, has issued a final report on highway construction for the 1961 season. After a very wet and wet spring and summer the weather was also fully completed in 1961.

Final cost: 200.77 miles of road was applied, being 100 per cent of the program; this program was fully completed in 1961 also.

During 1961, 1961 shifts were lost due to rain and inclement weather. In 1961, 1961 shifts were lost.

SANTA'S BELLY

The little area who help Santa in his workshop probably came from the Goodwill campaign in Alberta, Canada and Sweden, children are told of the "Tommy" little girl, said the son who help Santa in his workshop, the program was also made.

Strathcona County Names Committees

M. R. Parker of Ardmore was elected Chairman of the Council of the County of Strathcona at the organizational meeting held on Jan. 2nd. Gordon W. Meyer was elected as Deputy Chairman.

All County Councilors will be members of the Municipal and the School Committees. In addition, Mrs. W. Ferguson will be a member of the School Committee, representing the Town of Fort Saskatchewan.

Regular meeting of the County Council will be held on the second Monday of each month with the Planning Meeting held on the Tuesday afternoon following. The School Committee will meet on the Thursday following the second Monday in

February.

The 1963 committees and representatives are as follows:

Agricultural Service Board—Councilors Parker and McEachern, Mr. Frank Gibson and Mr. Alf Frey.

Purchasing Committee — Councilors Parker and Adamson.

Personnel Committee — Councilors McEachern and Wegren.

Finance Committee — Councilors Parker and Meyer.

Ledcor-Strathcona Health Unit—Councilors Meyer and Parker.

Edmonton District Planning Commission — Councilor Meyer.

Strathcona-Ledcor Water Board — Councilors Parker and Meyer.

Civil Defence Target Area — Councilor Adamson.

Edmonton Area Industrial Association — Councilor Parker.

Edmonton Area Hospital Board — Councilor Adamson.

Wingspan, Hamilton, Anderson and were reappointed as official auditors for the County and Ralph Briggs was reappointed as Returning Officer. The Recorder for the County is Alan M. Beveridge, Q.C.

Scouts and Cubs To Hold Bottle Drive

Boy Scouts and Cubs regular bottle drive will be held on Saturday, January 12th commencing at 8:30 a.m. All areas of the town will be covered by the boys in the drive of empty pop and beer bottles with proceeds to further the work of the Scout and Cub organizations in the town. Residents who would like to assist the boys in this endeavor are asked to kindly have empty bottles ready or outside the house.

BABY SITTERS' COURSE

A baby sitter's course will commence January 17th at 7:30 p.m. at the Park Elementary School auditorium. The course is for boys and girls 12 years and over. Those planning to attend are asked to bring notebooks and pencils.

The church of the Nazarenes, a relatively small denomination that stands for holiness in the Wesleyan tradition, had one of its most outstanding years in its 84-year history in 1962.

Locally, the church made important strides ahead. There was a healthy increase in membership and in Sunday School attendance. A new attendance record of 184 was set in the Sunday school.

Growth on the weekend and the church received a new coat of paint and the classrooms in the basement are being renovated and decorated. Eight people were added in baptizing the church growth.

The auxiliary society, with Mrs. W. Shapiro as the president, was very active. Through the auxiliary money was raised for the

Lions Plan Club '60'

The Lions Club of Fort Saskatchewan is considering the formation of a program to assist local citizens 60 years or over to hold social gatherings on a regular basis. The group is to be known as "Club 60'.

The Lions Club has indicated that it will provide a hall for gatherings and will also furnish transportation if needed. Refreshments will also be provided by the club.

It is hoped that these activities can be organized early in the year if sufficient interest is shown by people 60 and over.

A worthwhile undertaking by the club and should help elderly citizens enjoy social evenings together. Local citizens who are interested in participating or who would like to offer suggestions are cordially invited to drop a line to the Secretary, Fort Saskatchewan Lions Club, P.O. Box 181, Fort Saskatchewan.

Marksman's Club Elects Officers

Bill Cheney was elected president of the Fort Saskatchewan Marksman's Club at a meeting held in the Police Station on Dec. 18th. Wes Maxwell is the new secretary and Donatelli Sharrs remains as treasurer.

The club is open to all boys and girls between 12 and 15 years of age and is free. Registration forms are available at the Police Station. The rifle range is open at 7 p.m. every Monday night in the Community Hall and qualified instructors are always present to give instruction and maintain order.

SPECIAL NOTICE

On Thursday evening, January 10, at 7:30 p.m. there will be a meeting to form a senior pistol and rifle club in the Police Station. All those interested are asked to attend. If you are interested but unable to attend please contact a member of the executive of the junior club or write to Box 43, Fort Saskatchewan.

Oral Vaccine to be Available Jan. 21st

Oral Rabies Polio vaccine is being released in Alberta on January 21, 1963. This wonderful new vaccine developed over many years by Dr. Albert Sabin of Cincinnati is probably well known to most readers.

Used extensively in Europe, the Soviet Union, South America and elsewhere, it has proven a tremendous step forward in the control of the dreaded paralyzing disease.

It is a pleasant tasting syrup taken by mouth in a drop of water. Being an active live vaccine, it has

the ability to immunize the intestine through which natural "wild" polio virus gets into the body, thereby almost literally "pushing out" polio virus from a community.

That is why it has produced such dramatic results wherever utilized. An epidemic of polio already in progress! Rabies vaccine has not been able to do this, although giving good immune protection, but without eliminating the wild polio virus from the community.

With Rabies there is a real prospect of eliminating polio entirely from the country.

Rabies vaccine will be available only to those who have previously had Rabies vaccine, and who are over at the time they will receive it, and who have had a recent measles vaccination.

It is hoped that all eligible persons will make every effort to attend Ledcor-Strathcona clinics. The times and places will be advertised in the course.

There were 61 cases of polio in the Ledcor-Strathcona Health Unit area in 1962, and 50 further cases have occurred since. Let's stop polio entirely from our district.

Winter Program Planned at Park

A \$60,000 winter works program providing 112 man-months of employment will be carried out at Elk Island National Park, Major Frank J. W. Pater, M.P. for Vegreville, has announced on behalf of Resources Minister Walter Dymally.

During the program initial development of a recreational and wildlife study area around Austin Lake will be carried out at a cost of \$20,000. A hay storage shed will be built at an estimated cost of \$10,000 and the water treatment plant partly modernized at a cost of \$10,000. The program will be improved at an estimated cost of \$10,000.

Welding Clinic At Josephburg

Enrollment of farmers is being taken for a Welding Clinic at one week's duration to start on Monday the 4th of February at 1:30 p.m.

The course is conducted by an experienced welding instructor provided by the Alberta Department of Agriculture and arranged by the District Agricultural office.

The course will be held at the Alf Thomas Garage in Josephburg and a list for applications is at the garage office.

In these clinics, 24 welding machines are used (both electrical and acetylene) so the enrollment is limited to the first 24 farmers providing their names on the list and provided they attended on the opening day of the course at registration.

All equipment and material with the exception of gloves and goggles are available at the clinic.

Sponsorship of the event is by the Alberta Department of Agriculture and Canadian Veterans Affairs with Calgary Power Company supplying services and power.

Uncas W.A. Holds Party

Uncas W.A. held its annual Christmas party in the Community Hall on December 31st with a very good attendance.

FOR RENT
WE HAVE AVAILABLE FOR RENT
WOODBINE MOTEL, BUNKS
AND APARTMENTS
1 and 2 Bedrooms
DON KREBS
Real Estate and Investment
Co. Ltd.

Christmas carolers started the program and were followed by a group with a poem and five songs with a Christmas theme. David Dixon and Delbert Pickett received warm applause for several vocal selections. Special thanks are extended to the W.A. who shared a very colorful film taken during his vacation in Hawaii.

Guests came over later in the evening and had all the children. Donuts and coffee were served by the W.A. to bring the evening to a close.

While the Vander family was away, some ten-year or eleven-year-olds, some of whom were the children of the children, were supervised by the W.A. to bring the evening to a close.

While the Vander family was away, some ten-year or eleven-year-olds, some of whom were the children of the children, were supervised by the W.A. to bring the evening to a close.

Miss Chisholm of this district was the winner of the quilt made by the ladies of the W.A. It was raffled at the Christmas concert and ticket sales were reported to be a great success. The W.A. extends thanks to all who helped in the sale of tickets.

A box of chocolates was sent to all major citizens in the United States by the W.A.

A party for all members of the W.A. was held on January 2nd at the home of Mrs. Pendergast with Mrs. Hanson as hostess.

Congratulations to Mr. and Mrs. Al Cunningham on the birth of a daughter, Susan Lynn.

We welcome to the district Mrs. Harrison and three boys who have moved into the house next to the United General Store.

Lad James MacIntyre of North York, Ontario, was a recent visitor at the home of Mr. and Mrs. Shank.

Yorkville FUA Meeting Jan. 17

Next meeting of the Yorkville FUA will be held at the home of Mr. and Mrs. Dick Skirra on the 17th evening January 17th. Sam McNeil, the convention delegate, will give his report. The FUA's 20th (thirty) anniversary will meet jointly and the year's dividends will be paid.

Sympathy of the district is extended to the Arthur Hodgkin family on the recent passing of their husband and father.

Joanne Myers has returned to school after undergoing an appendectomy at the Misericordia Hospital.

Thelma and Bob Jockels spent Christmas with their families at Stirling.

Mr. and Mrs. Ray Christensen recently spent the Christmas holidays at Vernon with the Crow's and Mr. and Mrs. Dave Chase (nee Crow).

Valerie Myers, as a member of the Junior Argyle Chapter, participated in the annual Christmas Tree Concert held at the Auditorium on Dec. 22nd.

The first officers of the Fort Saskatchewan Branch No. 77 at the Royal Canadian Legion and the Legion Auxiliary will be officially installed in office at an Installation Ceremony on Friday, January 18th.

Officers of the Provincial Command will officiate at the ceremony which will commence at 8 p.m. in the Legion Memorial Hall. After the ceremony a social will be held followed by dancing and a buffet supper will conclude the evening.

All Legion and Legion Auxiliary members are cordially invited to attend and are urged to bring a non-veteran couple as their guests. Admission will be \$2.00 per couple.

Vol. 19, No. 2

The Sports Parade

After a rough and very close first half the Fort Saskatchewan High School Girls defeated last year's Dominion Senior Ladies' Trixie, Junior Auto Paris, 20-18 in an exhibition at the high school on January 10th.

The game started off very fast but was marred by several fouls and rough play by both teams and the first quarter ended with Fort holding a slim 9-4 lead.

The second quarter saw eight fouls called and only one point scored at the half, the score board read 18-4 in favor of the Fort girls.

In the third quarter, when action was down to a more refined game, the Fort girls and Junior Auto Paris out-distanced the more experienced visitors and out-scored them 6-4 to take a five-point lead.

The final quarter saw superior ball control and rebounding by the home team take the lead of the Auto Paris team which was 20-18 at the end of the game.

Louise Weber, who was named best player of rebounding was top scorer of the game with 13 points. Donna Myrie, guarding goal from behind, netted 6 points. Donna Young and Donna MacIntyre, each scored four points for the Fort. For the visitors, Christine Wynn, Lou Arnold, who fouled out in the final quarter, also scored four points.

A total of 31 fouls were called in the game with the Fort picking up 14 including one technical on the bench.

Jack Martin of the Junior Auto Paris team says they will be playing several exhibition games during the winter in preparation for the Senior Ladies' playoffs.

In the feature contest of the evening the New Orleans Orleans defeated the Fort High 71-17. It was the Orleans third straight win in the Edmonton district. They defeated Tommy Joe Colby's Portland All Stars 44-14 and 71-14.

The colored abominations played fast and clevering with accuracy and built up a 30-0 half-time lead, never to be lost.

Big John Pomeroy came up big for the Orleans and netted 15 points, while Parker and Johnson put 14 points each.

David Quinn, whose lead handling and dribbling was named to name several eight points for the team. Irvin Weber and Jim Parker scored eight points each.

Wesley Goss was called in the game with the Fort team only playing five, which is a tribute to any ball man.

The Fort Saskatchewan Boys no doubt saw Colby's team will be having an operation on the leg by the new ruler and will be out of action for some time.

BOY MEET
Emotionally heated met in the arena exposed to winter winds, operating cameras. It's really a game of strategy and tactics. The boys are playing on a level that is not to be underestimated.

Legion, Auxiliary Plan Installation

The first officers of the Fort Saskatchewan Branch No. 77 at the Royal Canadian Legion and the Legion Auxiliary will be officially installed in office at an Installation Ceremony on Friday, January 18th.

Officers of the Provincial Command will officiate at the ceremony which will commence at 8 p.m. in the Legion Memorial Hall. After the ceremony a social will be held followed by dancing and a buffet supper will conclude the evening.

All Legion and Legion Auxiliary members are cordially invited to attend and are urged to bring a non-veteran couple as their guests. Admission will be \$2.00 per couple.

Baby Sitters Start Course This Week

The baby sitting course will take place this Thursday, Jan. 17, at 8 p.m. in the Fort Saskatchewan school auditorium. It is planned by the Alberta Baby Sitters and is sponsored by the Women's Institute.

This course has been with considerable success in the past, wherever it has taken place in some parts of the province. The object is to teach young people how to baby sit and to give them some knowledge of the responsibilities and certain basic standards of proficiency they should be prepared to meet. A trained baby sitter may not be able to foresee every hazardous situation, but training will help them to remain calm in an emergency and deal with the situation intelligently.

There will be lectures and demonstrations on the following subjects: Child care, first aid, baby sitting, baby's health and safety. Anyone who wants further information is asked to contact any of the following: Mrs. C. Boddy, Mrs. Alan Walker, Mrs. H. Brown or any member of the WI.

Couple Honored on Golden Anniversary

Mr. and Mrs. J. B. Cook, of 1880, are being honored on the 50th anniversary of their wedding on Saturday, January 12. The 50th Anniversary of the wedding is being celebrated in the home of the bride's parents, Mr. and Mrs. J. P. Smith, at 1880. The couple have been married in 1913 at the home of the bride's parents, Mr. and Mrs. J. P. Smith, at 1880. The couple have been married in 1913 at the home of the bride's parents, Mr. and Mrs. J. P. Smith, at 1880.

New Math Course H.S.A. Topic

The monthly meeting of the Fort Saskatchewan Home Science Association will be held Monday, January 14, at 8 p.m. in the home of Mrs. J. B. Cook, at 1880. The topic for the evening will be "The New Math Course". The association is a non-profit organization of women who are interested in home science education. Edmonton Chancel Players To Present Play Here on January 20th

The Chancel Players of Edmonton will present the play "Christ in the Concrete City" in First United Church on Sunday, January 20th at 8:00 p.m.

The play is a production of the 25-C Group of First United Church and the general public is invited.

The Chancel Players are a group of people interested in both the church and drama. "Christ in the Concrete City" is a new concept, because the story is set in the slums of the city. The play is a production of the 25-C Group of First United Church and the general public is invited.

Challenge Bowling

The bowling alley was the scene of the first district challenge match with Peace River Chalmers winning 10-5 over the Fort Saskatchewan Chalmers.

The match was a high single and triple was Chalmers Player with 24 and 26; men's was Ray Heman with 24 and 26.

Eight leagues will participate in the challenge starting on January 14th at 8:00 p.m. Total points will decide the winner. In the event of a tie, the league with the most points will win.

The draw will be held in the alley on January 14th at 8:00 p.m. All leagues are open to casual bowlers. Prizes: 1st \$10.00, 2nd \$5.00, 3rd \$2.50, 4th \$1.00, 5th \$0.50.

Bingo Boasts

The Bingo Boasts will be held on Saturday, January 12, at 8 p.m. in the home of Mrs. J. B. Cook, at 1880. The game will be played by the members of the association. The game will be played by the members of the association.

SPEED OF ANIMALS

Do you know how fast some animals travel? It really is amazing when we find in these notes taken from the Land and Forest Wildlife Series.

The fastest of all land insects to fly, over short distances, is the dragonfly. It has been reported to travel as fast as 40 mph and 41 mph. It is little wonder that it is found in Central India, where it is chiefly found. The dragonfly is trained for hunting. It is trained to fly over a field of grain and to land on the grain and to feed on the grain.

The fastest fish is the swordfish. It can travel a maximum speed of 40 knots or 47 mph has been quoted. 30-35 mph is stated by experts to be a more likely figure.

The wings of a butterfly are made up of scales similar in part to those on a fish. Scales are wet under water, saving poles with their teeth, without getting water in their mouths. Their legs are so designed that they close in back of the wing, preventing water from getting in.

In order to make a habitation of the water, a most beautiful animal, the cheetah is said to be the fastest of all animals. It is said to be able to run at a speed of 30 mph, reach this in one second of a second from rest, in a distance of 100 yards in one second.

The Mongolian gazelle is one of the fastest land animals. A herd of gazelles runs across the Gobi Desert. They seem to have no fear. They run as fast as a cheetah. They are said to be able to run at a speed of 30 mph, reach this in one second of a second from rest, in a distance of 100 yards in one second.

These birds can run almost as fast as they are born. A large eagle, about two hours old, made a good record of 30 mph for a distance of a mile. This was reported that he had made a record of 30 mph.

These birds can run almost as fast as they are born. A large eagle, about two hours old, made a good record of 30 mph for a distance of a mile. This was reported that he had made a record of 30 mph.

The leopard reaches 30 miles an hour over short distances, but is normally heavily and travels at about 10 miles an hour. The average speed of the Asian cheetah is about 30 mph and 1 mph when running, though when pushed, or changing, he can move at 30 miles an hour.

A cheetah reaches a speed of about 30 mph, while an African cheetah, "Black O' War" achieved a record of 30 mph for a distance of a mile.

On average, given a flying start, run 100 yards in 15 seconds, or 4 mph. Their smaller cousin, the cheetah, can run 100 yards in 15 seconds, or 4 mph. Their smaller cousin, the cheetah, can run 100 yards in 15 seconds, or 4 mph.

The cheetah can run 100 yards in 15 seconds, or 4 mph. Their smaller cousin, the cheetah, can run 100 yards in 15 seconds, or 4 mph.

The cheetah can run 100 yards in 15 seconds, or 4 mph. Their smaller cousin, the cheetah, can run 100 yards in 15 seconds, or 4 mph.

BREMNER U.C.W. Holds Meeting

The United Church Women held their January meeting at the home of Mrs. J. H. Brown, Mrs. Brown the secretary in the Devotional and Mrs. E. O. Haddow, the president, gave a portion from the study book.

A quilt, made by some of the women, at the home of Mrs. J. H. Brown, the secretary, was presented to the U.C.W. by the women.

Five young women, will be sent to the Presbyterian to be held in February.

Each member was asked to bring a 30 inch square card, with a picture of a woman, to be held in February.

Refreshments were served by the hostesses at the close of the business meeting.

ADDRESS NEWS

Mrs. E. McEwen, Comptroller
On Jan. 18 a hospital service was conducted by Rev. J. Fisher. The subject was Mr. and Mrs. J. Allen who gave the name Corbin Allen. The infant daughter of Mr. and Mrs. Ferguson was given the name of Corbin Allen. The infant daughter of Mr. and Mrs. J. Allen was given the name Corbin Allen. The infant daughter of Mr. and Mrs. J. Allen was given the name Corbin Allen.

At the Church of God on Sunday

At the Church of God on Sunday and closed a fine session "The Church of God".
Mr. Bert DeWitt of Anderson, Mr. Lennan of X-ray, Mr. Roger Ouse of X-ray and Miss Ben DeWitt of Brookville were busy winners in the Good Deal Club draw.
Bert DeWitt is home and back at school after undergoing surgery in the University Hospital recently. Cheryl Elmer is also home from the hospital.

A delightful shower for Miss Susan Ouse was held at the home of Mr. and Mrs. O. McEwen with Miss Susan Ouse and members of the late Mrs. Ouse. An enjoyable evening was had by all.

Congratulations to Mr. and Mrs. Don Macdonald on the birth of a son, Stuart James.

Members and friends enjoyed a pot-luck supper followed by a presentation of United Church annual congregational meeting on Jan. 17 in the assembly hall of the church. The various committees gave yearly reports which were very satisfactory. All committees were re-elected for 1963.

The UCCW meeting was held at the home of Mrs. Thomas Burnett on Jan. 15. The business meeting was followed by a meal with hostesses Mrs. Burnett and Mrs. Don Bell.

A community shower was held on Jan. 20 for Miss Susan Ouse and David Lennan who are married on Feb. 2. Mr. and Mrs. Lennan noted as hosts. Mr. & Mrs. Lennan noted as hosts. Mr. & Mrs. Lennan noted as hosts.

NOTICE

IN THE MATTER OF the public notice required to be held in connection with the Alberta Public Marketing Plan approved by the Lieutenant Governor in Council.

Every farmer who has grown five acres or more of potatoes in Alberta in 1962 is eligible to vote.

Every farmer who is eligible to vote and whose name is not already recorded on the Voters List posted in every District Agriculturalist's office must register, if he desires to vote, at any District Agriculturalist's office between 9:00 a.m. and 5:00 p.m. from February 4, 1963 to February 8, 1963 inclusive.

ALEX B. WEIR
Chief Returning Officer,
Alberta Potatoes Marketing Plan.

The Sports Parade

BY WILE ALLEN

A recent weekend saw two invitational tournaments held in Josephburg and Westlock with teams from the North Central League competing in both.

In the first round, Westlock defeated Barrhead and the Port Louis St. Albert.

In the final round, Port Louis St. Albert defeated Westlock and wrapped up a convincing 4-1-2 record.

In the consolation final, Barrhead edged St. Albert 3-2. While playing the last 15 minutes with only 4 players, St. Albert started to close the gap in the final quarter, but couldn't overcome the 13-point half-time lead held by Barrhead.

The consolation final saw a close contest with Westlock edging St. Albert 3-2. St. Albert held a 14-10 half-time lead but couldn't hold the Westlock team down in the final quarter and were outscored 14-0 in the last 15 minutes.

The second annual invitational tournament at Westlock was held on Saturday with the trophy going to the team with the trophy.

In the opening round, Andrew won from Verulam by default; and Salisbury edged Jasper Place Hotel. Lamont defeated Concordia while Verulam was soundly beaten by Westlock.

Second round games saw Salisbury with all over Andrew and Westlock did the same to the Lamont team.

Career Event At High School

On the afternoon of Monday, Feb. 18th, commencing at 1:30 p.m., Career Week will be held at the St. Mary's High School. The purpose is to bring information to the students and their parents regarding the various careers in which they may be interested.

Twelve special speakers have been obtained who will outline the opportunities in the fields of teaching, other university training, agriculture, banking, commercial work, trades and apprenticeship, technical training, industry, social forces, nursing, social work and occupations in general.

All parents are cordially invited to attend this event as they may be in a better position to discuss the student's future with him. Grades nine to twelve will participate.

Schedule for the afternoon is as follows: 1:30, general assembly in the auditorium; 1:45, first group session; 2:30, first mainline speech; 2:35, second group session; 2:40, dismissal.

Hon. Gordon Taylor To Address Lions

The Hon. Gordon Taylor, Minister of Agriculture, will be the guest speaker at the meeting of the Fort Saskatchewan Lions Club on Monday, February 18th.

Mr. Taylor's address will deal with the current situation in the agricultural sector and the future of the industry.

Farm Insurance Topic for F.U.A.

On your farm insurance adequate? Or are you over-insured? For advice guidance on this problem, farmers are asked to attend the F.U.A. meeting at the home of Mr. Taylor on Monday, February 18th at 8:00 p.m. A well-qualified speaker in this field will be present to discuss farm insurance problems.

In addition a report will be given by the F.U.A. regarding the current situation in the agricultural sector.

Auxiliary Formed To Assist Youths

A Ladies' Auxiliary was formed at Anderson on February 13th for the purpose of assisting Scout and Cub through the group committee.

The second annual invitational tournament at Westlock was held on Saturday with the trophy going to the team with the trophy.

In the opening round, Andrew won from Verulam by default; and Salisbury edged Jasper Place Hotel. Lamont defeated Concordia while Verulam was soundly beaten by Westlock.

Second round games saw Salisbury with all over Andrew and Westlock did the same to the Lamont team.

Successful Welding School Completed at Josephburg

A welding class of a week's duration has just been successfully completed at the St. Thomas Church in Josephburg.

The class was a series of rural welding and electrical work. The class was a series of rural welding and electrical work.

Oldtimers Flex Jaw Muscles In Preparation for Game(?)

Boatle lines have been drawn for annual open-air strategy battle veterans from the north side of the river to the south side of the river. The mayhem will take place on Saturday, February 16, when the local rank will open the Oldtimers from the north side to the south side of the river. The mayhem will take place on Saturday, February 16, when the local rank will open the Oldtimers from the north side to the south side of the river.

Partridge Hit News

The wheat crop sponsored by the PWMA last Saturday evening in the hall was quite successful. The games were played with prizes going to Mrs. Alan Duncan, ladies' first, Mrs. Arnold Williams, consolation, George Chabot, consolation, first, Mrs. Morgan, consolation.

The PWMA and PWMA met for their first meeting at the home of Mrs. and Mrs. Chabot. The meeting was a success and the PWMA was very successful in their first meeting.

Cadets Plan Open House

SECO Cadets, the local Sea Cadets Corps, will have an open house on Thursday, February 14, in the Community Hall. The program will get underway promptly at 7:30 and will close at 9:30 p.m.

An interesting program has been planned to demonstrate to the public the complete training program of the corps. There will be various demonstrations as well as an exhibit display of equipment. The event is free and open to all.

CURIOSITY CAN BE FATAL

Every child is born curious. Most who are unteachable desire to touch and taste everything within their reach. You must keep harmful objects away from them.

No medicine is necessary if you teach a small child to keep his hands off things. A child's curiosity is his greatest asset. You can't suppress it.

PARRY'S PHARMACY LTD. FORT SASKATCHEWAN, ALTA. 1000 BROADVIEW, COR. FORT AND 100TH ST. PHONE 543-2101. Copyright 1962, P.D. 1-1-62

Third part will be staged on Sunday afternoon, February 17, at 1:30 p.m. Occupied visitors are invited to the South to meet veterans playing in local minor leagues for whose benefit the whole enterprise is being staged.

On the program will be a figure skating display and the Squids, one 1/4 will play between the two and two periods. Miles (50-50) will perform between the two and two periods.

The following conventions were announced by a board of directors in a local coffee house. One campaign to South City. "What position do you hold on the Outlaw Club, Jack."

From the "other side of the train," "Business should tell the people what they're playing today — not just poker."

Another in the series of card parties will be held on March 16 instead of March 20 as previously announced.

The PWMA and PWMA met for their first meeting at the home of Mrs. and Mrs. Chabot. The meeting was a success and the PWMA was very successful in their first meeting.

The Sports Parade

The standings haven't changed for the top three teams in the boys' division of the North Central Basketball League. The scramble will continue for the last play-off berth and the right to enter the final tournament to be held in St. Albert, early in March. St. John's and Westlock are currently fighting it out and each has one more left.

In the girls' division, Fort Saskatchewan has top spot all but wipped up with a 4 and 0 record. All other teams except Okanogan and St. Albert are still in the running for a play-off spot, all having

PONTIAC lifts you UP and away from the everyday!

The new Pontiacs took to the road and people were quick to make comparisons. Their conclusion? Pontiac had the year's most winning style. Today, it still stands alone as the most beautiful car in the popular price field. Inside, there's the unusual charm of spacious seats and rich new appointments. Power's supplied by a standard 30 or V-8. See Pontiac's 33 models soon at your Pontiac dealer's.

Models illustrated, say to bottom: Pontiacque Sport Coupe, Pontiacque 4-door Safari, Laurentian 4-door Sedan.

Wheelbase only, optional at extra cost.

Wiper is directed through intake coil into rocker panel to flush out corrosive elements. All floor area panel interior, reducing rust.

Pontiac body has a rust-resistant Zinc-O-Bonding process for Winter protection. The muffler is aluminum to extend usable life.

Powerlocks* rear axle increases traction on ice and snow. When one wheel slips, power is transferred to the other.

*1974 cost option

Refinery Rinks Win SGM Inter-Company Bonspiel

The past night's rink competition between the eight refinery at Lynn Lake, 300 miles north of Fort Saskatchewan. Two rinks are chosen from each point for departmental playdowns. A rink from each of the eight refineries met at the Lynn Lake rink on Friday night and the game was played at each point and the final event determined the winner of the E. L. Brown Trophy, presented by the president of Muskrat Division.

During the past weekend a rink played by Bob Evans, head rink

play, scored the top position in the SGM. The rink was captained by Roy McPherson who passed Tuesday after a lengthy illness.

A veteran of war-time service in the RCMP, Mr. McPherson returned to Edmonton after World War II and came to Fort Saskatchewan about 10 years ago to work as a bushier at the Red and White Store near Powell's Point. He was a member of the Canadian Legion and for a number of years an officer in the local Sea Cadet Corps.

He is survived by his wife Hazel and four children: Danny, 14, a nurse; and David, 12, a student at the local high school; and two sons, 10 and 8, who are also students at the local high school.

Roy McPherson Passes Tuesday

Funeral services will be held at 2:00 p.m. for Roy McPherson, who passed away Tuesday after a lengthy illness.

A veteran of war-time service in the RCMP, Mr. McPherson returned to Edmonton after World War II and came to Fort Saskatchewan about 10 years ago to work as a bushier at the Red and White Store near Powell's Point. He was a member of the Canadian Legion and for a number of years an officer in the local Sea Cadet Corps.

He is survived by his wife Hazel and four children: Danny, 14, a nurse; and David, 12, a student at the local high school; and two sons, 10 and 8, who are also students at the local high school.

Fort Lions Hold 14th Annual Charter Night

The 14th annual Charter Night of the Fort Saskatchewan Lions Club was held last Saturday night in the Fort Saskatchewan Community hall.

Virgil Mahanah, district governor of Vegreville, was guest speaker and gave a thought-provoking address on the underprivileged of the world and the responsibility of Lions Club members to endeavor to better their lives. He was presented with a gift in appreciation and his wife received a bouquet of flowers.

John Ferguson was presented with the past-president's plaque in appreciation of services rendered as president of the club last year, and Mrs. Ferguson was presented with a bouquet of flowers.

Over 150 people attended the charter night and club representatives: Ryley, Teddie, Verell, Chapman, Linnell, Andrew, Edmonson, South Edmonson, Grande Prairie, St. Albert, Lacombe, Wainwright, Sherrin Park and Wainwright. Guests of honor included: Virgil Mahanah, district governor of Vegreville; Hugh Little, deputy dis-

trict governor of Wainwright; Fred Erylan, deputy district governor of Sherrin Park; Bruce Ashby, deputy district governor of Edmonton; Ed Rephr, vice chairman, Telford; "Red" Norstrom, vice chairman of Wainwright; Benar Bain, vice chairman, of Edmonton; A. O. Kirsby, past president, Edmonton; Paul Chavert, vice chairman, St. Albert; Ed Kirsby, past president, Lacombe; Rudolph Hapert, past president, Fort Saskatchewan; and Brian Holmberg, chairman, District 216 public relations committee.

Busy Bees Meet At Brookville

Brookville Busy Bees had their annual meeting on February 23 at the home of Mrs. Jean Kitch. The meeting decided to make a donation to the women's club.

Ladies who had office last year were requested, and presented to retain their positions for another year. They are: Mrs. Betty Dravitsky, president; Mrs. Bess Harvey, secretary; Mrs. Jean Sped, treasurer; Mrs. Jean Olson, flower fund.

Though quilt blocks were given to the ladies to embrace for the quilts. The beige colored blocks are to be finished and returned at the March meeting at Mrs. Jean P. Harvey's home.

Ypres Valley and Brookville Ladies are holding a shower for Lance Penhag on Tuesday afternoon, Feb. 26 in Brookville School.

Congratulations to Miss Eunice Penhag and Mr. Rene Mado who are being married on March 26 in Fort Saskatchewan.

Service Planned

Anglian Church Girls will hold their World Day of Prayer service in conjunction with other girls groups, on Friday, March 1, at 4:30 p.m. in the Anglian Church. All girls welcome.

FUNERAL SERVICES For J. R. Wallis

Funeral services were held Monday at 1:30 p.m. at St. George's Anglican Church, for Mr. John Ray Wallis, 67, of Port Saskatchewan.

Mr. Wallis lived in the Parkview East district until last when he moved to the Port with his wife and family, where he resided until his death. He served in World War I and was a member of the Port Saskatchewan Legion.

In November of 1959 he married Mary Ellen Buchanan of Port Saskatchewan. He is survived by his wife, two sons, one daughter and six grandchildren.

Sorenson Launches Election Campaign

A Sorenson, Social Credit candidate for Edmonton-Strathcona constituency is the first candidate to be officially nominated to contest an Edmonton riding. His papers were filed with Vernon Johnson, Returning Officer for Edmonton-Strathcona at 12:30 February 21st.

Mr. Sorenson launched his election campaign at 7:00 p.m. Saturday, February 23rd at a temporary headquarters, 1015-10th Avenue S.W., Edmonton.

CONGRATULATIONS

Congratulations are extended to Mr. and Mrs. David H. Crumson on the birth of a son, a new brother for Shelby Ann.

Following the turkey banquet served by St. George's W.A. on an evening of dancing was enjoyed.

Last year we added a new Volkswagen.

Now we've added a bit more.

If you're waiting for a bigger Volkswagen, here's the VW 1500 Station Wagon. With all seats in position, it's a five passenger car. Fold down the back seat and you get a cargo area of 42 cubic feet that will take 705 lbs. And there's more luggage space under the front hood. (Capacity 125 lbs.) One more convenient thing this station wagon has no tailgate. The VW's rear door lifts up out of the way.

The engine is in the back to give better cooling. And it's cooked with oil instead of water to eliminate coolant system problems. The Volkswagen has no radiator to freeze in winter or boil in summer.

The cruising speed and the top speed of the VW 1500 are the same, 80 miles per hour, yet town and country gas consumption averages 33 miles per gallon.

Standard equipment on the VW 1500 Station Wagon includes bucket seats that adjust to 49 different positions; floor mounted gear shift; fully synchronized gear box; a clock; a side view mirror; windshield wipers; padded dashboard and sun visors; three oil trays; four air vents.

If you've been waiting for a bigger Volkswagen (for a little more money) it's at your nearest VW showroom ready for a test drive. And be prepared for one more surprise. This station wagon holds the road like a sports car.

PLAN MUSIC AWARDS DAY

The music teachers in Port Brabant have met with the advisory committee to plan the 1963 Music Awards Day. Arrangements have been made to hold the awards ceremony April 26. Mr. O. E. O'Brien, of the department of education will preside.

The competition has grown to such an extent that a change is being made for the awards. This year, a registration fee will be required from each contestant. There will be 10 classes: 1. and 2. 3. 4. 5. 6. 7. 8. 9. 10. The fees have been most generous in their decision for awards. The committee feels these awards should be used for more and not administrative purposes, hence the fee.

did the award festival the class chair

Magee Rink Sweeps 'Spie!

One Magee with 2 Clerk. R. Magee and E. Clerk took all at the recent Calgary 'Spie', winning the first and second prizes, and also the Grand Aggregate.

Among other Port Brabant taking part in the Calgary 'Spie' were C. Darling's rink who captured third prize in the class event, and B. Warner playing second for the B. O'Brien rink who were successful in winning the seventh event (2nd).

HANDICRAFTS MEETING

The Port Brabant Handicraft Club will hold its next meeting on Tuesday, March 12 at 8:30 p.m. in the home economics room of the Port High School.

The activities for this meeting will pertain to the making of contraptions for the spring tea.

UOW MEETING
Monday, March 11 at 9 p.m. in the United Church, Inglewood.

The Sports Parade

The regular season is over for the Fort Saskatchewan High School boys' basketball team. They were defeated in the final game of the play-off, held at St. Albert on Saturday by the St. Anthony's team. The loss eliminated them from further competition in the provincial play-off.

The Fort girls continued their winning ways by defeating Barrhead girls in their final game of the play-off.

In the opening game of the boys' play, Fort Saskatchewan easily defeated the Wainwright squad 65-38. Orrville Pabst scored the Fort with 31 points.

The following game saw St. Anthony's defeat Barrhead 37-31. The Saints held a slim 24-20 three-quarter lead but outscored Barrhead in the final quarter 19-9.

In the final game, St. Anthony's came back after trailing 26-22 at the two-quarter mark to capture the Fort in the final quarter 10-4 and with the game 36-30.

Deliberate play by the Saints was the key factor in the win — Dave Ouellet only scored 2 points but was very effective in keeping the Fort from hitting the long shots. Ouellet scored with 14 and Ben Jones with 10 were the big scorers for the Saints. Orrville Pabst scored 17 points in a losing cause with Jim Pabst hitting for 11. Each team was tagged with 9 personal fouls. The college squad held a 19-7 first quarter lead and a 30-15 half-time lead before falling behind in the third.

Coach Pabst's squad now travels to Calgary to compete in the provincial finals on March 28 which are slated to be held in the University of Alberta arena. The more all the teams from the North Central will be behind the Saints all the way in the opening game of the provincial. The Fort trailed until the fourth quarter and then exploded.

Summary Committee Meeting

The regular meeting of the subcommittee of the County of Stikine was held in the council chambers, on March 12 and 14.

The proposed school Commission for 1963 was presented and reviewed. The committee was advised that the budget would have to be revised to reflect the Department of Education's recommendation that the budget be submitted to the County Council and the Department of Education for approval.

The recommendations of the Commission were presented to the 1963-64 teachers' salary survey was discussed. It was proposed to increase the salary schedule in various covering teachers with three or more years of teaching. It was noted that some increases had been recommended in some of the salary

recommendations.

FUA Convention

At Clover Bar

Mrs. S. A. Bunn, Convention of the sub-committee of the County of Stikine was held at Clover Bar Community Centre on Thursday afternoon. Special guests at the convention were Norman Plath, District 6 director, and Henry Young.

S. O. Bunn was returned as sub-director, and Henry Young as secretary. District 6 convention will be held on June 19th at Vegreville.

Clover Bar PWFA local served refreshments.

Allen's Apple Juice and Libby's Pineapple Juice were served as refreshments.

Mrs. S. A. Bunn, who was elected as chairman of the district committee, is preparing dinner.

A.G.T. Representative Speaker

Mr. Ken Wright, of Alberta Court Trenchmont, was guest speaker at the regular meeting of the Chamber of Commerce held Thursday in the Grand Hotel. There was a good attendance of members to hear Mr. Wright give some facts on direct dialing between the Fort and Edmonton.

In his opening remarks, he gave some of the developments leading to direct dialing and outlined the four main requisites necessary, namely, an adequate numbering plan, transmission facilities, automatic switching, and an automatic and central accounting department. He went on to say that the condition is divided into areas, each having a three-digit code number; this is based on the number of telephone users in the area.

One of the reasons given for changing to all digits instead of the prefix letters was that later confusion was encountered between the letters "O" and "0" and the numbers. The figure one and the letter "T". He also said that by using all numbers it is possible to get 800 exchanges instead of 840, which should last for some time to come. Microwave channels, each having a three-digit code number, is based on the number of telephone users in the area.

At the moment, Mr. Wright added only one station, calls are available on long distance dialing but they are working on a method to introduce person-to-person calls. It is hoped for direct long distance dialing to Edmonton by 1968.

Added regarding direct dialing between the Fort and Edmonton he said that only seven within a 15-mile radius are serviced, use this enough interest to show the commission would be favorable in extending that. He suggested that arrangements should be made for a petition to be circulated in towns to persons interested in direct dialing. He mentioned that a fairly substantial amount is spent in toll charges between the Fort and Edmonton and felt that the commission would give the matter consideration if they felt it warranted. If the commission was favorable it would take about six months to install the equipment necessary for direct dialing, he said.

President William O'Connor thanked Mr. Wright for his talk and a motion was passed that a petition be circulated as soon as possible.

Mayor Curry was present and reported that after announcing that the Fort has been designated under week he arrived at the conference to the town.

Weekly Livestock Report

Weekly report from the Edmonton Stockyards for the week ending March 22.

Receipts for the week: cattle 847, calves 879, hogs 2187 and sheep 10.

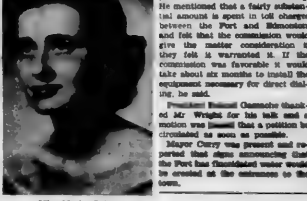

Summary

Number steers already with those over 1,000 lbs. still discounted last. Number heifers and cows the highest. Year calves and heifer calves, all placements generally steady. Grade A head kept the lower Lamb steady.

This week's cattle trade at the Edmonton Public Stockyards was active, buyers being up to 20-25¢ and sold the better on week's basis. There was a somewhat demand for all classes of beef cattle. The yearlings and heifers had a steady demand at generally steady prices.

WEEKLY CLOSING SALES

Steers: Choice steers 20-25¢, good 18-20¢, medium 16-18¢, common 14-16¢, cull 12-14¢. Choice heifers 18-20¢, good 16-18¢, medium 14-16¢, common 12-14¢, cull 10-12¢. Choice calves 18-20¢, good 16-18¢, medium 14-16¢, common 12-14¢, cull 10-12¢. Choice lambs 18-20¢, good 16-18¢, medium 14-16¢, common 12-14¢, cull 10-12¢.

Miss Albert Gohart

Engagement Announced

Mr. and Mrs. Philip Gohart, 781 Turner Street, Edmonton, Pennsylvania, have announced the engagement of their daughter Maria to the Rev. Norman R. Probst, son of Mr. and Mrs. Leifur Probst, of Brudenell.

Miss Gohart, a graduate of Cedar Crest College, is a pianist and organist and teaches music primarily. She is an associate in the Associated Guild of Organists.

Mr. Probst is a graduate of Moravian College and Moravian Theological Seminary. He is pastor of the Palmyra Moravian Church, Palmyra, New Jersey.

Ivory Coast Missionary to Speak at Lamont Services

Ivory Coast missionary, Rev. J. P. O. O. will be at the Alhambra Theatre in Lamont for the 1963 Missionary Convention on Thursday, Friday and Saturday morning, April 4, 5 and 6. Work night services at 8 p.m. Sunday school at 10 a.m. and services at 11 a.m.

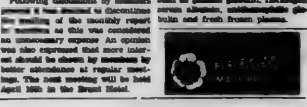

Rev. O. O. missionary from Ivory Coast, has taken the Christian people to documents of African tribesmen who use a variety of methods to cure their diseases and evil spirits. He will speak of the work he and Mrs. O. O. have been doing in this part of the world.

During their first term they lived at Dambou where they had a mission station and started a school. During their most recent term they were stationed at Dambou, where they are in the Central Bible School and school.

Special feature of the services will be the showing of pictures and films of the work of the missionaries in Africa. They have been in building projects and interested in many ways to thousands of sick persons needing physical help and education.

Special feature of the services will be the showing of pictures and films of the work of the missionaries in Africa. They have been in building projects and interested in many ways to thousands of sick persons needing physical help and education.

In addition to white blood, the Canadian Red Cross blood transfusion service supplies hospitals in Canada with vital blood products such as plasma, globulin, fibrinogen, serum albumin, and whole blood, and fresh from plasma.

THE BEST OF BOTH WORLDS—FREE ENTERPRISE ELECTRICITY!

It seems hard to believe that anyone would want to understand the free enterprise spirit that built Alberta. Yet there is a small minority who wish to turn our vital electric utilities into a government monopoly.

It is claimed that they are monopolies of necessity — and might as well be government monopolies! Nothing could be more misleading.

Right now, Alberta has the best of two worlds — free enterprise initiative, plus judicious control by the present government. The operation of investor-owned utilities is closely supervised by government bodies, who regulate such matters as consumer rates and overall planning. Uncontrolled power monopolies simply don't exist.

Government-owned power would be such an uncontrolled monopoly. It would be called "public power", but the present right of appeal to the Public Utilities Board would be lost.

A few people might think this better than the present system of free enterprise initiative. Justified government control. These might ... but do you?

Government-owned power would be such an uncontrolled monopoly. It would be called "public power", but the present right of appeal to the Public Utilities Board would be lost.

CALGARY POWER LTD.
AN INDEPENDENT, PUBLICLY OWNED UTILITY SERVICE ALBERTA

Weekly Livestock Report

Weekly report from the Edmonton Livestock Market for the week ending the 29th of March.

Receipts this week: cattle 3879, calves 485, hogs 3977, and sheep 313.

CATTLE
Cattle butcher about the higher. Butcher over the higher, fresh and feeder calves steady. Grade A head calves were up to the higher but close to steady Thursday with last week. This week's cattle trade at the Edmonton Public Livestock Market consisted mainly of replacements. The relatively light receipts of butcher calves are chosen kinds the higher. Good and choice butcher before calves were very light, with the few calves about the higher. Cows were scarce and sold the higher. Year calves again were scarce in the yards with hardly enough to establish reliable quotations. This week was up to \$4.50 and ranging in price from \$2.50 to \$4.50 depending on condition and weight. Steers were about steady. Again there was a local demand for all kinds of adult and feeder steers. A large shipment of adult and feeder steers and heifers moved to the Calgary area. All classes of replacements sold steady.

BULL CALVES
Butcher calves: Cattle were \$1.50 to \$2.50, good \$2.50 to \$3.50, medium \$3.50 to \$4.50, medium \$4.50 to \$5.50, common \$5.50 to \$6.50, good \$6.50 to \$7.50, medium \$7.50 to \$8.50, common \$8.50 to \$9.50, good \$9.50 to \$10.50, medium \$10.50 to \$11.50, common \$11.50 to \$12.50, good \$12.50 to \$13.50, medium \$13.50 to \$14.50, common \$14.50 to \$15.50, good \$15.50 to \$16.50, medium \$16.50 to \$17.50, common \$17.50 to \$18.50, good \$18.50 to \$19.50, medium \$19.50 to \$20.50, common \$20.50 to \$21.50, good \$21.50 to \$22.50, medium \$22.50 to \$23.50, common \$23.50 to \$24.50, good \$24.50 to \$25.50, medium \$25.50 to \$26.50, common \$26.50 to \$27.50, good \$27.50 to \$28.50, medium \$28.50 to \$29.50, common \$29.50 to \$30.50, good \$30.50 to \$31.50, medium \$31.50 to \$32.50, common \$32.50 to \$33.50, good \$33.50 to \$34.50, medium \$34.50 to \$35.50, common \$35.50 to \$36.50, good \$36.50 to \$37.50, medium \$37.50 to \$38.50, common \$38.50 to \$39.50, good \$39.50 to \$40.50, medium \$40.50 to \$41.50, common \$41.50 to \$42.50, good \$42.50 to \$43.50, medium \$43.50 to \$44.50, common \$44.50 to \$45.50, good \$45.50 to \$46.50, medium \$46.50 to \$47.50, common \$47.50 to \$48.50, good \$48.50 to \$49.50, medium \$49.50 to \$50.50, common \$50.50 to \$51.50, good \$51.50 to \$52.50, medium \$52.50 to \$53.50, common \$53.50 to \$54.50, good \$54.50 to \$55.50, medium \$55.50 to \$56.50, common \$56.50 to \$57.50, good \$57.50 to \$58.50, medium \$58.50 to \$59.50, common \$59.50 to \$60.50, good \$60.50 to \$61.50, medium \$61.50 to \$62.50, common \$62.50 to \$63.50, good \$63.50 to \$64.50, medium \$64.50 to \$65.50, common \$65.50 to \$66.50, good \$66.50 to \$67.50, medium \$67.50 to \$68.50, common \$68.50 to \$69.50, good \$69.50 to \$70.50, medium \$70.50 to \$71.50, common \$71.50 to \$72.50, good \$72.50 to \$73.50, medium \$73.50 to \$74.50, common \$74.50 to \$75.50, good \$75.50 to \$76.50, medium \$76.50 to \$77.50, common \$77.50 to \$78.50, good \$78.50 to \$79.50, medium \$79.50 to \$80.50, common \$80.50 to \$81.50, good \$81.50 to \$82.50, medium \$82.50 to \$83.50, common \$83.50 to \$84.50, good \$84.50 to \$85.50, medium \$85.50 to \$86.50, common \$86.50 to \$87.50, good \$87.50 to \$88.50, medium \$88.50 to \$89.50, common \$89.50 to \$90.50, good \$90.50 to \$91.50, medium \$91.50 to \$92.50, common \$92.50 to \$93.50, good \$93.50 to \$94.50, medium \$94.50 to \$95.50, common \$95.50 to \$96.50, good \$96.50 to \$97.50, medium \$97.50 to \$98.50, common \$98.50 to \$99.50, good \$99.50 to \$100.50, medium \$100.50 to \$101.50, common \$101.50 to \$102.50, good \$102.50 to \$103.50, medium \$103.50 to \$104.50, common \$104.50 to \$105.50, good \$105.50 to \$106.50, medium \$106.50 to \$107.50, common \$107.50 to \$108.50, good \$108.50 to \$109.50, medium \$109.50 to \$110.50, common \$110.50 to \$111.50, good \$111.50 to \$112.50, medium \$112.50 to \$113.50, common \$113.50 to \$114.50, good \$114.50 to \$115.50, medium \$115.50 to \$116.50, common \$116.50 to \$117.50, good \$117.50 to \$118.50, medium \$118.50 to \$119.50, common \$119.50 to \$120.50, good \$120.50 to \$121.50, medium \$121.50 to \$122.50, common \$122.50 to \$123.50, good \$123.50 to \$124.50, medium \$124.50 to \$125.50, common \$125.50 to \$126.50, good \$126.50 to \$127.50, medium \$127.50 to \$128.50, common \$128.50 to \$129.50, good \$129.50 to \$130.50, medium \$130.50 to \$131.50, common \$131.50 to \$132.50, good \$132.50 to \$133.50, medium \$133.50 to \$134.50, common \$134.50 to \$135.50, good \$135.50 to \$136.50, medium \$136.50 to \$137.50, common \$137.50 to \$138.50, good \$138.50 to \$139.50, medium \$139.50 to \$140.50, common \$140.50 to \$141.50, good \$141.50 to \$142.50, medium \$142.50 to \$143.50, common \$143.50 to \$144.50, good \$144.50 to \$145.50, medium \$145.50 to \$146.50, common \$146.50 to \$147.50, good \$147.50 to \$148.50, medium \$148.50 to \$149.50, common \$149.50 to \$150.50, good \$150.50 to \$151.50, medium \$151.50 to \$152.50, common \$152.50 to \$153.50, good \$153.50 to \$154.50, medium \$154.50 to \$155.50, common \$155.50 to \$156.50, good \$156.50 to \$157.50, medium \$157.50 to \$158.50, common \$158.50 to \$159.50, good \$159.50 to \$160.50, medium \$160.50 to \$161.50, common \$161.50 to Announcement

Cliff MacLeod and myself are pleased to announce that MR. PRYCE ALDERSON has purchased an interest in our firm. Pryce has had a wide range of experience in the farm equipment business. During the past 9 years he has been Service Supervisor for the International Harvester Co. This experience, combined with his direct farm background will immensely improve our ability to serve our customers. I fully intend to remain active in the new company.

Effective April 1st, we are changing our name from Fraser Equipment Ltd. to...

Alderson MacLeod Equipment Ltd.

Cliff and myself wish to thank everyone for their support over the past 14 years and are looking forward to the future with confidence.

JOE FRASER

OTHERS FOR OVERSEAS

Prime interest in the overseas market for persons operating industry is needed for a consultant job, says The Financial Post. Specialists have expressed in their work with donor-sticklers to the point where shape-up audit operators and spot used operators to Europe is being considered as a definite possibility. Publisher's office says the day will come when European demands for such products will be met from Prince Edward Island.

160 ACRES
Five power, water, barn for 160 acres; chicken house, ideal cattle farm as it is over 100 acres. 10000 bush of corn or 10000 bush of wheat. \$10000 cash or \$10000 with \$1000 down.

FOLLOWER OR LEADER?

Most Albertans would rather take the lead than "follow the flock!"

Other provinces which have adopted government power monopolies have done so because of conditions which do not exist in Alberta. Those who want to see the same thing happen in Alberta say, "They've done it. So should we."

Does this political argument make sense? Does it mean we should "follow the flock" in other ways too? Because we have no provincial sales tax in Alberta, does this mean we should imitate one?

Overseas, some of Canada's important trade competitors have realized that government-owned electricity is a costly mistake, and are restoring free enterprise utilities. In the United States, with the world's highest standard of living, 60% of all electricity is supplied by investor-owned companies.

Let's take the lead in Canada, and keep free enterprise free!

PARTRIDGE HILL DISTRICT NEWS

Mr. and Mrs. Norman Partridge of Partridge Hill, Sask., visited on Sunday at the home of Mrs. Partridge and Mr. Partridge.

We are glad to say Mr. Partridge has been home after taking treatment there for a few days.

Mr. and Mrs. Arthur Korte had as their guests on Sunday, Mr. and Mrs. Darryl Adams of C.M.S.O. Mr. Adams is a son of the late Dr. Adams, veterinary surgeon at the Port. He arrived this morning from the Port.

Compliments to Mr. and Mrs. Cery Thompson on the birth of a son, April 1, 1963.

Ham Bingo Friday, April 5

A very enjoyable time was had at the home of Mr. and Mrs. Arthur Korte last Sunday evening when the Ham Bingo of the Port was held.

During the evening a banquet of refreshments was presented to the guests and a lovely time was had. The prize was a gift from the Port. The prize was a gift from the Port.

Mr. and Mrs. Korte and Mr. and Mrs. Adams were the guests of the evening.

The 30-C young people had their meeting party at the home of Mr. and Mrs. Korte on Saturday night.

We were glad to learn that Cery Adams, one of our home district boys, has been elected to the team contest at Port Saskatchewan. Congratulations, Cery!

Summary of Regular Meeting of Council

By John Fisher

Council approved a recommendation of the first department that Mr. M. Martin assist the Port Trustee Pump School to Varsity.

A delegation from the Roman Catholic Separate School Board attended the meeting in regard to the purchase of land.

Council was also asked if it were possible to have this matter given immediate consideration.

Council seemed in agreement to this request, providing that arrangements regarding road, lawn, and utilities were satisfactory.

Council seemed in agreement to this request, providing that arrangements regarding road, lawn, and utilities were satisfactory.

Clubhouse Opening

The Port Saskatchewan Club and Country Club will open the clubhouse to members on April 15th.

Mr. Brown has been retained as the resident manager and will operate the existing and other club facilities.

Many activities have been planned for the season and the club encourages all members to attend.

Members will receive a club letter in the mail this week listing some of the activities planned and it is hoped that all members will support these undertakings.

Weekly Livestock Report

Weekly report from the Edmonton Stockyards for the week ending April 10. Receipts for the week were cattle 2880, calves 219, hogs 2238 and sheep 67.

SUMMARY

Good and choice butcher steers 25¢ to 30¢ higher. Good and choice heifers 30¢ higher. Butcher cows and bulls steady to 30¢ lower. Steers and heifers steady to 30¢ lower. Grade A local hogs 2.50 lower.

This week's cattle trade at the Edmonton Public Stockyards indicated a higher proportion of good and choice butcher steers compared to last week. Steers amounted to about 25 percent of the total. There was a ready demand with sales averaging 25¢ to 30¢ higher and topping at 27.00 for the old choice steer. Buyers still showed a preference for lighter weights under 1600 lbs. for local demand, although at the weeks close the weight discrimination appeared to be less in evidence. Choice butcher heifers topped at 21.00. Cows although low in numbers, sold steady to the lower with few strictly good kinds available. Bulls were generally easier to the lower on the week's trading. All classes of calves were about steady with most many choice well offered. Ready outlets continue to be available for stock and feeder steers and heifers at lowest prices.

BEVER VARIETY SALES

One-quarter cattle. Choice steers 21-25 to 27.75, good 19.00 to 21.00, medium 18.00 to 19.50. Choice heifers 20.50 to 21.00, medium to good 20.00 to 20.50, common 17.00 to 18.50. Good cows 18.00 to 17.00, medium 16.00 to 16.50, common and extras 15.00 to 16.00. Good bulls 11.00 to 12.00. Cattle 11.00 to 12.00. Background. Good feeder steers weigh up to 800 lbs. 10.00 to 12.00, good yearling steers and heifers 20.00 to 22.00, common to medium feeder steers 17.00 to 18.00. Yearling stock heifers 14.00 to 16.00. Stock steer calves 22.00 to 24.00. Cattle. Choice veal 22.00 to 24.00, good 24.00 to 25.00, common 20.00 to 22.00.

Hogs and Sheep. Market hogs took the sharpest price decline a year the week ending October 12, 1962. Grade A hogs have closed 2.50 lower than last Thursday, with Friday, April 5 price at 22.00 dressed weight. This price compares to 24.00 last year at this time. Hog marketing at local places are still down, however, and it is the United States market which has tended to influence our price the last week. Live prices there are 28-30 to 32.00 per cwt. and reports indicate considerable movement of dressed pork across the time late Canada.

Interest in breeding stock showed up keen when the Edmonton Million sale averaged 16.00 per head higher for bred cows and 10.00 per head higher for heifers compared to last year.

Butcher sales at the Stockyards were 1.00 to 1.50 lower under light weights. Steers brought 12.00 to 14.00 and lights 10.00 to 12.00. About 600 feeder hogs sold 5.00 lower from 35.00 to 37.50 per cwt on show 70 to 140 lbs and 18.00 to 14.00 each for those weighing 60 to 80 lbs.

Kazand Went Ash Got Fast Runaway

"...are you going to be my mother?"

This is something that David and hundreds of other little kids have dream of having — parents of their very own. Many part white, part Indian children are orphans or come from a broken family but, like David, they are bright, intelligent and very lovable. These children differ only in one respect from other children; circumstance has taken them away from their natural homes.

What these children need, and can't get individually from a government agency, is the security of a home and the love of a mother and father. Make room in your heart and in your home for one or more "Davids". Given loads of love, the proper environment and the chance to please, your little David will make you proud parents indeed, in your community.

A FEW THINGS TO KNOW ABOUT ADOPTING

It is not necessary you be a house owner. Age limits are not as rigid as you think. Parents do not have to be Canadian born citizens.

Children can be adopted in almost any country. Parents are not required to have father-son experience.

Adoption agencies do not take a long time. Perfect good health by parents is not a requisite.

\$4,000 per year income is not the least minimum to adopt.

Social traits of a child's parents are not inherited.

'You can adopt other children even when you have a family. More than one child may be adopted.

Apply today at any one of the 25 Regional Offices of the Department of Public Welfare. There is one located in your district at Edmonton, Calgary, Lethbridge, Medicine Hat, Red Deer, Athabasca, Barrhead, Bonnyville, Drumheller, Edson, Grande Prairie, High Prairie, Lac la Poudre, Peace River, Pincher Creek, Stettin, Vegreville, St. Paul, Vermilion, Wetaskiwin, Weyburn, Cochrane, Smoky Lake, Wainwright and Oke.

Hog Premium Returns

Canada's hog producers will receive an estimated \$2,500,000 in extra income for the year beginning April 1st. That's the date the federal government's premium on Grade A hogs began to run. The premium was reduced to \$1 per hundred pounds from \$1.50 in 1962. The premium was reduced to \$1 per hundred pounds from \$1.50 in 1962. The premium was reduced to \$1 per hundred pounds from \$1.50 in 1962.

With early plantings, most time lost from planting to emergence. Dr. Churley says. With late plantings, the temperature of the soil drops and the seedlings are more susceptible to frost damage.

"That seed temperature has an effect on germination and seedling growth is undoubted, and it is this aspect that Dr. Churley is investigating. He found seedlings of wheat planted in 1962, the first on April 10th and the last on May 10th. The wheat planted on May 10th did not reach the same stage of growth as the wheat planted on April 10th.

Thinning a Potato
Radical stands of early-emergent crops were largely offset by silencing.

of barley is not so similar to wheat. It is almost impossible to get every kernel during the process of cleaning. In the case of oats and barley, exceptionally good cleanings are necessary to remove this weed completely.

Mary Leiby says it is a waste to pay for seedling because it is healthy, free of all dangerous weed seeds and has good germinating ability.

POLITY ITEM
At one time continued cannibalism and feather-picking was a serious problem for those in charge of 20,000 laying birds in Ontario, England.

According to Dr. R. McMillan, Alberta's Poultry Commissioner, investigation of this unit showed that there were three times as many deaths in the top cages near the lights as there were in the middle and bottom tiers combined.

RECORDS
In the mountains, Dr. Churley says, it is a good rule for early springs in the Peace River region to delay wheat planting for 10 days after the soil is 60 degrees F.

TARYBUCKWHEAT
If you are buying corn crop and wheat in this spring, make sure it is free of tarybuckwheat, advises W. Leiby, Supervisor of Soils and Weed Control with the Alberta Department of Agriculture.

This tarybuckwheat weed is a "double villain" of crop production. In addition to competing with wheat for space and water, it is also a pest of the wheat crop.

According to Mr. Leiby, the wheat and grade of grain do not prevent any tarybuckwheat. Even one kernel will prevent the sample from being placed in a certified grade.

Because the seed stage and weight
